- a. Review of City Ordinance Section 2-33- Councilwoman King said in looking at Greenville County's rules, they are as broad as ours. There are different definitions for extenuating circumstances. Her issue is that it is great that this is in place, but she thinks it is important for the officials to be present. It is hard to participate in meetings via Zoom. She would like the extenuating circumstances portion tightened up. Councilwoman King said special called meetings are different, but Council knows when regularly called meetings are scheduled. A vacation scheduled during a regular Council or Committee meeting should not be an extenuating circumstance.

This item was held in committee.

- b. FY21 Budget Amendment Ordinance- Mr. Madden said that throughout the year Council has approved various expenditures, projects, and grants. Staff has accumulated all items to present in one budget amendment. The dispatch console item discussed in the Public Safety Committee can be absorbed in the budget surplus. Staff recommendation is approval of this amendment.

Councilwoman King said the items listed will be funded by budget surplus. Ms. Abercrombie said the CARES Recovery Act money should reimburse the City for some of the items.

Motion: Councilwoman King made a motion to send this item to Council. Chairman Reynolds seconded the motion.

Vote: The vote was unanimous (2-0).

7. Public Comment- None
