   a. An ordinance to amend Article 10 of the City of Mauldin Zoning Ordinance by establishing special standards and definitions for small box variety stores and like businesses and to establish the zoning districts for which they can locate

   This ordinance is coming from the Planning Commission. They held a public hearing on June 23, 2020. This ordinance includes a preamble section containing several “whereas” statements to provide context and findings that are the basis for the ordinance.
The ordinance defines a “small box variety store” similarly to other communities including Kansas City and New Orleans. The ordinance uses the term “small box variety store” over terms such as discount store or dollar store because it is more consistent with the definition provided. Although a typical square foot threshold of 15,000 is included in the definition, there is also a qualifying statement included which indicates that stores exceeding that threshold are not necessarily excluded from the definition.

The ordinance lists “small box variety stores” as a conditional use in the City’s commercial districts including CRD, C-1, and C-2. The main conditional standard that applies is a dispersal requirement that no small box variety store shall be located within one mile of any other small box variety store inside or outside the City limits of Mauldin.

Councilman Matney made a motion to send this item to Council with a recommendation of approval. Councilman Black seconded the motion and the vote was unanimous (3-0).

b. Building and Zoning Board of Appeals appointments
At its meeting on June 15, 2020, the City Council appointed volunteers to the Planning Commission and the Building and Zoning Board of Appeals. At that time, it was noted that the City had not yet received enough applications for the number of seats available on the Zoning Board of Appeals. As a result, there were still two open seats on the Zoning Board of Appeals after the June 15th City Council meeting.

Since that time, the City has received two new applications from volunteers interested in being appointed to the Building and Zoning Board of Appeals. The applicants include Scott Crosby and Brian Patton.

Councilman Black said there is nothing wrong with the two applicants but would like to keep advertising the positions. Councilman Matney asked if the Board could still have a quorum without the two positions being filled. Mr. Dyrhaug answered yes.

Councilman Black made a motion to leave this item in committee to see if there are any other applicants. Councilman Matney seconded the motion and the vote was unanimous (3-0).
7. Public Comment- None

8. Committee Concerns- None

9. Adjourn- Chairwoman Kuzniar adjoumed the meeting.

Respectfully Submitted,

REQUEST

The City of Mauldin has received a signed petition requesting the annexation of a tract of land pursuant to South Carolina Code of Laws Section 5-3-150. This petition includes approximately 0.45 acres owned by Access 100, LLC, and is located along Old Laurens Road.

The applicant has requested that this tract be zoned I-1, Industrial, upon annexation into the City of Mauldin. The applicant has already begun construction of the Access Point Business Park on 53 acres adjacent to this site. The applicant recently acquired this 0.45-acre tract to add to this existing project site.

HISTORY/BACKGROUND

This property is currently undeveloped. However, the adjacent 53-acre tract in the City of Mauldin is currently being developed for the Access Point Business Park. Phase 1 and Phase 2, which include a 156,000-square foot building and a 158,760-square foot building, respectively, are currently under way. Phase 3 will include a 284,580-square foot building.
UTILITIES AND SERVICES

All utilities are available including water and sewer. This tract is currently located in the Simpsonville Fire Service Area. This tract will be served by the Mauldin Fire Department upon annexation.

PLANNING AND ZONING

About the I-1 District

The I-1 district is established to provide for manufacturing, assembly, and warehousing activities. This district includes regulations and standards intended to protect neighboring land uses from potentially harmful noise, odor, smoke, dust, glare, stream pollution, or other objectionable effects.

Comprehensive Plan Analysis

The Future Land Use Map for this tract calls for an employment center consisting of service and industrial businesses. The I-1 zoning district supports this designation in the Comprehensive Plan.

These properties are surrounded by the following zoning and land uses:

TIMELINE

In July, 2020, staff received the signed petition for the annexation of this tract.

FISCAL IMPACT

The annexation of this tract is not expected to result in any fiscal impact to the City except as far as it aids the Access Point Business Park construction project. The Access Point Business Park will result in a net financial benefit to the City of Mauldin stemming from the collection of commercial property taxes and annual business license fees.

RECOMMENDATION

Forward this matter to City Council for consideration.
