How to Use this Budget Document

The Budget Book is designed to communicate the City's annual budget to the citizens of the City of Mauldin and any other interested parties. This budget document has been prepared to provide the public with concise and readable information about the City's annual fiscal plan for meeting the needs of the City's residents through excellent service delivery.

This document is divided into the following sections:

Inroduction
General Information
Form of Government
Fiscal Overview
Budget Summary
Revenues
Authorized Positions
Expenditures
Department Summaries
Long Term Financial Planning
Capital Improvement Program
Debt Obligation Summary
Appendices

Introduction
This section contains a reader's guide for this document, along with an overview of the City. The overview details the City's form of government, its leadership, its mission and vision statements, and provides a profile of the community.

Budget Overview
This section provides the budget transmittal letter from the City Administrator to the Mayor, City Council, and the public. Additionally, this section provides summary of the budget, along with a summary of the budget development and adoption process. This includes budgeting considerations and factors and the budget calendar.

Financial Structure, Policies and Schedules
This section provides the basis of budgeting, an overview of the City's fund structure, the City's financial policies, consolidated fund schedules, and an overview of the City's fund balances.

Revenues
This section provides an overview of each type of revenue collected by the City, along with details regarding the City's major revenue sources.

Authorized Positions

This section includes detailed information on the City Council authorized positions by City department and division.

Expenditures
This section includes a summary of all expenditures, along with detailed information on the expenditures by category and governmental fund.

Department Budget Summaries
This section provides: (1) a department profile (2) a summary of the department's goals and objectives, and (3) a summary of the department's expenditure plan for the fiscal year.

Capital Improvement Program (CIP)
This section provides an overview of the City's 10-Year Capital Improvement Plan (CIP), inclusive of the attendant funding sources.

Long-Range Financial Planning
This section provides an analysis of the City's demographic and economic data, along with 10-year forecasts of revenues and expenditures.

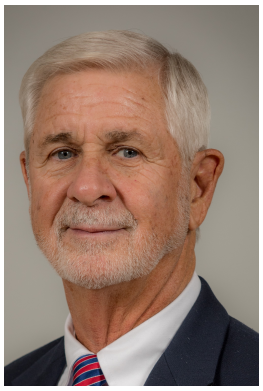

Debt Obligation Summary
This section provides summative and detailed information on the City's debt obligations.

Appendices
The Appendices include the Fiscal Year 2022-2023 Budget Ordinance, Glossary of Common Terms, the City's organizational structure, the City Council Goals and Objectives, and the Fund Balance Schedules.

Public engagement is always welcomed. If you have any questions after reviewing the information in this budget, please contact the City Administrator, Finance Director or a member of the City's Finance staff.

Form of Government

The City operates under the Council form of government in accordance with the “Home Rule Act.” This Act and its amendments define the basic structure of Municipal government, its authority to act and its obligations to the citizens. Under the Council form of government, the City has a seven-member elected Council, including the Mayor and establishes City departments, offices or agencies and prescribes the functions of the departments, offices and agencies. Also, the Council can hire an administrator to assist the Council. The City Council members are elected in the November general elections for four-year terms beginning on January 1 of the following year.

Mayor
Terry Merritt

Taft Matney, Seat

Carol King, Seat 2

Jason Kraeling, Seat 3

Michael Reynolds, Seat 4

Frank Allgood, Seat 5

Diane Kuzinar, Seat 6

Mission Statement

To provide the leadership and appropriate quality services needed to continue Mauldin as a highly desirable place to live and work

Vision Statement

Provide an environment that enhances the Quality of Life for all Citizens

City Executive Staff

Brandon Madden	City Administrator
Cindy Miller	Municipal Clerk
Holly Abercrombie	Finance Director
Matthew Fleahman	Public Works Director
Bart Cumalander	Recreation Director
David Dyrhaug	Business and Development Services Director

George Miller	Police Chief
Angela T. Martin	Clerk of Court/Administrative Judge
	Community Development Director
Mark Putnam	Human Resources Director

City Officials

Daniel Hughes	City Attorney
John Read, IV	Municipal Court Judge
Christopher Jackson	Court Judge
William McKibbon	Court Judge

Community Profile

Location

Mauldin has a tremendous asset in our prime Upstate location. Situated in the northwestern corner of South Carolina, Mauldin is an integral part of one of the nation's fastest-growing areas – the I-85 Corridor. With easy access to major interstates and in close proximity to Charlotte and Atlanta, Mauldin's location is ideal for business and industry. For traveling professionals, the Greenville-Spartanburg International Airport is conveniently located just ten minutes away.

Residents of Mauldin are in an ideal location to attend many of the cultural and sporting events that take place in the Upstate and make the area a fun, active, and interesting place to live.

History

Mauldin has a fascinating past. Mauldin was once controlled by Cherokee Indians. A village was located near where Mauldin is today. The Golden Strip Area of Greenville County was a favorite hunting ground of the Cherokee Indians before the first white surveyor came to the area in 1749. The Indians named the Enoree River, which means "River of Muscadines." Vast prairies were covered with heavy grasses and pea vines. The woods were open and populated with herds of deer, elk, buffalo and other wild animals such as bears. The streams were bordered by dense canebrakes and the Indians burnt the woods each year to destroy the undergrowth. The trees were large and far apart.

Nathaniel Austin was one of Mauldin's earliest settlers. In 1761, he settled between what are now Simpsonville and Mauldin. Austin was then made the high constable and by a grant from King George III, received a 15,000-acre piece of land.

One of the first known settlers of the actual Mauldin area was Benjamin Griffith. He owned almost 2,000 acres on Laurel Creek, near where the Knollwood Heights subdivision is today.
Every male who was able enlisted in the Confederate Army during the Civil War. They left behind wives and families to maintain the town. Unfortunately, the economy deteriorated when the men left. When the war was over, most of the men sold their land because they were unable to afford it, but stayed on as sharecroppers. Some tried to start over with whatever land they could afford.

Then, in 1868, the McDaniel family sold 105 acres of their land for a mere $500 to Willis William Butler. This land was along the banks of the Reedy River and Laurens Road. The development was named Butlers Corner. Later, the name was changed to Butlers Crossroads.

The name "Butler's Crossroads" was changed to "Mauldin" in honor of Lt. Governor William L. Mauldin, who was instrumental in building a railroad station here. In 1880, Riley and Addie Cox bought land on both sides of Laurens Road. Mauldin, who served as Lt. Governor from 1882-1890, was their friend. When Mrs. Cox learned officials planned to build a railroad that would bypass Butler's Crossroads, she asked Mauldin to change the route. He spoke to railway officials and the Coxes granted the land for a right-of-way and a depot for the new railway. Ms. Cox named the depot Mauldin in honor of her friend and the first train came through in 1886. Mr. Cox later served as the first postmaster of Mauldin. A descendant of the Cox family still works at City Hall. Mauldin received its first charter of incorporation December 24, 1890 by the General Assembly. The town was renamed Mauldin and reincorporated February 14, 1910. Mauldin farmers supplied cotton to Conestee Mills, which made cloth for the Ford Motor Company during WWI. After the war, the economy of Mauldin declined again. The dirt roads were in poor shape because of all of the automobile traffic.

When the residents learned that the Highway Department planned to bypass Mauldin with a road connecting Greenville to Laurens, they rallied against the new plan. They were able to get the Highway Department to change the route and Laurens Road was paved. Mauldin residents agreed to buy 26 electric stoves from the Southern Pacific Utilities Company (now Duke Power) in order to give the town electricity.

Cotton prices dropped and the Great Depression hit Mauldin's economy. Many of the farmers lost their land, homes, and equipment. Soon, like everywhere, business began to close. Mauldin became a ghost town. Nevertheless, Mauldin just could not be forgotten. As WWII began, the Donaldson Air Force Base was constructed. The new military base invigorated the economy again and more opportunities began to appear. Many women worked in the textile mills to support their families while their husbands, fathers, brothers, and sons were away at war.

The Iron-Rite was built, bringing industry to Mauldin. After it was built in 1951, more industries began to come also. Her Majesty textile was built in 1953 and employed 550 people. The cities of Mauldin, Simpsonville, and Fountain Inn became known as the Golden Strip in 1953 when a water line was run along Laurens Road. Locals called the water "liquid gold" because access to it would mean an economic boost to the three communities.

Mauldin began to increase its economic assets as the years went on. After all of the hard times that Mauldin and its people lived through, it has lived to make its mark today as one of the premier communities in Upstate South Carolina.

Growth

Mauldin continues to be one of the fastest-growing cities in the Southeast. Since 2010, Mauldin's population has grown by approximately 10%, and is the 17th largest City of 270 municipalities in South Carolina. This population increase is a result of Mauldin's many positive attributes and proactive planning efforts. City Council, City staff, the Mauldin Chamber of Commerce, and the Greenville Area Development Corporation continue to work cooperatively to make this growth positive for all of our citizens. We want residents and businesses to know what we have known for years: Mauldin is a great place to live and work. The City works with other government organizations in cooperative economic development efforts while maintaining the City's high quality of life.

Mauldin aligns with Greenville County's business model, which over the past 30 years has transformed itself from the textile capital of the world to automotive, healthcare, engineering, manufacturing, advanced materials and data centers. Within Greenville County, there are other appealing business headquarters including BMW Manufacturing Company in Greer and Michelin North America in Greenville. The Clemson University International Center for Automotive Research, known as CU-ICAR, is a part of the Millennium Campus, which borders Mauldin and has brought 20,000 high-skilled jobs to the area.

Business

Mauldin's current corporate headquarters, regional offices and industries include: the Restaurant Depot, TTI Industrial, OB Hospitalist Group, recently recognized for the fourth straight year as a top 25 fastest growing companies in the state, and others who make Mauldin an Industrial hub of corporate as well as high wage manufacturing. Employers in the Brookfield Corporate Center include: Ford Motor Credit, Verizon, Esurance, Jacobs Engineering, GE, Siemens, Met Life, Athene Annuity and others. The Holland Road area includes Samsung and Spectrum to name a few.

Old Stage Road continues to be a dominant Industrial base and includes BASF, Pratt Industries, MS

Companies, Sunland Logistics Solutions, MP Husky, and Koops, Inc. Many Industrial companies call Mauldin home because of its great workforce. Companies continue to announce expansion into Mauldin particularly to areas such as Brookfield, Millport, and Bridgeway Station. Mauldin has over 50 varying companies with over 8,000 employees in a 3-mile radius. Mauldin is poised for continued high growth over the next few years.

Mauldin's Economic Planning and Development Committee and the Department of Community Development direct the City's overall development strategy and work to recruit businesses and attract investment. Improving the appearance of City gateways and major corridors, changes to the Zoning Ordinance to encourage development in an aesthetically pleasing and sustainable fashion, improvements to and promotion of the Mauldin Cultural Center, and development of a pedestrian friendly downtown near the geographical center of the City continue to be key initiatives.
Friendly, comprehensive assistance from our Community Development Department, Business and Development Services Department, Public Works Department and the Mauldin Chamber of Commerce heighten Mauldin's business-friendly atmosphere. Keys to this success are:

- Central location
- Lowest City property tax in Greenville County
- No City income tax

Quality of Life

Mauldin's culturally diverse and close-knit residents are familiar with a quality of life that values tradition, strong families and an endearing sense of community. Mauldin bustles with community life, evident in its annual festivals, abundant recreational facilities and parks, various religious organizations and public service amenities. For families with children, Mauldin offers top-notch education and healthcare. Mauldin's vision is to "Provide an Environment That Enhances the Quality of Life for All Citizens."

Mauldin is served by some of the top healthcare available in the Southeast through the Prisma Health System and the Bon Secours St. Francis Health System.

Mauldin families will find entertainment and opportunities to engage in the arts and education through the Mauldin Cultural Center. The facility has several meeting rooms that are frequently used by local businesses and industries, community groups, and other non-profit associations. The Chamber of Commerce makes its home at the center and programming for the arts has taken a new role in its future.

The Mauldin Cultural Center hosts over 30,000 people annually. As well, Mauldin's Amphitheater, located on the Center grounds, allows for additional entertainment and community events such as: Mauldin Farmers Market, The Railroad Music Series, Beach Music Series, Mauldin Barbeque Festival, the Memorial Day Program, the Veterans Day Program and many other events. An additional 10,000 people participate in these programs. The City, through the Cultural Center, partners with Mauldin High, Elementary, and Middle Schools to promote a City school partnership initiative that will further utilize these facilities.

Public Safety

The Mauldin Police Department (MPD) and Fire Department (MFD) enhances the quality of life by working with the community to reduce crime, provide trustworthy law enforcement, protect lives, and property against fire and disasters. MPD is an elite department that boasts both international and state accreditation. MFD has an Insurance Services Office (ISO) class 1 rating.

Out of approximately 48,000 fire departments surveyed in the United States, less than 1% shares this rating.

Recreation

In addition to state-of-the-art recreation facilities, Mauldin's recreation programs are first-rate. About 4,500 children and seniors are active members of Mauldin Recreation programs. The recreation department operates youth leagues in baseball, softball, football, basketball, cheerleading, soccer and lacrosse. For active seniors, the Ray W. Hopkins Mauldin Senior Center offers a large gymnasium and full activities schedule. With the Blue Ridge Mountains a short drive away, there's also hiking, whitewater rafting, horseback riding, mountain biking, hunting, fishing and spectacular waterfalls to discover. The Atlantic coast and historic Charleston are an easy weekend getaway.

Parks

Mauldin has 78 acres of parks. City Park features sprawling sports fields, a pedestrian trail and picnic shelters. Sunset Park, home to the only wheelchair softball field in the Southeast, also offers walking trails with picnic shelters, 2 football fields, 4 baseball fields, playground equipment and is home to an annual family festival event. Springfield Park has 5 baseball fields, an outdoor basketball court, picnic shelter, football field, and 2 playgrounds. Pineforest Park provides a playground, multi-use area, an outdoor basketball court and a ¼ mile walking path.

Sports Center

Mauldin has a state-of-the-art Sports Center. This $6.1 million complex boasts an indoor walking and running track, a state-of-the-art fitness area, gymnasiums and a two-story rock-climbing wall; membership is available to residents and non-residents at varying membership rates. Corporate rates are available for local industry and the Center offers more group and individual classes than any of its competitors.

Faith & Fellowship

Mauldin offers a unique and inviting community atmosphere for its citizens' dedication to religious faith and fellowship. Its diverse institutions cater to various denominations.

Greenways/Bike Trails

Mauldin's Greenways Plan identifies 11 greenways/bike trails that provide dedicated bike lanes incorporated into existing and modified roadways so bicyclists can travel in a separate lane. The greenways are the major drainage ways for meandering creeks throughout the City.

Schools

Mauldin High School:

- 95% Graduation Rate in 2015-2016, which is in the top 3% in the State of South Carolina.
- Excellent Absolute Rating on School Report Card 2002-2005, 2009, 2011-2016
- 90% of Graduating Class Attend 2 or 4 Year Colleges 2017
- $14.8 Million in College Scholarships in 2017

Mauldin Middle School:

- Red Carpet School
- Website – Silver "Best of the Web" 2010
- Palmetto Silver Award
- Silver Closing the GAP Award

Mauldin Elementary:

- "A" Rating 2012-2015
- Palmetto Silver Award – outstanding student academic performance 2011/ 2012
- Palmetto Silver Award 2012-2013
- Safe Kids Safe School Award 2012-2013
- 100% Teacher Participation in PTA
- State and National Winning Beta Club

Bethel Elementary:

- 2014-2015 Greenville County Schools Safety Award Winner
- 2013-2014 Palmetto Silver Award for Closing the Achievement Gap
- 2010-2013 South Carolina Red Carpet Award
- Palmetto's Finest Award
- 2010-2012 100% PTA Membership, 30 years
- 2009-2016 Palmetto Gold Award
- National Blue Ribbon School of Excellence
- 2015 Livewell Greenville Healthy School Award

There are numerous private and public schools with extensive higher education options within a thirty-five mile radius including Furman University, Clemson University, USC Upstate, Wofford College, Converse College, Spartanburg Methodist, Southern Wesleyan, Bob Jones University, Greenville Technical College and the University Center.

Letter of Transmittal for the City of Mauldin's Fiscal Year 2023 Budget

Mayor Merritt and Members of City Council:

It is my pleasure and a privilege to present the Fiscal Year 2022 – 2023 (the "FY2023") Budget for the City of Mauldin for your consideration. As approved, the FY2023 Budget totals $42,715,392, and includes a General Fund budget of $16,840,033. This represents an overall total budgetary decrease of .02% and a General Fund budget increase of 6% from the adopted Fiscal Year 2021 – 2022 (the "FY2022") Budget.

As approved, the General Fund millage rate for FY2023 is 56.3 mills, representing no change from the previous year's millage. The FY2023 Budget is balanced, requires no tax, millage, or fee increase, and serves as an efficient expenditure plan for meeting the needs of the City's residents through excellent service delivery for FY2023.

Budgeting Considerations and Factors

As approved, the FY2023 Budget represents a careful balancing of several budgeting considerations and factors:

Future Revenue Growth: The City's General Fund revenues continue to show only a modest rate of growth which is reflective of the relatively flat growth projections in property tax collections. The modest growth is a significant factor that creates long term impacts on this year's as well as future years' budgets. The FY2023 General Fund revenues growth projections were 3% higher than the FY2022 adopted General Fund Budget.

Economic Indicators: The City's economy continues to improve and recover from the initial impact of the COVID-19 health pandemic, albeit slowly. The City continues to experience increased growth in the residential sector, along with steady growth in the commercial and industrial sectors. The City's population has increased by 8% since 2010, with modest growth projected for FY2023. The City's unemployment rate is near pre-pandemic levels, with an unemployment rate of 2.7%[1] which is lower than the national unemployment rate of 4%[2]. Additionally, statewide, home sales and the median sales price of those homes continue to grow[3]. However, current (7%) and forecasted inflation continues to be well ahead of the statewide 10-year average of 1.73%[4].

Structurally Balanced and Maintaining Fund Balance Health: As approved, the FY2023 Budget does not utilize any funds from the City's General Fund balance or rely on one-time revenues to fund recurring expenditures, thus the Budget is structurally balanced and maintains the City's General Fund balance health.

[2] United States Economy at a Glance. (2022, January). U.S. Bureau of Statistics. Retrieved February 28, 2022, from https://www.bls.gov/eag/eag.us.htm

[3] South Carolina's Economy in 2022. South Carolina Revenue and Fiscal Affairs Office. (2022, February 18). Retrieved February 28, 2022, from https://rfa.sc.gov/data-research/presentations

[4] South Carolina's Economy in 2022. South Carolina Revenue and Fiscal Affairs Office. (2022, February 18). Retrieved February 28, 2022, from https://rfa.sc.gov/data-research/presentations

Maintaining Current Service Levels: Given the continued growth in the City's population, along with the continued growth in residential, commercial, and industrial sectors, maintaining the City's level of public services is paramount. As approved, the FY2023 Budget provides funding to ensure no reductions in the City's current service levels.

State Mandated Pension Costs and Employee Compensation: The City's mandatory employer contribution for the Police and General Employee retirement systems has increased annually since FY2018. A 1% increase in the City's employer contribution has been mandated for FY2023. It is anticipated that an increase will be mandated for FY2024 as well. Additionally, salaries and wages for all City staff was considered.

FY2021-2022 Year-End Outlook: In forecasting for FY2023, reviews of the financial operating revenues and expenditures, to-date, were conducted by staff. To date, the City's major operating and special revenue funds are projected to meet and/or exceed revenue expectations with expenditures remaining well within the budget parameters, including the General Fund and Health Insurance Fund.

Continued Recovery from Impact of COVID-19: Since the onset of the COVID-19 pandemic in 2020, the City's market driven sources of revenue (e.g., hospitality and accommodations taxes, business licenses, construction permits) have been and continue to be adversely impacted. Additionally, the COVID-19 pandemic has markedly raised the cost of construction projects and is projected to have longer-term changes in the demand and need for commercial/office space. As such, the hospitality & accommodations revenue projections for FY2023 remain relatively flat.

Priorities of City Council

As approved, the FY2023 Budget prompts the efforts of staff to continue carrying out the Vision and Mission of City Council for the residents of Mauldin, which was guided by the City Council's Goals for FY2023. Annually, the City Council holds a Council Retreat in October and Goal Setting Session in February to discuss and set their Goals for the upcoming fiscal year. The Council's FY2023 goals are categorized by the following priorities:

Healthy Living, Safety and Well-Being as defined by enriching the quality of life for the City residents through the beautification of public spaces, environmental stewardship, promoting opportunities for community involvement and enhancing the safety of the community.

Economic Prosperity and Development as defined by serving as catalyst for continued economic investments in the City, through retaining, recruiting and attracting businesses, and facilitating diversity within the City's economic base.

Organizational Excellence as defined by serving as a benchmark for providing excellent public services, developing a collegial work environment, promoting financial integrity and marketing and promoting City amenities and services.

Infrastructure Improvement as defined by improving the City's motorized and non-motorized transportation network, City's owned streets, storm water rights-of-way, and partnering with County, State and Federal governmental agencies to pursue improvement initiatives for the transportation infrastructure not owned or maintained by the City but is in the City's jurisdictional boundaries.

Strategic Reinvestments as defined by responsibly managing and maintaining the City's assets through ongoing efforts to enhance City's owned parks, facilities and amenities.

Budget Development

The development of the FY2023 Budget was guided by fiscal stewardship and a commitment to providing excellent public services. Undergirded by a fiscally conservative approach, the FY2023 Budget emphasizes the following principles:

1. Conservative revenue and expenditure projections, focusing on the City's essential public services and long-term fiscal health.

2. Maintaining the strength and integrity of the City's fund balance by utilizing the available financial resources rather than the City's unassigned fund balance to balance the budget.

3. Commitment to not increasing millage rates and not placing the City in an adverse financial position.

4. Continued investment in the City's workforce through adequate compensation, training, and recruitment.

5. Continuing strategic investments in the City's infrastructure, facilities, and fleet.

Noteworthy Initiatives

Review of the approved FY2023 Budget will reveal the following noteworthy initiatives that are reflective of City Council Goals and Priorities:

Continued Transition to Automated Trash Service: In an effort to increase the efficiency and effectiveness of the City's trash and recycling operations, the City commenced a transition to replacing its rear loading trash and recycling trucks with side loading trash trucks. The side loading trucks are automated and do not rely on employees riding on the back of the truck. The FY2023 Budget includes the purchase of two new automated side loading trash trucks, increasing the City's total fleet of side loading trash trucks to five. With this investment, the City will increase the efficiency of the trash collection operations and reduce staffing requirements without compromising the current level of service. The City will spend less funding on temporary employees riding on the back of trash trucks once the new trucks are placed in service.

Investment in the City's Personnel: As a service organization, employees are the City's greatest assets in fulfilling the City's Mission and Vision. As approved, the FY2023 Budget includes an up to 3% merit pay increase for employees who exceed service delivery expectations and an increase in the starting salary for City police officers. Further, funding was included to ensure the availability of training for the City employees.

Continuation of the Three-Year City Police Patrol Fleet Replacement Program: In an effort to improve the City's existing fleet of police patrol vehicles the City commenced a three-year police patrol vehicle replacement plan in FY2022. As approved, funding is provided in the FY2023 Budget to continue this effort. The investment in this replacement program will allow for long-term cost savings, realized annually through the reduction in maintenance and repairs costs for the City's police patrol vehicles.

Increased Staffing: The FY2023 Budget includes the addition of three (3) full-time positions:

- Police Officer: During FY2022, to date, the City has annexed over 32 acres of property for commercial and residential developments. This growth, coupled with the increase in population and residential growth over the past three years, will increase the demand on the City's services portfolio. A full-time police officer position is included in the FY2023 Budget as investment to continue increasing the City's public safety capacity that commenced during the FY2022 Budget when three (3) full-time fire fighter positions were funded.

- Theatre Program Director: Over the past three fiscal years, the City has made substantial capital investments in its Cultural Center, along with significant increases in the Cultural Center's theatre programming. The growth in the City's theatre programming and the capital investments made by the City into the Cultural Center substantiates the need for a full-time Theatre Program Director. This position will improve the efficiency of the City's theatre program and enhance the programmatic offerings available through the program.

- Custodian: The City is responsible for providing custodial services throughout all of its facilities, and as the use of these facilities by staff and the public continue grow, so will the capacity needs of the City's custodial services operations. A full-time Custodial position is included in the FY2023 Budget to enhance and increase the capacity of the City's custodial services operations.

Investment in Critical Infrastructure: As approved, the FY2023 Budget provides funding through its General, Capital, Transportation, and Sewer Funds for continued investments in the City's transportation and utility infrastructure, including the repaving of City's owned roads, enhancing the City's sewer infrastructure, and enhancing the City's stormwater infrastructure.

Investment in Existing Facilities and Parks: As approved, the FY2023 Budget prompts the resurfacing basketball courts at City Park and Sunset Park; replacing HVAC systems at City facilities; replacing the roof of the Sports Center, resurfacing the Public Works Facility parking lot; adding cameras to the City's parks; and replacing fencing at Sunset Park.

Establishment of a Bridge Maintenance Fund: As approved, the FY2023 Budget includes a transfer of $20,000 in "seed funding" to the Bridge Maintenance Fund to establish the Fund and begin accumulating a Fund balance to assist in covering future maintenance expenditures associated with the pedestrian bridge that is currently being constructed. Once completed, the pedestrian bridge will span across I-385 and will be owned and maintained by the City. Establishing this Fund will provide for dedicated funding source for the maintenance of the bridge.

The remainder of this transmittal letter summarizes the FY2023 Budget according to the following outline:

- Budget Summary (including Revenue & Expenditure Summaries)
- Funds Summary
- Conclusion

Budget Summary

As approved, the FY2023 Budget totals $42,715,392. As detailed in Table 1, the aggregate FY2023 Budget represents .02% decrease as compared to the adopted FY2022 Budget.

The decrease in the aggregate FY2023 Budget from the FY2022 Budget is minimal. However, there were decreases in the Capital Project, Debt Service, and Enterprise Funds in the approved FY2023 Budget as compared with the adopted FY2022 Budget.

Table 1. *FY2023 Budget Summary*

Fund	2022 Adopted	2023 Adopted	% Change
General Fund	15,901,819	16,840,033	6%
Special Revenue Funds	8,326,617	15,392,560	85%
Capital Project Fund	15,399,588	8,295,068	-46%
Debt Service Fund	1,631,491	1,071,178	-34%
Enterprise Funds	1,573,209	1,116,552	-29%
Total	**42,832,723**	**42,715,392**	**.02%**

The decrease in the Capital Project Fund is due to the expenditure of bond proceeds for repaving City owned roads and the construction of a pedestrian bridge across I-385. The foregoing projects were budgeted in the Capital Project Fund for FY2022, and any unexpended funds will be encumbered to FY2023.

The decrease in the Debt Service Fund is attributed to the manner in which the City's installment purchase revenue bond (IPRB) proceeds are reported. Pursuant to structure of the IPRB and the requirements of the attendant Ordinance, the bond proceeds must be maintained in separate Funds. As such, the bond proceeds from the IPRB for the design and construction of the new Fire Station & Police Sub-Station are accounted for in a separate Fund that is delineated in the expenditure line-items detailed later in this document.

The decrease in the Enterprise Fund is due to the termination of a lease in 2021 for City property that was accounted for via the City's Property Management Fund. Thus, the revenues generated through this lease was not included in the approved FY2023 Budget. Figure 1 illustrates the FY2023 Budget by Fund as a percentage.

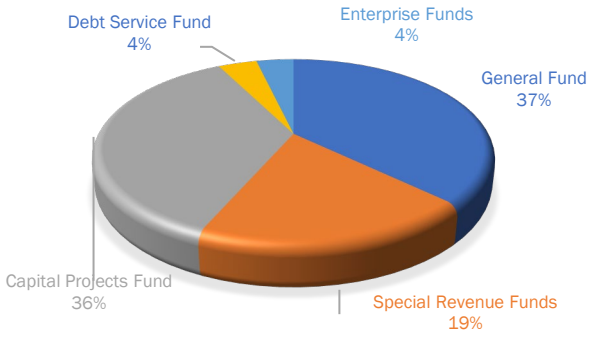

Figure 1. FY2023 Budget Summary by Fund as a Percentage

Revenues

Funding for City operating costs is generated from a variety of sources. Table 2 provides a breakdown of the projected total City revenue for the FY2023 Budget, categorized by the revenue source.

The increased revenues in the Intergovernmental and Charges for Services sources for FY2023 Budget as compared to the FY2022 Budget is due to the appropriation of ARPA funds and the projected addition of residents purchasing new trash cans, respectively.

As approved, the FY2023 Budget appropriates Federal funding provided to the City through the Coronavirus Local Fiscal Recovery Fund. This Fund was established under H.R. 1319, better known as the American Rescue Plan Act of 2021 (ARPA). Through ARPA, the City is slated to receive a total of $12,649,717 in Federal funds. The City received the first tranche or $6,324,859 of these funds in October 2021. The second tranche or $6,324,859 is expected to be provided to the City in October 2022.

Table 2. FY2023 Revenue Summary by Source Category

Source Category	2022 Adopted	2023 Adopted	% Change
Property and Other Taxes	9,831,178	10,435,172	6%
License and Permits	7,020,000	7,320,500	4%
Intergovernmental	1,117,914	7,234,910	547%
Charges for Services	30,850	102,200	231%
Fees and Fines	479,000	567,195	18%
Operating Revenue	1,515,856	980,000	-35%
Interest	156,700	55,200	-65%
Miscellaneous Revenue	3,244,697	3,573,727	10%
Other Financing Sources	19,436,528	12,446,488	-36%
Total	**42,832,723**	**42,715,392**	**0%**

As approved in the FY2023 Budget, ARPA funding is appropriated to cover qualified ARPA expenditures pursuant to the U.S. Treasury Final Rule[5] via the City's General and Capital Projects Fund to: 1) address the reduction in revenue experienced by the City due to the COVID-19 public health emergency for the provision of government services; and, 2) fund necessary improvements to the City's infrastructure (i.e., stormwater and sewer) and capital improvements to enhance the City's response to the COVID-19 public health emergency.

Also, given the City's projected growth in residential development, it is projected that more purchases of new trash cans will be made during FY2023. Accordingly, an increase in revenue for the Charges for Services is reflective of this projection.

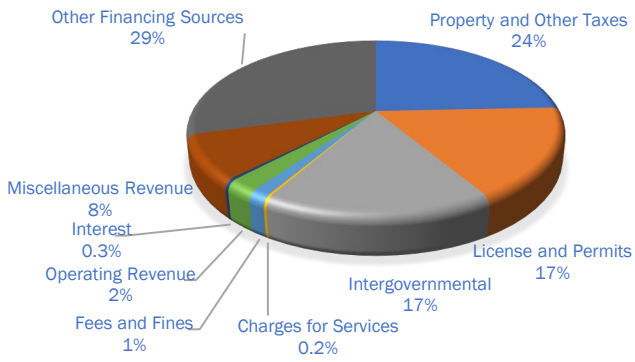

Figure 2. FY2023 Revenues By Source Category As A Percentage

Contrarily, decreases in revenue is projected for FY2023 in the Operating Revenue and Other Financing Sources categories. The decreases are due to the termination of a lease for City property that is accounted for via the City's Property Management Fund (i.e., Operating Revenue) and not issuing debt (i.e., Other Financing Sources) via a City's Capital Leasing Program.

Figure 2 illustrates the FY2023 revenues by source category as a percentage. Property taxes and licenses and permits account for almost 50% of the FY2023 revenues.

Expenditures

The expenditures for the City's operating costs in FY2023 Budget are covered by the available revenues generated by the revenue sources identified in Table 2. The City utilizes line-item budgeting with expenditures accounted for through line-items categorized and detailed in Table 3.

The primary difference between the FY2023 Budget expenditures and the expenditures adopted through the FY2022 Budget is the increase in expenditures related to ARPA. As proposed, the FY2023 Budget appropriates these funds to cover qualified ARPA expenditures in a manner that is commensurate with the guidelines presented by the U.S. Treasury Department via its Final Rule[6].

Table 3. FY2023 Expenditure Summary by Source Category

Expenditure Category	FY2022 Adopted	FY2023 Adopted	% Change
Administration	$3,048,270	$3,048,406	0%
Police	$5,251,921	$5,382,236	2.48%
Public Works	$3,835,471	$3,976,288	3.67%
Recreation	$1,666,325	$1,702,036	2.14%
Enterprise	$1,073,209	$991,552	-7.61%
Debt	$1,631,491	$1,071,178	-34.34%
Tourism	$1,261,000	$872,717	-30.79%
Fire	$4,360,794	$4,565,720	4.70%
Other Financing Uses	$2,897293	$8,774,166	202.84%
Capital Projects	$14,983,454	$7,913,506	-47.19%
Health Insurance	$1,631,373	$1,532,598	-6.05%
Other	$0	$602,137	
ARPA	$0	$2,282,851	
Total	**$41,640,601**	**$42,715,392**	**2.58%**

Figure 3 below illustrates the FY2023 expenditures by source as a percentage. Public Safety, and Public Works, and Capital Projects account for over 60% of the City's expenditures for FY2023.

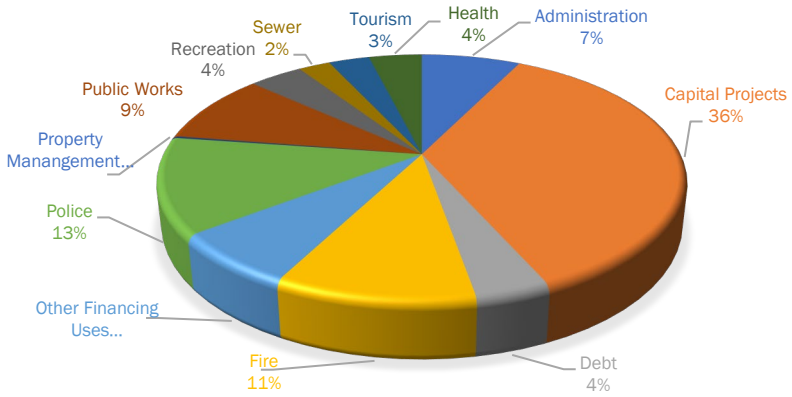

Figure 3. Source of Expenditures by Percentage

Fund Summaries

General Fund Summary

The General Fund portion of the FY2023 Budget totals $16,840,033 compared to the total FY2022 adopted General Fund budget of $15,901,818 as detailed in Table 3. The increase in the General Fund is primarily due to the modest revenue growth associated with ad valorem property taxes.

Table 3. FY2023 General Fund Summary

Fund	2022 Adopted	2023 Adopted	% Change
Revenues			
Total General Fund Revenues	$15,901,818	$16,840,033	6%
Expenditures			
Total General Fund Expenditures	$15,901,818	$16,840,033	6%
Balance	-	0	

As approved, the FY2023 Budget does not utilize any funding from the assigned or unassigned General Fund balance. This means that the FY2023 Budget only uses available revenues to fund the City's personnel and operating costs.

Enterprise Fund Summary

The City has two enterprise funds, the Sewer Fund and the Property Management Fund, which are designed to be self-supporting through user fees or charges for services. In the aggregate, the FY2023 Enterprise Fund totals $1,116,552 compared to the total FY2022 adopted Enterprise Fund budget of $1,573,209 as detailed in Table 4.

Table 4. FY2023 Enterprise Funds Summary

Fund	2022 Adopted	2023 Adopted	% Change
Sewer	$1,474,500	$1,042,899	-29%
Property Management	$98,709	$73,654	-25%
Total	**$1,573,209**	**$1,116,552**	**-29%**

The decrease in the Enterprise Fund is due to the termination of a lease in 2021 for City property that is accounted for via the City's Property Management Fund. Thus, the revenues generated through this lease were not included in the FY2023 Budget. Figure 3a. illustrates the Enterprise Funds for FY2023 by percentage.

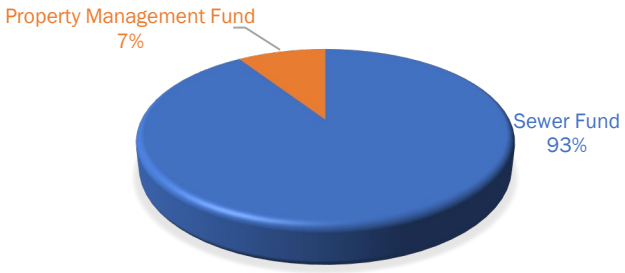

Figure 3a. Enterprise Funds Summary by Percentage

Special Revenue Funds Summary

The City's Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) to provide specific services to the residents of the City. The FY2023 Special Revenue Funds Budget totals $15,392,560 compared to the FY2022 adopted Special Revenue Funds budget of $8,326,617 as detailed in Table 5.

The increase in the Special Revenue Funds is due, primarily, to the addition of the revenues provided for through ARPA. Also, the Mauldin Public Facilities Fund was added to accurately track the revenues and expenditure of funds for the City's IPRBs.

Table 5. FY2023 Special Revenue Funds Summary

Fund	2022 Adopted	2023 Adopted	% Change
Fire Service	$4,377,435	$4,565,720	4%
Hospitality and Accommodations Tax	$1,506,727	$1,487,481	-1%
Victim Advocate	$83,880	$20,000	-76%
Grants	$67,754	$0	-100%
Sports Center	$659,448	$642,191	-3%
Health Fund	$1,631,373	$1,620,172	0.1%
MCIP Fund	$0	$130,000	0%
ARPA Fund	$0	$6,324,859	0%
Mauldin Public Facilities Fund	$0	$592,137	0%
Mauldin Foundation (Recreation)	$0	$10,000	0%
Total	**$8,326,617**	**$15,392,560**	**85%**

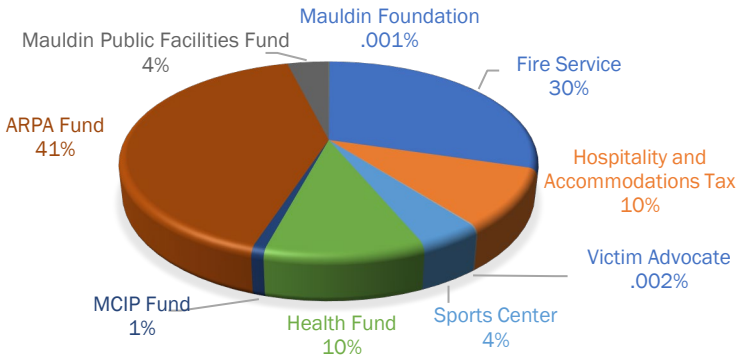

Figure 4. FY2023 Special Revenue Funds by Percentage

Figure 4 illustrates the Special Revenue Funds for FY2023 by percentage. The majority of the Special Revenue Funds revenues are comprised of the ARPA Fund.

Debt Service Fund Summary

The City's Debt Service Fund covers the payment of principal and interest attributable to General Obligation Bonds, Tourism Revenue Bonds, Loan Payable, Revenue Bond and Capital leases.

The FY2023 Debt Service Fund budget totals $1,071,178 compared to the FY2022 adopted Debt Service Fund budget total of $1,631,491 as detailed in Table 6.

Table 6. FY2023 Debt Service Fund Summary

Fund	2022 Adopted	2023 Adopted	% Change
Debt Service	$1,631,491	$1,071,178	-34%

The decrease in the City's Debt Service Fund for FY2023 is directly related to the structure and accounting of the City's IPRBs for capital improvement initiatives. For accounting purposes, the payments associated with the IPRBs are accounted for in the Special Revenue Fund via the Mauldin Public Facilities Fund and are no longer listed with the Debt Service Fund.

Capital Projects Fund Summary

The Capital Projects Fund accounts for (a) the acquisition, construction, or renovation of major capital facilities; (b) ongoing major improvement projects which usually span more than one year; and (c) major equipment or other capital asset acquisitions which are not financed by another fund. The FY2023 Capital Projects Fund totals $8,295,068 compared to the FY2022 adopted Capital Projects Fund budget of $15,399,588 as detailed in Table 7.

Table 7. FY2023 Capital Projects Fund Summary

Fund	2022 Adopted	2023 Adopted	% Change
Capital Projects Fund	$15,399,588	$8,295,068	-46%
Total	**$15,399,588**	**$8,295,068**	**-46%**

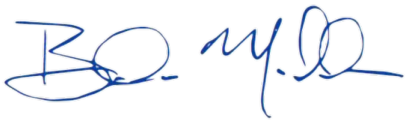

The decrease in the Capital Project Fund for the FY2023 Budget is due to the expenditure of bond proceeds for repaving City owned roads and the construction of a pedestrian bridge across I-385 which were budgeted in the Capital Project Fund for FY2022. Any unexpended funds will be encumbered to the FY2023 Capital Projects Fund.

As approved, the FY2023 Budget serves as an effective expenditure plan to provide excellent public services in a manner that is commensurate with the vision, priorities and goals of City Council.

A special thank you is extended to the City's most valuable asset, its employees, for their commitment and dedication to serving this community. Gratitude is also extended to Finance Director Holly Abercrombie, members of the Finance Department, Building & Development Services Director David Dyrhaug, Public Works Director Matthew Fleahman, Recreation Director Bart Cumalander, Fire Chief Brian McHone, Police Chief George Miller, Community Development Director Van Broad, and Human Resources Director Mark Putnam for their efforts in the budget development process.

Finally, I would like to thank the residents of Mauldin, the Mayor and City Council for their leadership and dedication to the City.

Sincerely,

Brandon Madden
City Administrator

Budget At A Glance

The FY2023 Budget totals $42,715,392, which represents a minimal % decrease from the FY2022 budget. Detailed descriptions of each fund and their revenue details are provided in the revenue section of this document. Expenditures details are provided in the expenditure section of this document.

Budgeting Considerations and Factors

The quality of life, location, and low taxes afforded by the City remain attractive to businesses and residents. Although the City's economy continues to improve, several factors impacted the development of the FY2023 Budget. Although there were no changes in the City's service levels for FY2023, this section of this document provides an overview the budgeting considerations and factors, details the impact of the factors on the development of the budget, and illustrates how addressing these factors will allow the City to maintain its level of service.

Factor	Impact	Strategy
Future Revenue Growth	The City's General Fund revenues continue to show only a modest rate of growth which is reflective of the relatively flat growth projections in property tax collections. The modest growth is a significant factor that creates long term impacts on this year's as well as future years' budgets	Identify and implement cost saving measures within the City's services portfolio to alleviate fiscal pressures on the City's General Fund.
Maintaining Current Service Levels	Continued economic growth and increased annexations have grown the demand and need for City services.	The FY2023 Budget includes a total of three new positions. Additionally, the FY2023 Budget includes multiple strategic capital investments. Further, the City will maximize the level of service while contending with the public demand for tax constraints by exploring new methods of obtaining financial resources and implementing cost control techniques.
State Mandated Pension Costs	Personnel costs through increased retirement contribution for all City Departments in FY2023.	Identify opportunities to reduce expenses in other areas of the budget, while budgeting conservatively for future cost increases
Continued Recovery from Impact of COVID-19	Decrease in market-driven revenues, along with increases in cost of construction projects.	Non-essential purchases and expenditures will be restricted the first quarter of FY2023, at a minimum. This will allow for the City to maintain its liquidity amid the COVID-19 crisis and navigate the potential for a sustained fiscal impact on the City's market-driven sources of revenue. Staff will increase its monitoring of revenue accruals, historical revenue/expenditure trends, and future revenue/expenditure projections across all funds.
Employee Compensation	Salaries and wages for all City staff	Included in the FY2023 Budget is an up to 3% merit increase, city-wide. This performance-based system will allow for adjustments to wages based on merit.
Increasing Health Care Costs	Cost of Dependent Care of City Employees	The FY2023 Budget includes the continuation of the Health Insurance Fund dedicated to funding the City's health insurance expenditures. Through this Fund, the City has been able to identify trends and potential future cost saving initiatives within its health insurance expenditures. The cost savings will be used to reduce the cost of dependent care insurance coverage for City Employees.

Budget Development & Adoption Process

Background

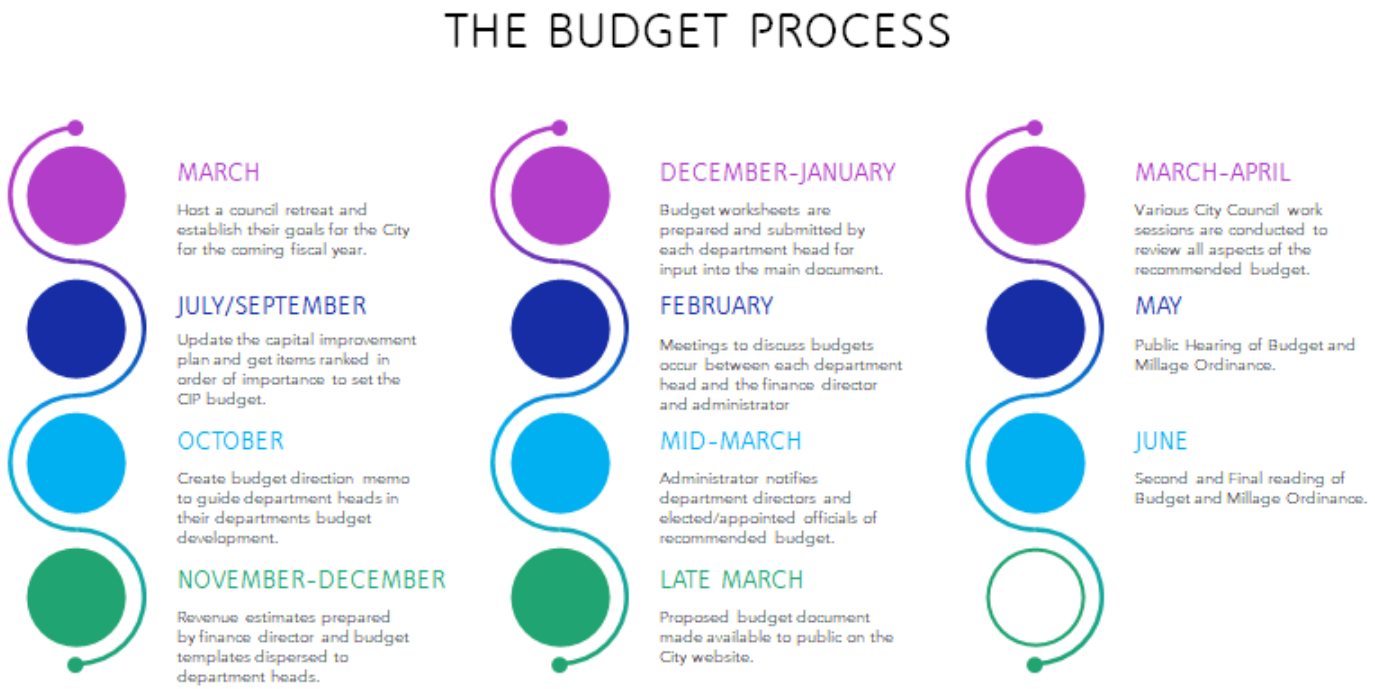

Pursuant to Title 4 of the SC State Code of Laws, City Council is responsible for approving a budget for the ensuing fiscal year adequate to fund the operation and programs City. This document transmits a summary of the policies adhered to for the development of the budget for Mauldin City government, inclusive of the following:

- South Carolina Code of Laws considerations
- Narrative of a step-by-step budgeting process (including review and approval);
- An outline of individuals involved in the budgeting process (including review and approval);
- The timing/frequency of the steps in the budgeting process (including review and approval);
- The specific internal controls utilized via the budgeting process

South Carolina Code of Laws Considerations

The South Carolina Code of Laws contains several provisions relating to the local government budget process:

- Public hearings must be held before adoption of a municipality's budget. Proper notice must be given in a paper of general circulation not less than fifteen days in advance of the public hearing.
- Property tax millage rates must be set according to state law. Millage rates must be rolled back in reassessment years to avoid a windfall to the municipality.
- Millage rate increases from year to year are capped at a percentage equal to the increase in the average of the twelve months consumer price index for the preceding calendar year and the percentage increase in the previous year in the population of the City as determined by the Office of Research and Statistics of the State Budget and Control Board. This does not apply to millage levied to pay bonded debt, such as real property using lease-purchase agreements, or to maintain a reserve account.
- A municipality may override the millage increase limitation by a majority vote of Council at a specially called meeting held solely for that purpose. Public notice and public comment provisions must also be met.
- Municipalities may not impose any new taxes unless specifically authorized by state legislature.
- A municipality may not impose or increase a business license fee unless approved by local ordinance.
- State law also governs the imposition and use of certain fees assessed by the
- City, such as the Hospitality Fee and the Accommodations fee.

Budget Development (Step-by-Step Process)

The process for adopting the Budget consists of four distinct phases: Planning, Preparation, Review, and Adoption. Budgeting occurs throughout the year; however, the development of the budget begins in December and ends in June. This seven-month process occurs in accordance with the internal budget calendar and involves an in-house review of the prior year budget process along with consideration given to comments from the review of prior budget documents by the Government Finance Officers Association (GFOA). In conjunction with the prior year review, revenue estimates are formulated in order to begin identifying the availability of resources and setting broad limits of budgetary possibilities. This process includes the review of current City finances, local and regional economic conditions and a reexamination of key local economic indicators. In addition to the internal budget calendar, staff provides City Council with an external calendar which delivers a "high-level" guide to setting its fiscal policy.

Budget Guidance via the City Administrator

The budgeting process commences with an Administrative Memorandum from the City Administrator transmitting key guidelines to City department heads and elected officials to facilitate the preparation and subsequent allocation requests to City Council. This serves as the budget "Kick-Off" which concludes with the preparation of departmental budget targets, instructions and historical financial data. All capital requests go through an annual justification process and are not based on prior year appropriations.

Department Budget Request

After the delivery of budget instructions and reports to the City departments and elected /appointed officials, departments are required to develop their respective budget request, which consist of expenditure estimates in detail by line item and supporting narrative information. When expenditure needs exceed the target allocation or historical level, departments must submit a justification by line item requesting new additional funds. If the department has associated revenue collections, projections for these sources for the upcoming year are also required.

All department heads provide budget request via budget worksheets to be reviewed by the Administrator no later than the first week of February. Each budget request is submitted to the Administrator via email in the care of City's Finance Department. The role of the Administrator is to (a) review department budget requests, new programs, grants, revenues, expenditures; (b) review capital requests and evaluate options for major projects; and (c) recommend a balanced budget to the City Council.

The following schedule applies to the Budget Planning & Preparation Phase:

Budget Planning & Preparation Timeline

December	Staff reviewed previous budget process and for mulated revenue estimates
December-January	Staff prepared departmental budget targets, instructions and historical financial data
February	All Internal Department budget worksheets are due, including estimates of operating expenditures and revenue

Budget Review Phase

During the months of January through April the Budget, the Team Committee reviews all budget requests. During this time, the Finance Department, concurrently, prepares historical financial data for comparative purposes. The intent is to present a balanced budget (Budget Binder) to the City Council by mid-March for review.

Recommended Budget

Once the Administrator provides the City Council with the recommended budget, the City Administrator conducted a detailed review with the City Council members and the Finance Director. The recommended budget was transmitted to City Council for first reading in May.

The following schedule applies to the Budget Review Phase:

Budget Review Timeline

February	Council liaisons and City Administrator conduct planning meetings with millage agencies

February	City Administrator and budget staff conduct executive re views of budget estimates with each department directors in individually scheduled meetings
Mid-March	Administrator notifies department directors and elected/ appointed official of recommended budget
March-April	City Council work sessions to reveiw all aspects of the recommended budget

Approval of the Recommended Budget by City Council

Once transmitted to Council, budget work sessions and budget readings are held during the months of March - June. These meetings are scheduled with City Council, where they examine all line items of each of the departments. These meetings are conducted by Council, with the City Administrator, Finance Director and department heads providing any requested details. Once final revisions are made, City Council adopts the Budget and appropriates funding for the subsequent fiscal year.

The following schedule applies to the Budget Adoption Phase:

Budget Adoption Timeline

March	Presentation of Administrator's Recommended Budget
May	Public Hearing of Budget and Millage Ordinance
June	Second and Final Reading of Budget and Millage Ordinance

Amendments to Budget:

The budget process allows for budget amendments during the year. The City Administrator is authorized to administer the budget and may authorize shifts in departmental budget line items; provided that overall departmental budget appropriations do not change. Also, the City Administrator may authorize shifts in departmental budgets; provided that overall budget appropriations do not change without the approval of the City Council. City Council must approve any revisions that alter the overall budget appropriations through two Council readings and a public hearing.

Individuals Involved

The individuals involved in the process (including review and approval) included:

Budget Team: Police Chief George Miller, Fire Chief Brian Mchone, Public Works Director Matthew Fleahman, Recreation Director Bart Cumalander, Building and Development Services Director David Dyrhaug, Court Administrator – Judge Angela Martin and Community Development Director Van Broad

Finance Department represented by: Finance Director Holly Abercrombie

City Administrator's Office: City Administrator Brandon Madden

City of Mauldin

FY2023 Budget Calendar

August - October	Pre-Budget Items 10- year Capital Budget updated and distributed to Committee. Capital Committee meets and ranks the fiscal years items. Council retreat - to establish goals and budget objectives for staff.	
December - January	Budget request forms are prepared and distributed to Department Heads. Finance staff compiles personnel and fringe benefit numbers. Finance staff compiles Projected Revenue numbers. City Administrator develops and distributes the Budget Guidance document.	
February	Feb 11 Feb 14-25 Feb 28	Budget requests due to Finance Director. Budget is reviewed and refined as needed. Any changes are processed and entered by Finance staff.
March	March 1-4 March 10 March 24	Council budget notebooks are produced and distributed by the finance department. Budget Workshop with Council and staff. Budget Workshop with Council and staff.
April	April 1-12 April 7 April 13 April 14 April 27	Budget revisions are inputed. Budget Ad is prepared. Budget Workshop with Council and staff. Budget Ad is submitted to newspaper. Budget Workshop with Council and staff. (Optional, if needed) Ad is circulated in the Tribune Times.
May	May 16 May 26	Public Hearing and first reading on the proposed Budget Ordinance. Budget Workshop with Council and staff.
June	June 20	Second reading and Adoption on the proposed Budget Ordinance.

Basis of Budgeting

The budget is prepared on a basis consistent with Generally Accepted Accounting Principles (GAAP). The City prepares its budget for Governmental funds using a current financial resources measurement focus and the modified accrual basis of accounting. Budgeting for Proprietary funds is based on the flow of economic resources measurement focus and uses the accrual basis of accounting.

Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, capital lease expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payments are due and payable. Capital asset acquisitions are reported as capital outlay expenditures in governmental funds. Proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources.

FUND ACCOUNTING

The City, like all other governmental entities in South Carolina, uses fund accounting to ensure and reflect compliance with finance-related legal requirements, such as the General Statutes or the City's budget ordinance. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds. The City does not have any fiduciary funds.

Governmental Funds: Governmental funds are used to account for the majority of the City's basic services, including general government services, public safety, recreation and public works related functions, as listed below:

General Fund: This fund is the general operating fund of the City and accounts for all revenues and expenditures of the City except those required to be accounted for in another fund. All general tax revenues and other receipts that are not allocated by law or contractual agreement to other funds are accounted for in the General Fund.

Special Revenue Funds: These funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The City has the following special revenue funds:

- Hospitality and Accommodations Tax Fund: This fund is used to account for and report the financial resources received and disbursed related to the City's 2% fee imposed on prepared food and beverage sales (hospitality tax) and the rental of accommodations (accommodation tax) within the City limits. These funds are restricted and thus can only be spent for tourism related expenditures.

- Fire Service Fund: This fund is used to account for the activities of the City's Fire Department. Revenues of this fund are generated from a separate millage set by Greenville County and charged to residents of the fire service area. These funds are restricted to covering Fire Department expenditures.

- Non-major special revenue funds consist of the following: Alcohol Enforcement; Police Community; Sports Center; Police Forfeitures and Seizures; Victims' Assistance; and Miscellaneous Grants

Capital Projects Fund: This fund is used to account for and report financial resources that are restricted, committed, or assigned for (a) the acquisition, construction, or renovation of major capital facilities, (b) ongoing major improvement projects which usually span more than one year, and (c) major equipment or other capital asset acquisitions which are not financed by another fund.

Debt Service Fund: This fund is used to account for and report financial resources that are restricted, committed, or assigned for expenditures of principal and interest.

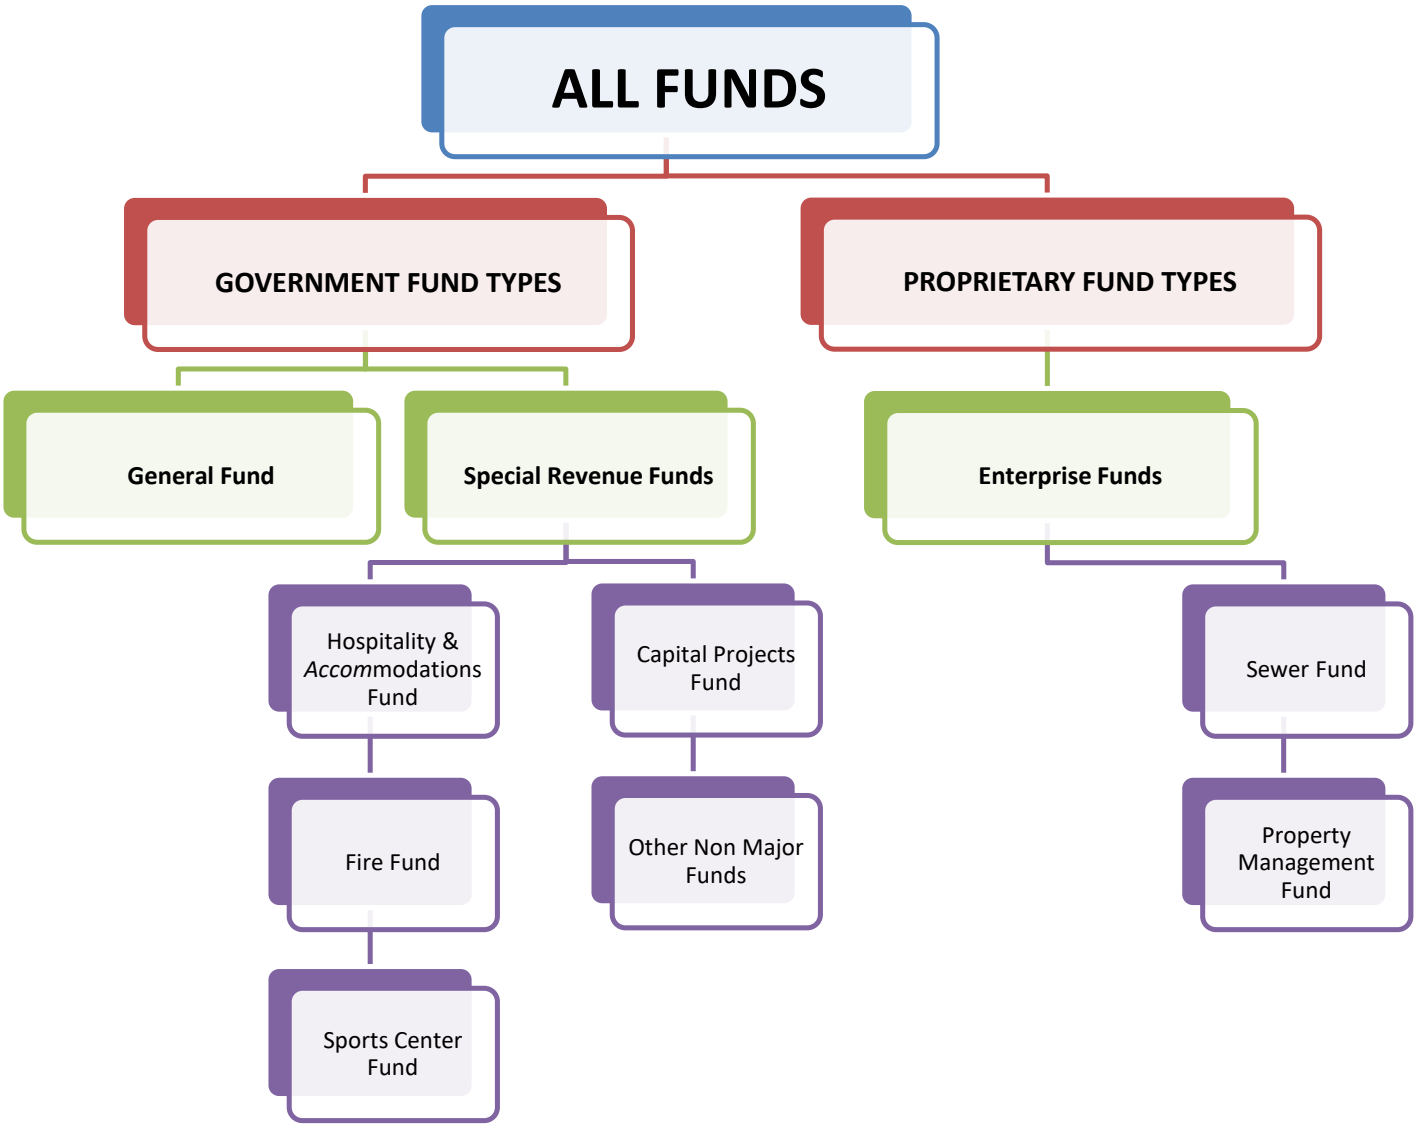

Proprietary Funds – Proprietary funds or enterprise funds are used to account for operations that are financed and operated in a manner similar to private businesses. The City has two enterprise funds:

- Property Management Fund: This fund accounts for the operations of rental warehouses and commercial property that are leased to the private sector.

- Sewer Fund: This fund accounts for the sewer operations of the City.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside of a government. The City does not have any fiduciary funds.

An illustration of the City's current Fund Structure is presented below:

Financial Policies

I. Purpose

The purpose of this policy is to define the fiscal procedures for the development and execution of the City's operating and capital outlay budgets, along with the management of the City's debt and economic investments. Undergirding these procedures and this policy are the principles of sound fiscal management, fiscal stability, Generally Accepted Accounting Principles (GAAP) and the mission and vision of City Council.

II. Operating Budget Policy

The annual operating budget is the vehicle through which City Council authorizes City government to fund operations during a specific fiscal year for specific purposes and which establishes the economic resources that are required to support these activities. The budget is a fiscal, planning, and policy document, reflecting the allocation of limited revenues among diverse uses.

A. According to the laws of the State of South Carolina, the City will adopt a balanced operating budget, annually, and provide full disclosure when a deviation from a balanced operating budget is planned or when it occurs.

B. The term of the fiscal year is July 1 – June 30.

C. The City Administrator will monitor the financial condition of the City and estimate present and future financial needs.

D. Department heads will be accountable for the implementing department budgets in a manner that accomplishes the programs and objectives for which the budgets were authorized, and ensuring that their respective budgets stay within the prescribed funding levels.

E. Departments must stay within budget by each major expense category of personnel, operating, and capital; Budget transfers or shifts in departmental budgets must be authorized by the City Administrator; provided that overall budget appropriations do not change without the approval of the City Council.

F. The City will develop a program to integrate performance measures and productivity ndicators with the annual budget.

G. The City will maintain a risk management program to provide for protection against loss and a reduction in exposure to liability.

III. Revenues

The City will maximize and diversify its revenue base to raise sufficient revenue to support essential City services and to maintain services during periods of declining economic activity. The City must be sensitive to the balance between the need for services and the City's ability to raise fees, charges, and taxes to support those services.

A. The City shall conservatively estimate annual revenue increases

B. All surpluses above the budgeted revenue estimates will be available to the City for appropriation through the City's budget monitoring and approval processes. Additional appropriations will be used for activities that support the function or program generating the additional fees.

C. Overall revenue shortfalls requiring additional discretionary General Fund resources will result in a City current appropriation level reduction. In the event of a current fiscal year projected total revenue shortfall, the City will document other offsetting revenues or reduce its budget within the regular budget monitoring process. Transfers from the City's General Fund balance to cover revenue shortfalls shall not occur without City Council authorization.

D. The City will maintain a diversified and stable revenue base to reduce the effects of short- term fluctuations in any one revenue source.

E. All enterprise funds will be self-supporting. The City will establish all user charges fees at a level related to the full costs (operating, direct, indirect and capital) of providing the service. The City will review these fees & charges annually in the budget process and target rates that meet the cost to provide the service.

F. Charges for services that benefit specific users should recover full costs, including all direct costs, General Fund overhead, loss of interest and depreciation on capital assets. Through a cost allocation program, City overhead rates and General Fund overhead allocations will be established annually by the Finance Department.

G. Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.. Expenditures in these funds are strictly limited to the mandates of the funding source. Special Revenue Funds are not to be used to subsidize other funds, except as required or permitted by program regulations.

H. One-time resources such as proceeds from asset sales, debt refinancing, one-time grants, revenue spikes, budget savings and similar non-recurring revenue shall not be used for current or new ongoing operating expenses. Appropriate uses of one-time resources include:

- Rebuilding General Fund Balance
- Establishing or rebuilding an Emergency Reserve or Contingency Fund
- Early retirement of debt
- Funding capital expenditures and/or other non-recurring expenditures

I. The City will actively seek grant funding to fund both operating and capital expenditures. Prior to the acceptance of grant funding, an evaluation of the grant must determine the following:

- The grant purpose is compatible with City program objectives
- The benefits provided by the grant exceed the cost of administration
- The grant does not commit the City to long-term tax funded expenditures after the completion of the grant period

The City will evaluate the cost and funding source to determine whether to continue the service when the grant period ends. The decision to continue to fund or drop will be made prior to accepting the grant. Alternatively, the City could choose to continue the service with other funding.

IV. Expenditures

The City will provide for a balanced budget, annually, whereby the current operating revenues will be sufficient to support current operating expenditures. An appropriate balance will be maintained between budget dollars provided for direct public services and dollars provided to assure good management and legal compliance. In addition to the City Administrator and the Chief Financial Officer, all department heads share in the responsibility of understanding the City's long-term financial viability, its general spending trends, its projected incomes, and educating themselves, and employees on the necessary short and long-term balance between revenues and expenditures.

A. High priority is given to expenditures that will reduce future operating costs, such as increased utilization of technology and equipment and proven business methods.

B. The annual expenditures shall not exceed the annual revenues (operating budget minus capital outlay).

C. Before the City undertakes any agreements that would create fixed ongoing expenses, the cost implications of such agreements will be estimated for current and future years with the aid of strategic financial planning models.

D. Organizations that are not part of the City, but which receive funding from the City, shall not have their appropriation carried forward from year to year unless contractually authorized and directed by City Council.

V. Debt Policy

The City's debt policy establishes the parameters for issuing debt, managing its debt portfolio within available resources and within the legal debt margin as defined by South Carolina Statutes and minimizing the costs to the taxpayer. Adherence to this policy will help assure maintenance of the City's AA credit ratings and undergird any future credit rating.

A. Long-term debt or bond financing will not be used to finance current operating expenditures.

B. All bonds, notes, contracts, accounts payable, and other monetary liabilities will be paid when due and shall have the most superior lien position during the allocation of resources in budget planning.

C. Capital projects, financed through the issuance of bonds, shall be financed for a period not to exceed the expected useful life of the project.

D. The general obligation debt of the City shall not exceed 8% of the assessed valuation of taxable property in the City in accordance with South Carolina State Statute, without a referendum approving such debt.

E. Annual general obligation debt service shall not exceed 20% of total operating revenue.

F. The City will attempt to use the lease-purchase of Capital Outlay, for equipment and heavy vehicles having a useful life of at least three years or more.

VI. 10 Year Financial Forecast

The City will prepare a 10-year financial forecast that will include projections for annual growth plus allowances for operating costs of new capital facilities. The forecast will provide the financial health of all major funds and assess the financial implications of current and proposed policies, programs, and assumptions. The forecast will include potential alternatives to improving the long-term financial health of the City.

VII. Capital Improvement Program

The City will prepare and adopt a 10-year Capital Improvement Program, annually, that will detail each capital project, the estimated cost, and funding source.

A. Operating expenditures will be programmed to include the cost of implementing the Capital Improvement Plan as required.

B. Capital assets shall be purchased and maintained on a regular schedule.

C. Within the legal limits of South Carolina Statute and the constraints of operating budgets, debt shall be issued for the purchase of capital assets, including major renovations.

VIII. Accounting Policy

The City will establish and maintain accounting systems according to the generally accepted accounting principles (GAAP) and standards of the Government Accounting Standards Board (GASB).

A. An annual audit will be performed and completed no longer than six (6) months from the end of the prior fiscal year by an independent public accounting firm that will issue an official opinion on the comprehensive annual financial report (CAFR) with a management letter detailing areas that need improvement, if required.

B. Full disclosure will be provided in the financial statements and bond representations.

C. A management letter, the by-product of an annual audit, shall be presented by the independent certified public accounting firm no later than 60 days from issuance of the City's CAFR.

D. Financial systems will be maintained to monitor expenditures and revenues on a monthly basis with a thorough analysis and adjustment (if required) quarterly.

E. All revenue collections will be consolidated under the Finance Department (or Chief Financial Officer) and be audited at least annually.

F. The City will maintain an internal control system that safeguard assets and provide reasonable assurances (e.g., noting any changes in finance statements) for the proper recording of the financial transactions of the City.

IX. Fund Balance Policy

The term fund balance is used to describe the net assets or equity of a governmental fund. The fund balance is intended to serve as a measure of the financial resources available in that fund. GAAP distinguishes five types of fund balance, nonspendable, restricted, committed, assigned, and unassigned.

Nonspendable fund balance is restricted basically because of the form.
Restricted fund balance has external limitations on use.
Committed fund balance is City council designations made before the end of the fiscal year.
Assigned fund balance is City council designations for the intended use.
Unassigned is the total fund balance in excess of nonspendable, restricted, committed, and assigned.

A. Nonspendable and Restricted Fund Balance – Fund balance reserves indicates that some of the fund net assets are not available for discretionary appropriations and expenditures. Generally this is due to a legal or contractual commitment to an outside entity. It does not include tentative plans of management or council.

B. Committed Fund Balance- City Council may commit a portion of fund balance for specific uses, as long as it is done by the year end. Committed fund balances are considered as reserved.

C. Unassigned Fund Balance – Unassigned fund balance is available for appropriation. City Council may either assign a portion of fund balance to indicate tentative plans of use or assign a portion for contingencies. Fund Balance that is assigned is considered unreserved.

1) Unreserved - Assigned Fund Balance
   a) Assigned Fund Balance-Contingency
      To help maintain services during short periods or economic decline and to meet emergency conditions, in addition to any other restricted or committed Fund Balance amounts, the budget shall provide for a contingency designation equivalent to 10% of estimated annual operating revenues in all governmental type funds. The contingency shall also be exclusive of all fund balance types not anticipated to be readily available for use in emergencies. The contingency is established to provide for nonrecurring unanticipated expenditures.

b) Committed/Assigned Fund Balance – Other Council Designations
Council may at its discretion designate any portion of available unassigned fund balance as long as the remaining fund balance allows for unreserved unassigned fund balance to be maintained at no less than 25-35 % percent of regular general fund annual operating revenues.

2) Unreserved - Unassigned Fund Balance
At a minimum, maintain unreserved, unassigned fund balance in the general fund of no less than 25 to 35 percent of regular general fund annual operating revenues. The calculated unreserved, unassigned fund balance shall be exclusive of all other fund balance components not anticipated to be readily available for use in emergencies and contingencies.

X. Depository / Investment Policy

The City's investment policy is in conformance with all Federal, State and Local governing legislation, the Government Finance Officers Association (GFOA) best practices and other legal requirements, and applies to the investment of all funds, excluding the investment of employees' retirement funds.

A. Except for funds in certain restricted and special funds, the City will consolidate cash and reserve balances from all funds to maximize investment earnings and to increase efficiencies with regard to investment pricing, safekeeping and administration.

B. The City will participate in the South Carolina State Local Government Investment Pool (LGIP) to acquire maximum returns on investments by pooling available funds with funds from other political subdivisions through the South Carolina Treasurer's Office as permitted by South Carolina State Statute.

C. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective will be to mitigate credit risk and interest rat e risk.

D. All investments are authorized by City Council and are consistent with GFOA policies and statements.

E. Current operating funds (30-day demand deposits) will be maintained in interest bearing checkingaccounts.

F. The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated.

G. Reserves and funds not required for the maintenance of a positive cash flow position within the next 30 days (time deposits held in savings accounts or as Certificates of Deposits) will be maintained in accounts bearing the highest interest rates available to the City, provided that such accounts are secured from risk as provided by law. Where practicable, such accounts will be structured to ensure availability of funds without incurring unnecessary penalties upon withdrawal.

H. Full collateralization will be required on all demand deposit accounts, including checking accounts and non- negotiable certificates of deposit.

I. The investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the investment risk constraints and liquidity needs.

J. Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial decisions.

K. The City Administrator or his/her designee is authorized with managing the investment portfolio.

L. A list will be maintained by the City's Finance Department of all financial institutions and depositories authorized to provide investment services for the City.

M. All financial institutions and broker/dealers who desire to become qualified for investment transactions must supply the following as appropriate:

- Audited financial statements demonstrating compliance with state and federal capital adequacy guidelines
- Proof of Financial Industry Regulatory Authority (FINRA)certification (not applicable to Certificate of Deposit counterparties)
- Proof of state registration
- Completed broker/dealer questionnaire (not applicable to Certificate of Deposit counterparties)
- Certification of having read and understood and agreeing to comply with the City's investment policy.
- Evidence of adequate insurance coverage.

Consolidated Fund Schedules

This schedule provides a three-year summary of the total revenues, expenditures, and other financing sources. The overview includes the totals for the proposed/adopted FY2023 & FY2022 budgets, along with the actual amounts for the FY2021.

Budget-At-A-Glance for the FY2023 Adopted Budget

	2023 Adopted	2022 Adopted	2021 Actual
Revenues			
General Fund	16,437,911	15,800,076	17,283,376
Enterprise Funds	981,500	1,528,356	1,088,986

Balanced Budget (Total Revenues - Total Expenditures + Other Financing Sources (Uses))	**(0)**	**0**	**6,108,787**

Fund Balance Summary

The City considers it essential to maintain adequate levels of fund balance to mitigate current and future risks (e.g., revenue shortfalls and unanticipated expenditures) and to ensure stable tax rates. The City classifies its governmental fund balances as follows:

Nonspendable – includes amounts that inherently cannot be spent either because it is not in spendable form (i.e. prepaids, inventories, etc.) or because of legal or contractual requirements. Restricted – includes amounts that are constrained by specific purposes which are externally imposed by (a) other governments through laws and regulations, (b) grantors or contributions through agreements, (c) creditors through debt covenants or other contracts, or (d) imposed by law through constitutional provisions or enabling legislation.

Committed – includes amounts that are constrained for specific purposes that are internally imposed by the government through formal action (resolution) made by the highest level of decision making authority (City Council) before the end of the reporting period. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. The City recognizes committed fund balances when City Council has approved a resolution/motion before the end of the fiscal year.

Assigned – includes amounts that are intended to be used for specific purposes that are neither considered restricted or committed and that such assignments are made before the report issuance date. City Council reserves the right to assign fund balance. Assigned fund balance amounts in the City's financial statements represent amounts approved by City Council to be spent on the particular purpose with the Council's further approval and knowledge.

Unassigned – includes amounts that do not qualify to be accounted for and reported in any of the other fund balance categories. This classification represents the amount of fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount.

Figure 5 provides a 5- year history of the City's General Fund unassigned fund balance. Review of figure 5 reveals a steady balance in the General Fund unassigned fund balance since FY2018.The City generally uses restricted amounts to be spent first when both restricted and unrestricted (committed, assigned, and unassigned) fund balance is available unless there are legal documents, contracts, or agreements that prohibit doing such. Additionally, the City generally would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

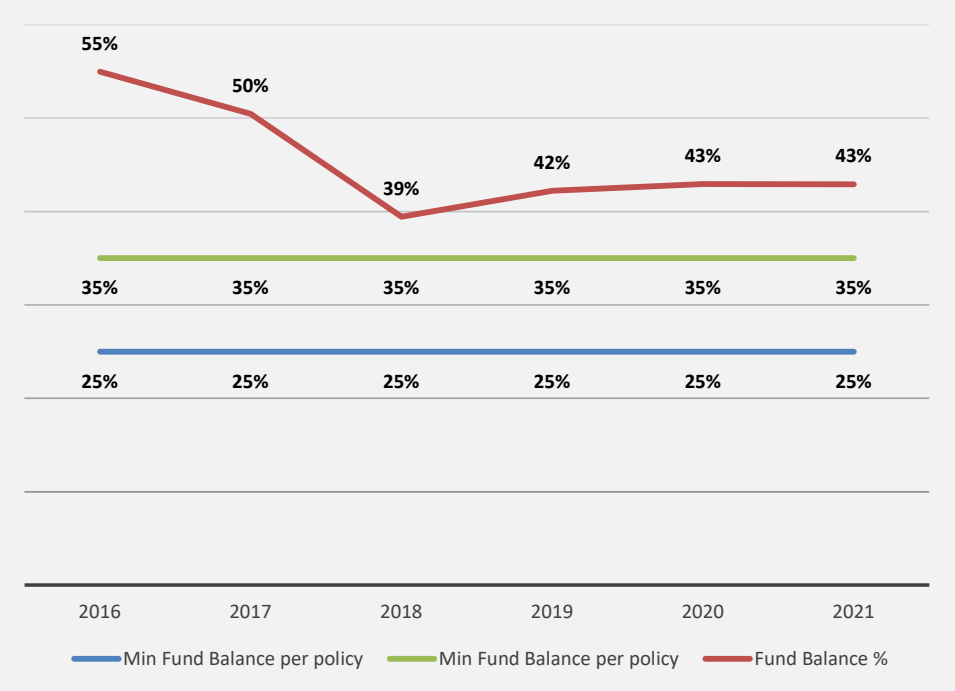

Figure 5. General Fund Unassigned Fund Balance Policy Comparison (by Percentage)

In order to meet the cash flow requirements for the City throughout the year and thus the City has a minimum fund balance policy which requires an unassigned fund balance of at least 25-35% of General Fund operating revenues.

The FY2023 budget does not rely on the City's unassigned fund balance allowing for the City to preserve an estimated 43% of General Fund operating revenues for carrying out the basic governmental functions. In addition to maintaining a strong General Fund balance, the City realizes the importance of maintaining financial resources available across funds. Table 8 illustrates the City's fund balances across all funds, per the fiscal year audit dated June 30, 2021.

Table 8. Fund Balances across all Funds

Fund	Restricted	Assigned	Unassigned	Total
General	$-	$2,945,820	$7,418,373	$10,364,193
Hospitality & Accommodations	$1,792,895	$-	$-	$1,792,895
Capital Projects	$5,390,506	$3,232,398	$-	$8,622,904
Non-Major	$642,893	$-	$-	$642,893
Total	**$7,826,294**	**$6,178,218**	**$7,418,373**	**$21,422,885**

Figure 6 illustrates the fund balances by percentage of the City combined fund balance. Review of Figure 6 reveals that the General Fund balance comprises 48% of the City's combined fund balance.

Major Revenue Sources

Most of the City's basic services are funded through four major governmental funds: General Fund; Hospitality and Accommodations Tax Fund; Fire Service Fund; and the Capital Projects Fund. Additionally, the City funds services through enterprise funds. These funds are used to account for operations that (a) are financed and operated in a manner similar to private business enterprises — where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. These funds include the Property Management Fund and the Sewer Fund. The schedule below provides an overview of the FY2023 revenues. The schedule is detailed to reflect the totals by fund. This will provide a summary of the total resources included in the FY 2023 Budget.

Revenue Source	General	Special Revenue	Fire Service	Capital Projects	Enterprise	Debt	Total
Taxes and Special Assessments	$7,501,955						$7,501,955
Licenses And Permits	7,320,500						7,320,500
Intergovernmental	785,051						785,051
Penalties and Fines	140,150						140,150
Charges For Services	102,200						102,200
Recreation Fees	116,500						116,500
Community Development Fees	20,000						20,000
Senior Center Fees	30,000						30,000
Miscellaneous Revenue	421,555						421,555
Other Financing Sources	402,122	1,156,764	1,759,004	7,922,368	135,052		11,375,310
Special Projects				257,700			257,700
Special Projects-Roads				115,000			115,000
Sewer					969,500		969,500
Hospitality & Accommodations		1,324,500					1,324,500
Health Insurance Fund		1,620,172					1,620,172
Victim Advocate		20,000					20,000
Grant Fund		-					-
ARPA		6,324,859					6,324,859
Fire Service			2,806,717				2,806,717
Sports Center		240,545					240,545
Debt Service						1,071,178	1,071,178
Property Management					12,000		12,000
Other		140,000					140,000
Total	**$16,840,033**	**$10,826,840**	**$4,565,720**	**$8,295,068**	**$1,116,552**	**$1,071,178**	**$42,715,392**

Figure 7 below illustrates the FY2023 Budget revenues by source category as a percentage.

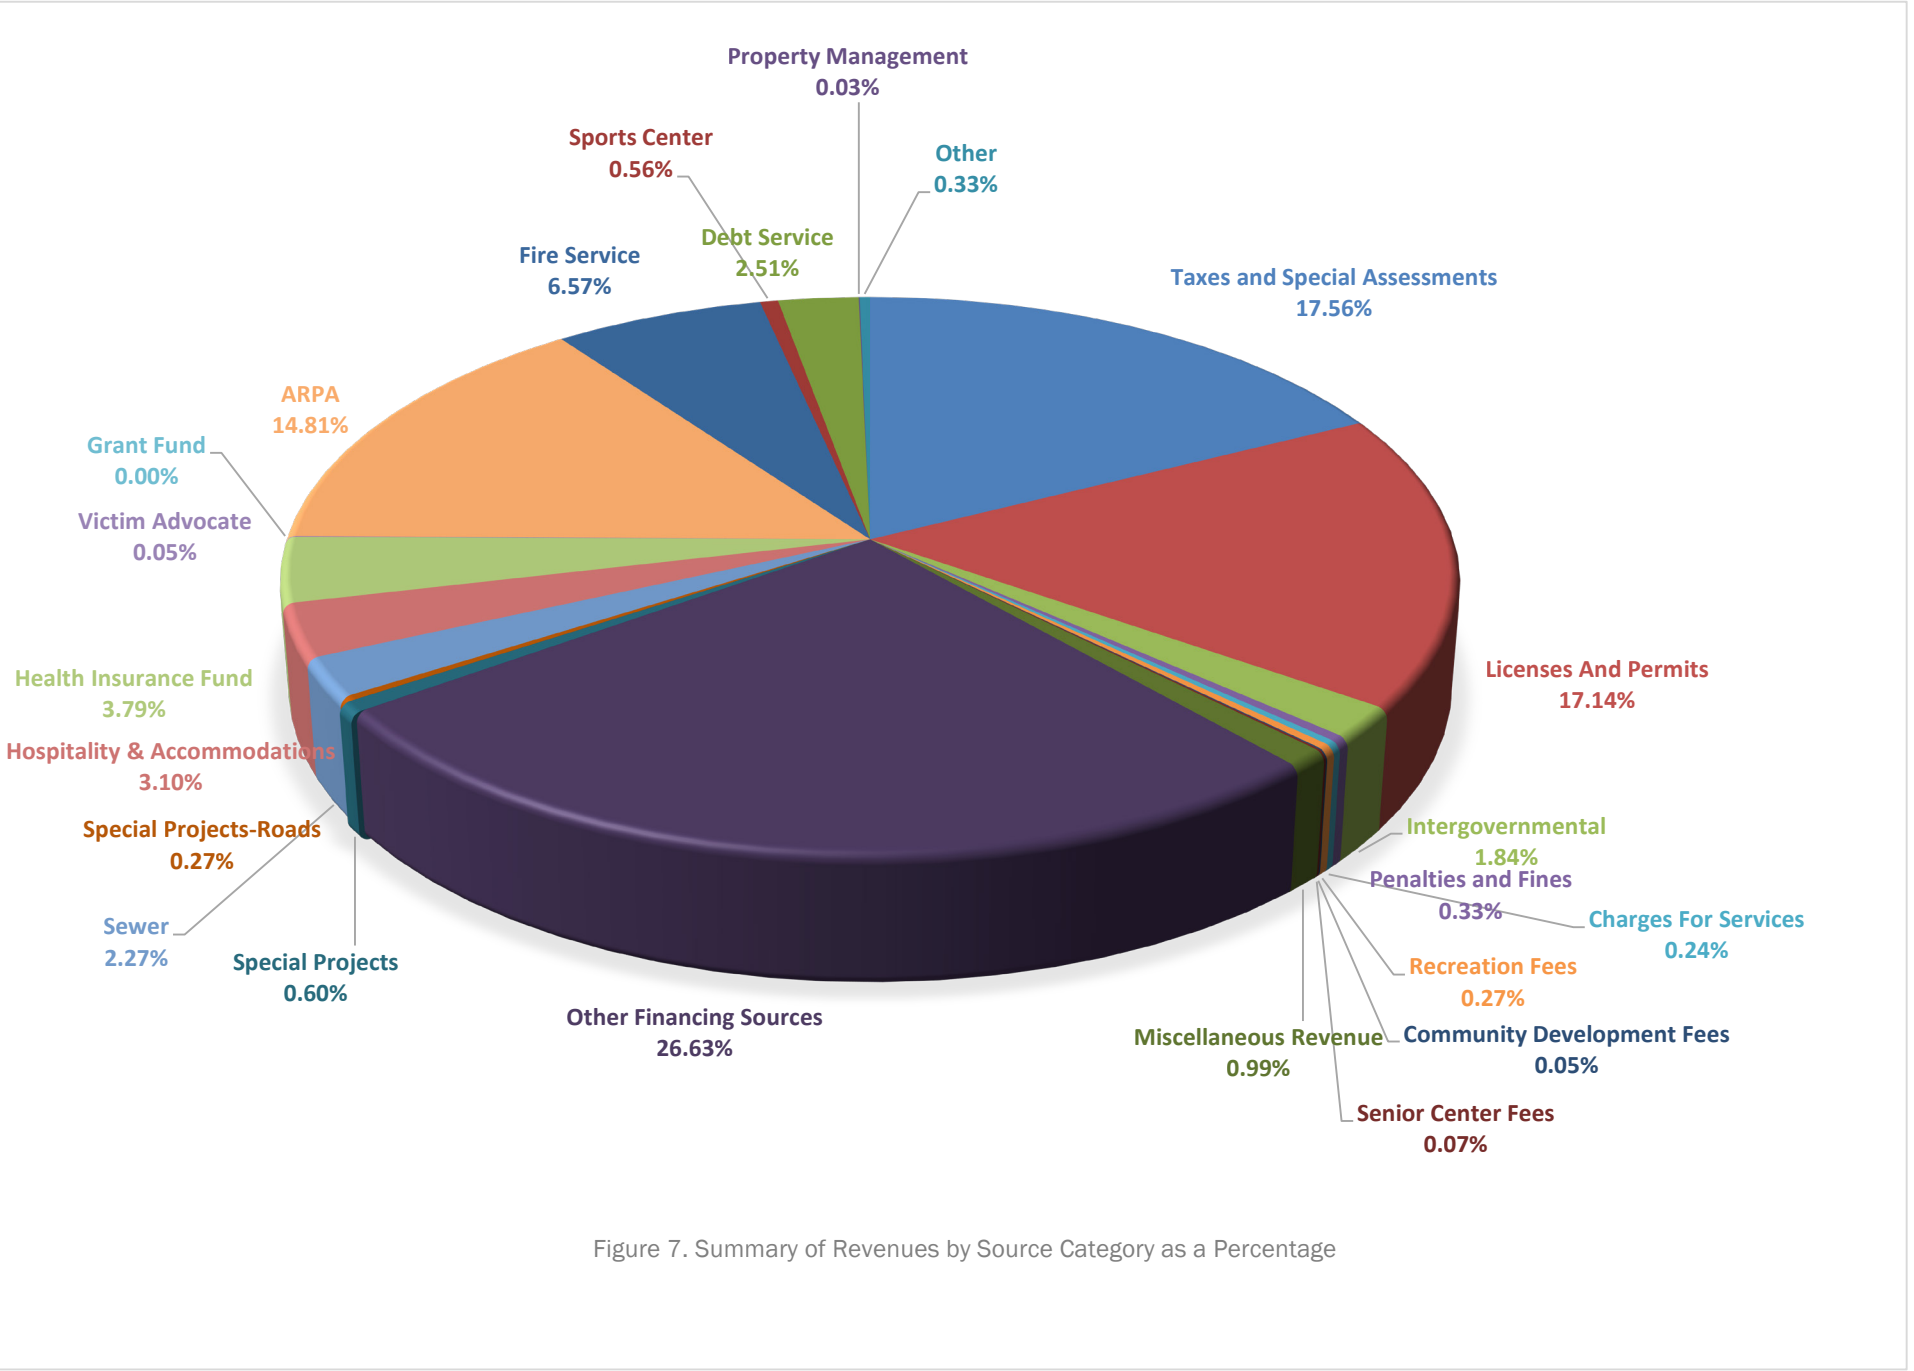

Figure 7. Summary of Revenues by Source Category as a Percentage

Figure 7 illustrates the percentage of each revenue source by fund for FY2023. The General Fund accounts for 39% of the City's revenues for FY2023.

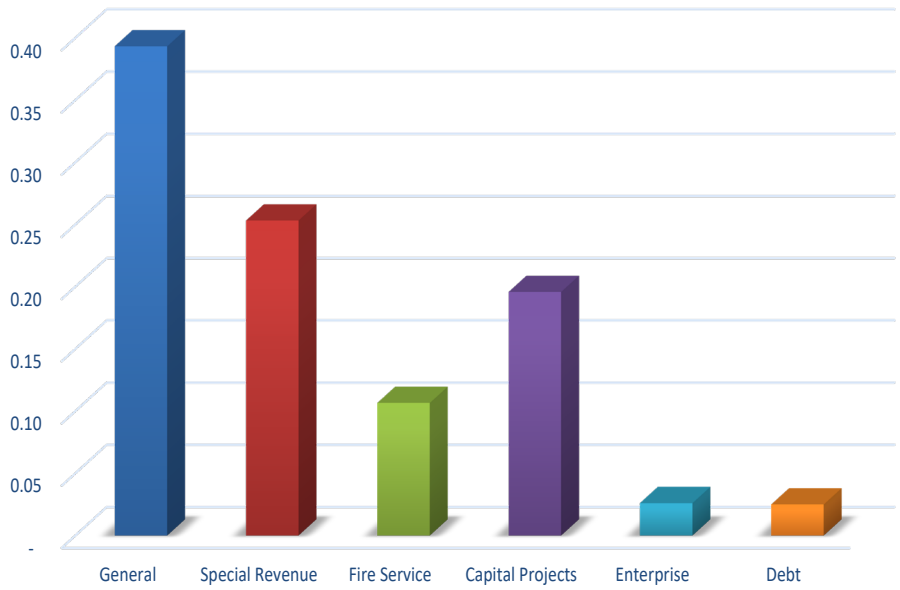

Figure 7. Revenue Source Percentages by Fund

General Fund Revenues

The General Fund is the largest fund and accounts for all expenditures of the City except for those costs attributed to the Sewer Fund, the Hospitality and Accommodations Tax Fund, the Fire Service Fund, the Sports Center Fund, and the Debt Service Fund. Funding for the City's basic governmental activities, including police, fire protection, recreation, public works, legal and administrative services is provided through the General Fund.

The FY2023 General Fund budget is $16,840,033. This represents a General Fund increase of 5.9 % from the adopted FY2022 budget. The primary sources of General Fund revenues are ad valorem property tax-es and business licenses, and permits, as detailed in the figure 8 below by percentage:

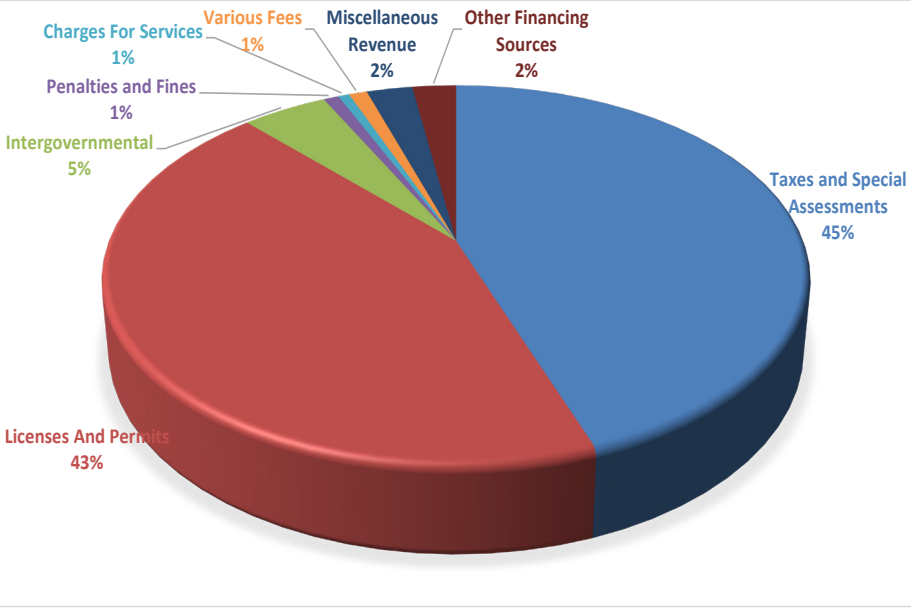

Figure 8. General Fund Revenues by Percentage

Property Taxes

Property taxes constitute the largest source of the City's revenues, amounting to $7,269,166 for FY2022 with $7,501,955 projected for FY2023.

Property taxes are levied on all residential, commercial, and personal property in the City of Mauldin. In the FY2023 budget, property taxes comprise 45% of all General Fund revenues, excluding General Fund balance transfers.

The tax levy on a piece of property is determined by market value, assessment ratio, and millage rate.

- Market value is determined by the Greenville County Assessor's Office using a variety of factors such as size, condition, location, and recent selling prices of comparable properties.
- The assessment ratio is a percentage, which is multiplied by the appraised market value of a property to determine the assessed value. Owner-occupied residences are assessed at 4%, commercial properties and motor vehicles at 6%, personal property at 10%, and industrial and utilities at 10.5%.
- Millage is a term used to describe the rate of taxes levied. A mill is a unit of value calculated at one dollar per one thousand dollars of assessed value.

The South Carolina State Code of Laws limits the annual percentage increase in the millage rate to the increase in the Consumer Price Index plus the annual projected increase in population, with the exception that a municipality may utilize any allowed, but unused millage rate increase for the three previous tax years.

Licenses and Permits

The City levies licenses and permits for a variety of functions, such as business license and building permits. Licenses and permits represent the second largest revenue source for the City, comprising approximately 43% of all General Fund revenues in the FY2023 budget. The most significant source is the business license tax, which is levied based upon each $1,000 of gross receipts, sales, or premiums of business conducted within the corporate limits of the City during the preceding calendar year. Non-business permits, which include building and other permits, are collected from new construction and renovation projects. License and non-business permits have a revenue estimate of $7,320,500. This recognizes an increase of 4.3% from the FY2022 adopted budget of $7,020,000.

Intergovernmental

Intergovernmental revenues are generated from agreements with from other governmental entities, such as Federal, State or County governments. This also includes grants and allocations from County, State, and Federal governments. The largest source of these revenues is the Aid-to-Subdivisions, distributed quarterly from the Local Government Fund. The Local Government Fund is state-shared revenue is generally distributed on a pro-rata basis according to population to counties and cities within the state. In the FY2023 budget, revenues from these sources total $785,051, an increase of 1.9% from the FY2022 adopted budget of $770,160 which is primarily due to a decrease in expected grant funds.

Charges for Services

In the General Fund these charges for services include alarm fees, various recreation fees and senior center fees. In the FY2023 budget, revenues from these sources total $102,200, an inecrease of 231% from the FY2022 adopted budget of $30,850.

Fees and Fines

The City's charges fees associated with providing a service, permitting an activity, or imposing a fine or penalty. This consist of fines imposed and collected by the Municipal Court for misdemeanor crimes, moving traffic violations, and court costs. The City also levies fees levied on business corporations in return for granting a privilege sanctioning a monopoly, or permitting the use of public property, usually subject to regulation, including franchise fees. In the FY2023 budget, revenues from these sources total $306,650, a increase of 1% from the FY2022 adopted budget of $301,650.

Interest

The City earns interest from the investment of available cash during the fiscal year. Commensurate with its investment policy, the City's operating funds are maintained in interest bearing checking accounts. Additionally, reserves and funds not required for the maintenance of a positive cash flow position (time deposits held in savings accounts or as Certificates of Deposits) are maintained in accounts bearing the highest interest rates available to the City. In the FY2023 budget, revenues from these sources total $50,000, a decrease of 57% from the FY2022 adopted budget of $115,000.

Miscellaneous Revenue and Other Financing Sources Revenues

These revenues consist of debt proceeds and operational transfers from a fund receiving revenue to the fund through which the resources are to be expended. In the FY2023 budget, revenues from these sources total $773,677, an increase of 96% from the FY2022 adopted budget of $394,993, which is primarily due to not having any planned capital projects using fund balance. Additional information on those projects is included in the Capital Improvement Plan section of this document.

By policy, revenues are conservatively estimated. Historically, the General Fund revenues have grown modestly. Figure 9 provides a 10-year historical trend of the budgeted General Fund revenues versus the actual General Fund revenues:

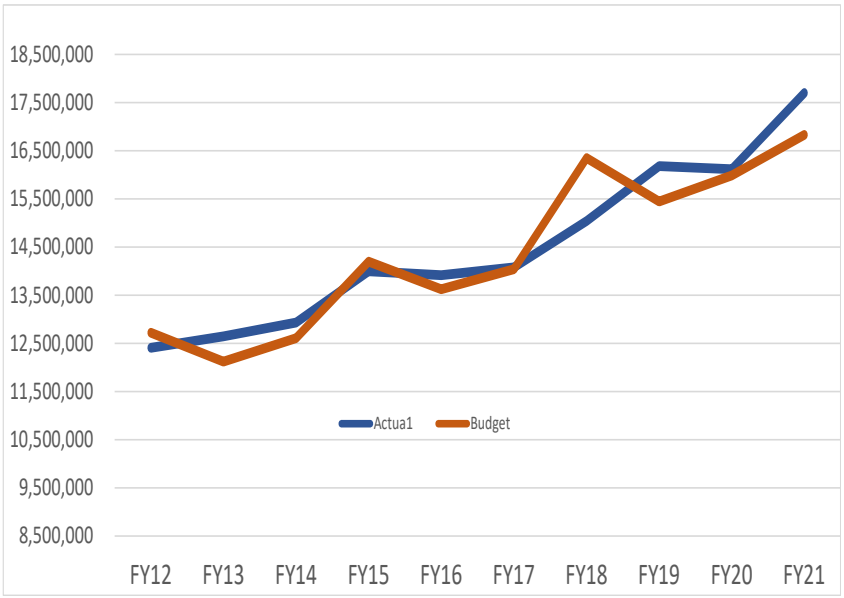

Figure 9. General Fund Revenues (Budgeted vs. Actual)

Special Revenue Fund Revenues

Special revenue funds are used to account for and report the proceeds of specific revenue sources (that are expected to continue to comprise a substantial portion of the inflows of the fund) that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The primary sources of Special Revenue Fund revenues are Hospitality and Accommodations Taxes, Fire Service funds, and non-major Special Revenue funds.

Hospitality and Accommodations Tax Fund Revenues

This fund, a major special revenue fund and a budgeted fund, is used to account for and report the financial resources received and disbursed related to the City's 2% fee imposed on prepared food and beverage sales (hospitality tax) and the rental of accommodations (accommodation tax) within the City limits. These funds are restricted and thus can only be spent for tourism related expenditures. The FY2023 Hospitality and Accommodations Tax Fund budget totals $1,487,481 compared to the FY2022 adopted Hospitality and Accommodations Tax Fund budget of $1,506,727.

Fire Service Fund Revenues

This fund, a major special revenue fund and a budgeted fund, is used to account for the activities of the City's Fire Department. Revenues of this fund are generated from a separate millage set by Greenville County and charged to residents of the fire service area. These funds are restricted for the payment of fire department expenditures. The FY2023 Fire Service Fund budget totals $4,565,720 compared to the FY2022 adopted Fire Service Fund budget of $4,377,435. Given that the revenues from the fire service area millage are not enough to cover the Fire Department's expenditures, the fund is augmented by operational transfers of revenues from the General Fund.

Non-major Special Revenue Funds Revenues

These, non-major special revenue funds, consist of the Alcohol Enforcement Police Forfeitures and Seizures, Sports Center fees, Miscellaneous Grants, Victims' Assistance, Multi-County Parks, City Health Fund, ARPA and Police Community. In the FY2023 budget for these funds totals, in the aggregate, totals $9,339,359 compared to the adopted FY2022 budget for these funds in the amount of $2,442,455.

The FY2023 Special Revenue Funds budget totals $15,392,560 compared to the FY2022 adopted Special Revenue Funds budget of $8,326,617.

Figure 10 illustrates the FY2023 Special Revenue Funds budget by source as a percentage.

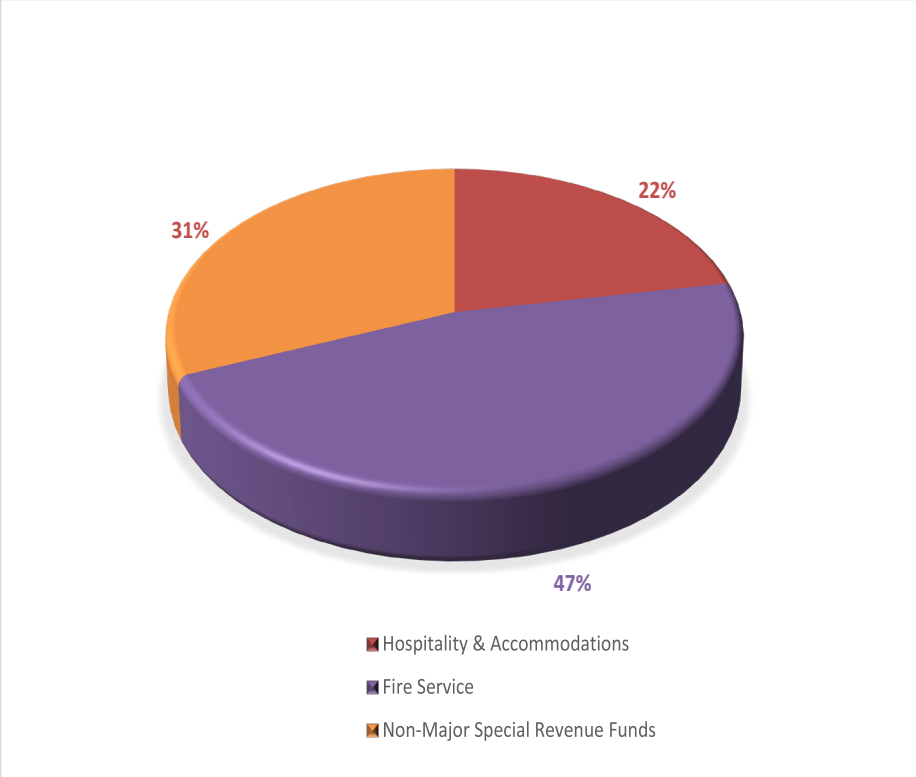

Figure 10. Special Revenue Funds by Source as a Percentage

Enterprise Funds Revenue

Enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises — where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes

Figure 11 provides a 10-year historical trend of the budgeted Special Revenue Fund revenues versus the actual Special Revenue Fund revenues. The historical trends of each Fund are used to augment the City's budget development process.

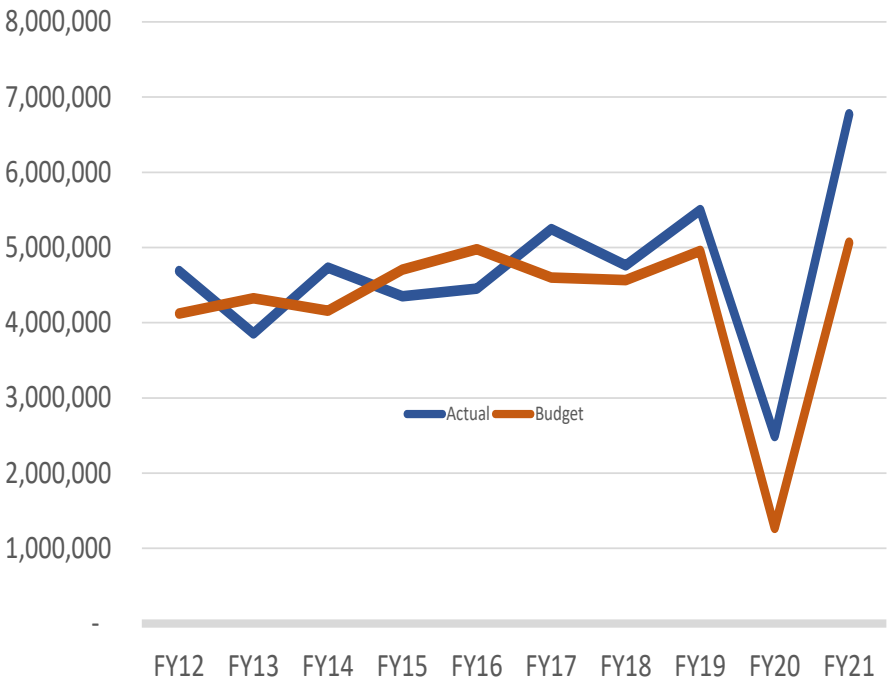

Figure 11. Special Revenue Fund Revenues (Budgeted vs Actual)

Sewer Fund Revenue

The sewer fund, a major enterprise fund and budgeted fund, is used to account for all activities of the City's sewer operations. The revenues of this fund are generated through a sewer maintenance fee charged to customers. These funds are restricted for the payment of sewer expenses. In the aggregate, the FY2023 Sewer Fund budget totals $1,042,899 compared to the total FY2022 adopted Sewer Fund budget of $1,474,500.

Property Management Fund Revenue

The property management fund, a major enterprise fund and budgeted fund, is used to account for operations of facilities leased to the private sector. The City leases a cabin facility located 101 E. Butler Rd to an ice cream shop. This shop is a family owned business in the restaurant industry. In the aggregate, the FY2023 Property Management Fund budget totals $73,654 compared to the total FY2022 adopted Property Management Fund budget of $98,709.

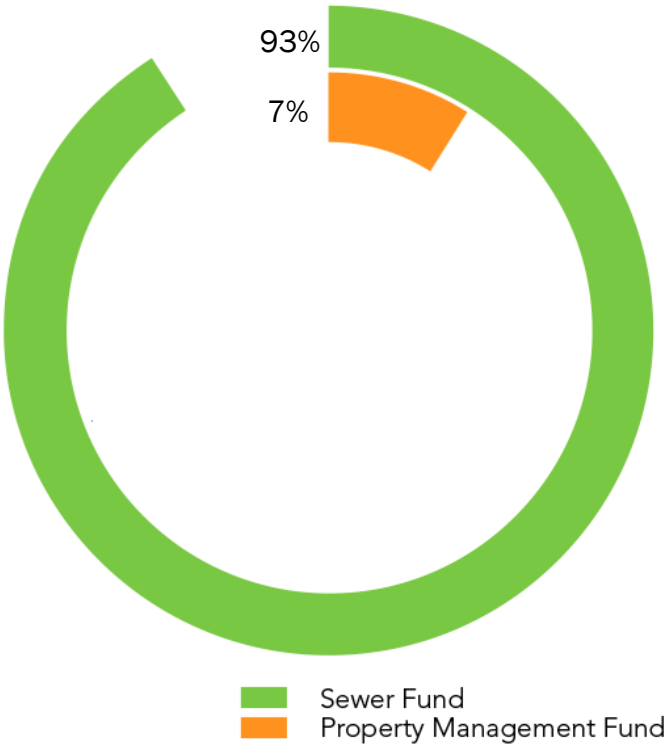

Figure 12. Enterprise Fund by source as a Percentage

In the aggregate, the FY2023 Enterprise Fund totals $1,116,552 compared to the total FY2022 adopted Enterprise Fund budget of $1,573,209. Figure 12 illustrates the FY2023 Enterprise Funds budget by source as a percentage of the overall Fund.

Given that the enterprise funds are used to account for operations of the City's sewer and property management enterprises, the revenues earned are based on user charges. Thus, any fluctuation in revenues are tied directly to changes in user charges. Figure 13 provides a 10-year historical trend of the budgeted Enterprise revenues versus the actual Enterprise revenues.

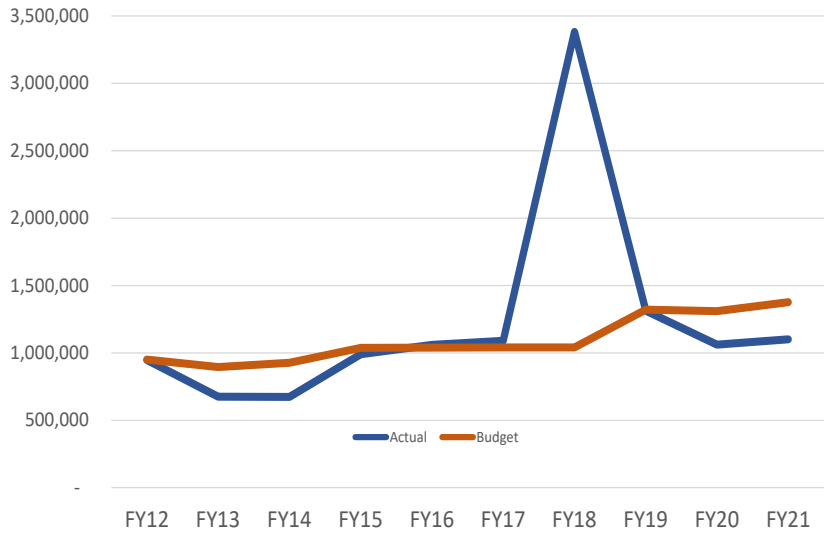

Figure 13 Enterprise Fund Revenues (Budgeted vs. Actual)

Debt Service Fund Revenue

Debt Service Fund revenues consist of transfers in from General Fund, Capital Fund, and Hospitality and Accommodations Tax Fund. The Debt Service Fund covers the payment of principal and interest attributable to General Obligation Bonds, Tourism Revenue Bonds, Loan Payable, Revenue Bond and Capital leases.

The City's General Obligation have an AA rating from Standard & Poor's and an A1 rating from Moody's. For the City's General Obligation Refunding bonds the bonds have an AA- rating from Standard & Poor's and an Aa2 rating from Moody's.

The State limits the amount of general obligation debt that cities can issue to 8% of the assessed value of all taxable property within the City's corporate limits. The City is authorized by state statute to exceed the legal debt margin of 8% if citizens of the City approve such additional debt. As of June 30, 2021, the City had $4,095,000 of outstanding general obligations bonds subject to the 8% limit of approximately $10,304,943 resulting in an unused legal debt margin of approximately $6,209,943.

The FY2023 Debt Service Fund budget totals $1,071,178 compared to the FY2022 adopted Debt Service Fund budget total of $1,631,491 as detailed in Figure 14.

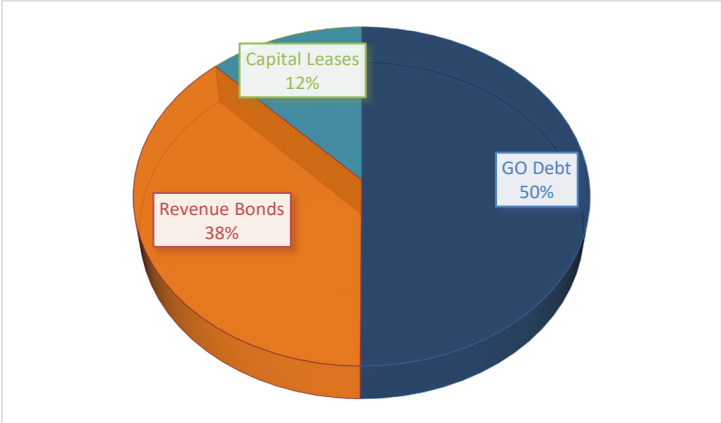

Figure 14. Debt Service Budget by Debt Type Percentage

Figure 15 provides a 10-year historical trend of the budgeted Debt Service Fund revenues versus the actual Enterprise revenues.

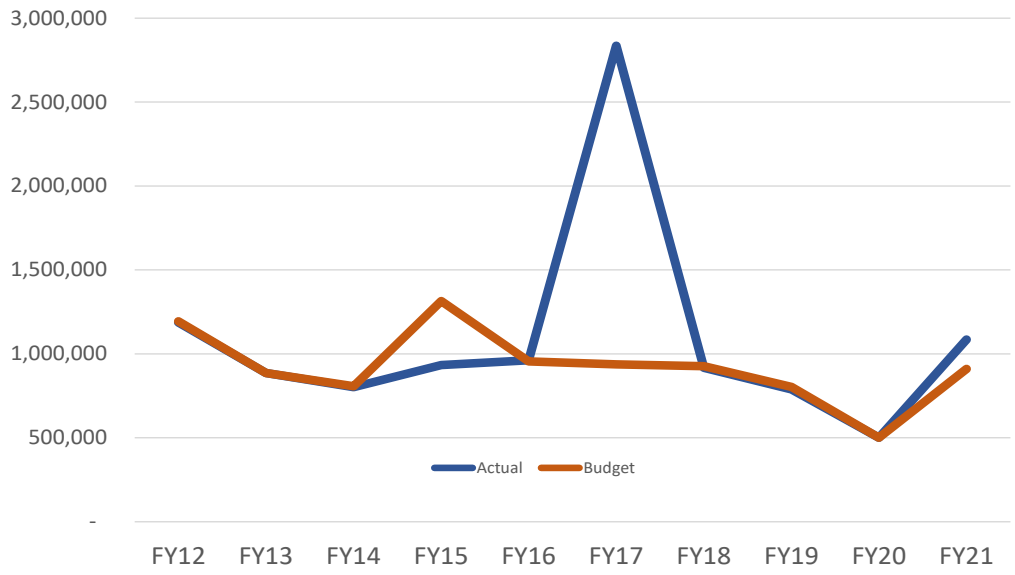

Figure 15. Debt Service Fund Revenues (Budgeted vs Actual)

Capital Projects Fund Revenue

The Capital Projects Fund accounts for (a) the acquisition, construction, or renovation of major capital facilities; (b) ongoing major improvement projects which usually span more than one year; and (c) major equipment or other capital asset acquisitions which are not financed by another fund.

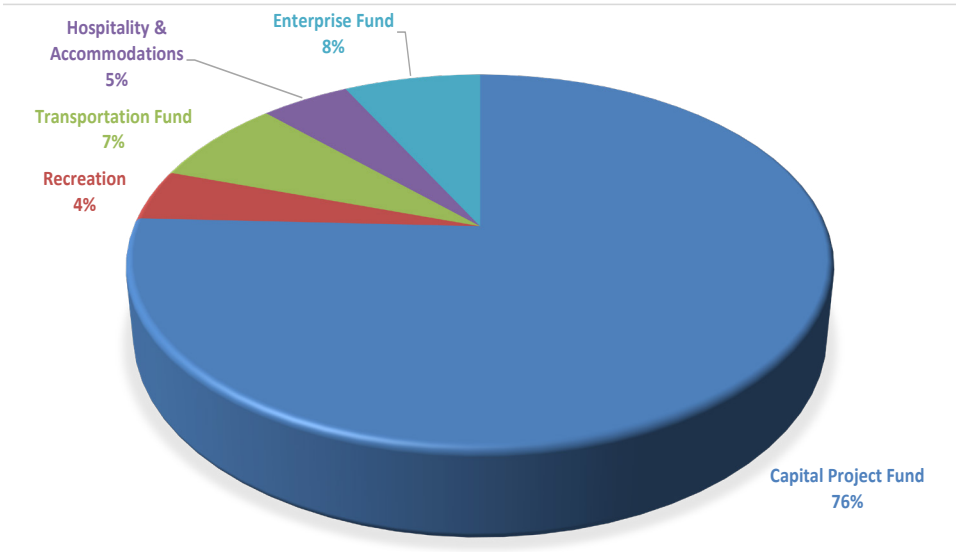

Figure 16. Capital Project by Funding Source

The revenues in the Capital Project fund consists of transfers from the General Fund, Special Revenue Fund, Enterprise Fund and proceeds from the issuance of bonds. The FY2023 Capital Projects Fund supports the Capital Improvement Plan which totals $8,295,068 compared to the FY2022 adopted Capital Projects Fund budget of $15,399,588.

Figure 16 illustrates the Capital Projects Fund by revenue source. Additional details regarding this funding source is provided in the Capital Improvement Program section of this document.

Figure 17 provides a 10-year historical trend of the budgeted Capital Project Fund revenues versus the actual Enterprise revenues.

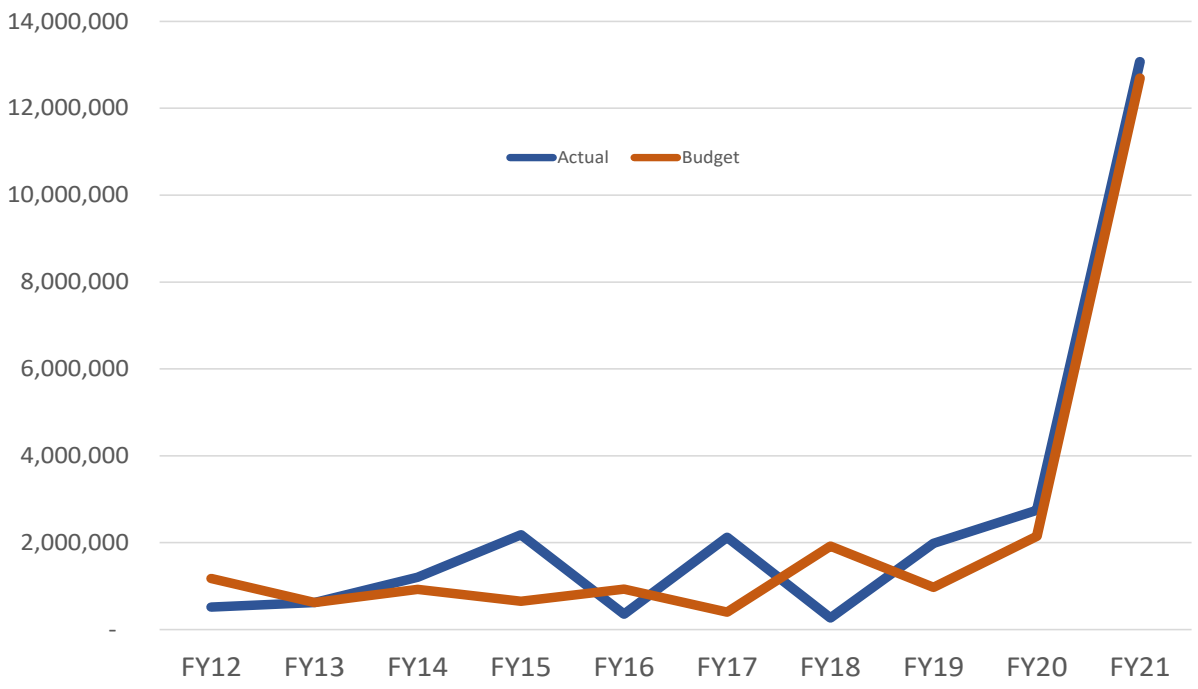

Figure 17. Capital Project Fund Revenues (Budgeted vs Actual)

ARPA Fund

As proposed, the FY2023 appropriates Federal funding provided to the City through the Coronavirus Local Fiscal Recovery Fund. This Fund was established under H.R. 1319, better known as the American Rescue Plan Act of 2021 (ARPA). Through ARPA, the City is slated to receive a total of $12,649,717 in Federal funds. The City received the first tranche or $6,324,859 of these funds in October 2021. The second tranche or $6,324,859 is expected to be provided to the City in October 2022.

The ARPA funding is appropriated to cover qualified ARPA expenditures pursuant to the U.S. Treasury Final Rule via the City's General and Capital Projects Fund to: 1) address the reduction in revenue experienced by the City due to the COVID-19 public health emergency for the provision of government services; and, 2) fund necessary improvements to the City's infrastructure (i.e., stormwater and sewer) and capital improvement to enhance the City's response to the COVID-19 public health emergency.

City Council

The Mauldin City Government operates as a council form of government with seven Elected Officials, including a Mayor, and six appointed positions with the overall goal of developing growth and providing residents a place they can proudly call home.

Mission Statement

To provide the leadership and appropriate quality services needed to continue Mauldin as a highly desirable place to live and work.

Vision

Provide an environment that enhances the Quality of Life for all Citizens.

Budget Highlight

City Council is funded through the City-wide General Fund. The expenditures are detailed by sub-categories in the table below:

Finance

Mission Statement

To provide accounting, financial operations and reporting services to City departments, citizens, and other users of the City's financial information. Finance manages, directs, and safeguards the assets of City of Mauldin.

Goals and Objectives

- Ensure Accounts Payable transactions are processed and recorded to the City's general ledger in a timely and accurate manner.
- To ensure sewer system revenues are available to meet the respective sewer system expenditures needs by maintaining the customer's receivable accounts at a current aging level and by making sure delinquent accounts are made current or disconnected in a timely manner.
- To ensure City of Mauldin employees are paid in an accurate and timely fashion by having voids or manual payroll checks less than 1% of total payments
- Efficiently administer grant funding in accordance with both Federal and City guidelines.
- Complete the annual audit in compliance with the new GASB Reporting Model, to complete the CAFR within 6 months of year end and to submit the CAFR to the Government Finance Officers Association Certificate of Achievement for Excellence in Financial Reporting.
- Prepare monthly financial reports by the end of the month for the preceding month through the continued automation of the financial reporting process utilizing the financial system.

City Administration

Mission Statement

The City Administration includes the City Administrator's Office, the Clerk to Council and Human Resources Department. The City Administrator is responsible to the City Council for the proper administration of the policies and affairs of the City. The Clerk to Council provides direct support to City Council preparing the minutes of the Council meetings, maintaining the Council calendar and scheduling Council appointments. The Human Resources Department is responsible for administering the City's personnel system.

Goals and Objectives

- Provide the City Council with information, guidance and leadership in matters of policy determination
- Assure accountability by working with departments in developing leaders, implementing the policy directives of City Council and evaluating departmental performance measures to improve efficiency and effectiveness of City operations
- Oversee the execution of the City's annual budget in a fiscally sound manner
- Support the development of City's human resources and work culture
- Ensure that City resources are used to address Citywide issues to foster sustainable, livable and safe communities
- Manage the overall operations of the City in an efficient and effective manner.

Budget Highlight

The City Administration is funded through the City-wide General Fund. The expenditures are detailed by sub- categories in the table below:

Police

Mission Statement

The mission of the Mauldin Police Department is to enhance the quality of life in the City of Mauldin by working cooperatively with the community to reduce the fear of crime and the occurrence of crime through joint crime prevention and reduction strategies.

The Mauldin Police Department's vision is to become a model for excellence in the law enforcement profession, while always bearing in mind, that our ultimate responsibility is the protection of our community through a guardian mindset and the heart of a servant. All of our employees are expected to be leaders in initiating and maintaining positive relationships with members of our community. These community bonds will form a medium where public safety concerns can be anticipated and addressed.

The Mauldin Police Department is divided into three (3) major divisions and several subdivisions called units, teams, squads or sections. The major divisions consist of the Office of the Chief of Police(administrative), the Field Operations Division(patrol function), and the Support Division (detectives, school resource officers (SRO's), communications, training, animal/codes enforcement, and reserve officers).

Goals and Objectives

- Identify and implement approaches for addressing crime and the fear of crime that can more effectively reduce both reported and non-reported crimes of all types. Giving priority to addressing those crimes and conditions that most directly impact community livability.
- Create a more involved, responsible community by building stronger community partnerships, improving customer service, providing more open and responsive communications, and delivering programs that promote involvement in problem solving and crime prevention.
- Provide training, leadership and diverse approaches that are consistent with the mission and values of community policing. Strengthen staff skill levels and morale. Ensuring that staff development is consistent with community characteristics and needs. Ensure work environments that enhance customer service, innovation, personal accountability, and teamwork.
- Develop planning, evaluation, analysis, and fiscal mechanisms to ensure responsive feedback, practical long-range planning, and effective budget and fiscal management.

Budget Highlight

The City Police Department is funded through the City-wide General Fund and Special Revenue Funds available through Federal and State Grants. The expenditures are detailed by sub-categories in the table below:

Police Fiscal Plan 2023

	FY2021 Actual	FY2022 Budget	FY2023 Budget	Difference (2022-2023)	(%) Difference
Personnel Expenditures	$4,048,090	$4,471,226	$4,649,600	178,374	4%
Operating Expenditures	$549,001	$616,185	$627,111	10,926	2%
Non-Capital Expenditures	$53,684	$80,630	$85,524	4,894	6%
Total	**$4,650,775**	**$5,168,041**	**$5,362,236**	**194,195**	**4%**

Fire

Mission Statement

The mission of the Fire Department is to protect lives and property against fire, other natural and/ or man-made disasters, medical emergencies and hazards through administration, suppression, code enforcement, community risk reduction and certified medical first response. We engage the community in our Mission through progressive community involvement to enhance the quality of life in the City of Mauldin and the Mauldin Fire Service Area of Greenville County.

Goals and Objectives

- Maintain a safe working environment for all employees by providing proper personal protective equipment, adequate procedures for emergency operations and adequate training for hazards that may be encountered.
- Prepare employees to provide a high level of service to our citizens through daily shift training, ensuring competencies and efficiency.
- Provide for succession planning through continuous education and training opportunities within the MFD Career Development Program.
- Meet or exceed all benchmarks to maintain our current ISO Community Protection Classification.
- Provide proper levels of staffing, apparatus and equipment through budget management, planning and coordination of budget and capital request to the City Administrator. Continue to research grant opportunities, accessing funding sources such as the LEPC and nurturing relationships with benevolent industries.
- Continuously work towards a safe environment for citizens to work, live and play through enforcement of adopted codes and recommendations for best practices for safety.
- Continue to evolve our community risk reduction efforts in our community by providing fire safety education and building relationships with those in our community.
- Provide a medical response system of certified Paramedics and EMT – Basics, to deliver a high quality level of pre-hospital patient care in partnership with Greenville County EMS and our two hospital systems.
- Continue to build our relationships with all of our mutual aid partners, Greenville County Emergency Response Team and Greenville County Emergency Management to enhance overall response capabilities for significant responses in our response area.

Budget Highlight

The Fire Department is funded through the City-wide General Fund and the Special Revenue Fund via revenues generated through the Mauldin Fire Service Area. The expenditures are detailed by sub-categories in the table below:

Fire Fiscal Plan 2023

	FY2021 Actual	FY2022 Budget	FY2023 Budget	Difference (2022-2023)	(%) Difference

Public Works
Sewer Division

Mission Statement

To maintain, and enhance the sewer system collection lines, manholes and pump stations to provide for sanitary disposal of wastewater in a cost efficient manner and protect the City's natural resources.

Goals and Objectives

- Perform ongoing and preventative maintenance on the sewer system collection lines, manholes and pump stations.
- Provide excellent customer service when interacting with members of the public and responding to request for service.
- Assist in the development of the City Capital Improvement Plan by developing maintenance plans for the grounds of City facilities, parks, buildings and street Right-of-Ways
- Work with City staff and developers to expand service areas to meet and promote growth within the jurisdictional boundaries of the City.
- Proactively develop and provide recommendations to improve the City's overall wastewater collection system
- Promote continuous improvement of the City's collection system by providing input into the City's Capital Improvement Plan

Performance Measures

Sewer Projects:

- Completion of sewer projects funded in the Capital Improvement Program
- Development and implementation of proactive recommendations for improving the City's sewer infrastructure

Manhole and Collection System Maintenance:

- Identifying and developing solutions to improve the City's collection system by tving and actively monitoring manholes, basins and pump stations
- Timely responses and actions to requests from the public and City staff for addressing concerns attendant to the City's sewer system

New Development Review:

- Provide timely review of sewer collection design plans for new developments
- Provide accurate inspections of sewer collection system to ensure compliance with the City's standards

Budget Highlight

The Sewer Division is an Enterprise fund and is funded through the City-wide sewer fees. The expenditures are listed detailed by sub-category in the table below:

Public Works
Street Division

Mission Statement

To provide excellent maintenance of City-owned streets and infrastructure to promote health and safety for residents and visitors and to enhance economic development efforts within the jurisdictional boundaries of the City.

Goals and Objectives

- Maintain and enhance City streets, storm drains and other public infrastructure assets
- Maintain various drainage ditches by keeping them free of debris to permit adequate stormwater flow
- Provide logistical support to other City operations as needed
- Evaluate existing drainage problems, prepare improvement plans and implement recommended improvements
- Assist in the development of cost estimates for large infrastructure and drainage related capital improvement projects
- Oversee, coordinate and support the City's road repaving program

Performance Measures

Drainage Projects:

- Completion of drainage projects funded in the Capital Improvement Program
- Development and implementation of proactive recommendations for improving the City's stormwater drainage infrastructure

Road Paving:

- Identifying and developing solutions to improve roads in the City's road inventory through the City's repaving program
- Timely responses and actions to requests from the public for addressing concerns attendant to roads within the City's inventory

New Development Review:

- Provide timely review of road design plans for new developments
- Provide accurate inspections of new road developments to ensure compliance with the City's road standards

Budget Highlight

The Streets Division is funded through the City-wide General Fund. The expenditures are detailed by sub-categories in the table below:

Public Works
Sanitation Division

Mission Statement

To ensure residential garbage, recyclable materials and yard debris are collected and removed in a timely, courteous and cost efficient manner.

Goals and Objectives

- Provide excellent customer service when interacting with members of the public and responding to request for service
- Assist in the development of the City Capital Improvement Plan by developing maintenance plans for equipment and fleet needs of the Department
- Adhere to the yard debris, trash and recycling collection schedules
- Proactively develop and provide recommendations improve the City's sanitation operations to facilitate continuous improvement
- Improve public awareness of the City's collection schedule and program

Performance Measures

- Respond to all pickup requests within 24-72 hours
- Development and publication of new public educational materials
- Begin transition to an automated trash & recycling collection system
- Implement an in-house truck driving training program to increase cross training of truck operators
- Reduction in the calls for service for trash, yard debris and recycling collections

Budget Highlight

The Sanitation Division is funded through the City-wide General Fund. The expenditures are listed detailed by sub-category in the table below:

Public Works Administration

Mission Statement

To improve the quality of life for all City residents through a responsive, efficient, and effective delivery of services to every neighborhood and business and by reflecting a can-do attitude with our citizens as well as other City entities. Public Works Administration provides leadership, guidance and operational direction to the Streets, Sanitation, Park Maintenance, Sewer and Fleet Maintenance Divisions of the Department of Public Works.

Goals and Objectives

- Improve intra-departmental communication to facilitate improved response times to requests for service
- Oversee the execution of the budget in a fiscally sound manner
- Maintain a professional and collegial work environment
- Manage the overall operations of the Public Works Department in an efficient and effective manner.

Performance Measures

- Increased Public Works representation in departmental meetings
- Improve response times of the Department's Divisions to requests for service from City Departments and members of the public.

Budget Highlight

Public Works is funded through the City-wide General Fund. The expenditures are detailed by sub-categories in the table below:

Public Works
Fleet Maintenance

Mission Statement

To maintain the City's fleet of vehicles and equipment to ensure safe operations and safeguard the public investment.

Goals and Objectives

- Provide excellent support to City Departments by being proactive in maintaining the City's fleet
- Identify and develop recommendations to improve the efficiency in the manner in which the City's fleet is managed

Performance Measures

- Timely completion of scheduled fleet & equipment maintenance
- Reduce fleet maintenance and repair costs
- Begin implementation of the SyncUp Fleet software to manage the City's vehicle fleet

Budget Highlight

The Fleet Management Division is funded through the City-wide General Fund. The expenditures are detailed by sub-categories in the table below:

Public Works Fleet Maintenance Fiscal Plan 2023

Public Works
Parks & Grounds Maintenance

Mission Statement
To provide excellent maintenance of City buildings, grounds and facilities to promote pride of ownership and safe-guard public investment into City facilities in a cost efficient manner.

Goals and Objectives
- Perform ongoing and preventative maintenance on the grounds of all City facilities, parks, buildings and street Right-of-Ways
- Provide excellent customer service when interacting with members of the public and responding to request for service
- Assist in the development of the City Capital Improvement Plan by developing maintenance plans for the grounds of City facilities, parks, buildings and street Right-of-Ways
- Improve City equipment reliability by maintaining a preventive equipment maintenance program
- To maintain, enhance the city's park, and green space assets for maximum enjoyment by residents and visitors

Performance Measures
Request for Service:
- Timely responses and actions to requests from the public and City staff for addressing concerns attendant to the maintenance of City grounds

Continuous Ground Maintenance Improvement:
- Identifying and developing solutions to improve the aesthetics of the City grounds
- Evaluate and monitor the City grounds and equipment to provide recommendations for inclusion in the City's Capital Improvement Program

Budget Highlight
The Park Maintenance Division is funded through the City-wide General Fund. The expenditures are detailed by sub-categories in the table below:

Recreation

Mission Statement

Mauldin Recreation is purpose driven to deliver exceptional recreation programming that not only meets, but exceeds the expectations of our residents. The Recreation Department is inclusive of the Sports Center and the Ray B. Hopkins Senior Center.

Goals and Objectives

- Provide a safe, clean, friendly environment for our citizens and participants in the Recreation Department programs
- Support the extension of the Swamp Rabbit trail into Mauldin
- Assist in the development of cost estimates for recreation related capital improvement projects
- Elevate the effectiveness of recreation related community involvement and outreach to increase partnerships/collaborations with community stakeholders
- Provide oversight of the Recreation, Sports Center and Senior Center programmatic and fiscal operations

Budget Highlight

The Recreation Department is funded through the City-wide General Fund. The expenditures are detailed by sub-categories in the table below:

Sports Center

Mission Statement

Mauldin Sports Center, where you can expect great things, is devoted to strengthening the community through programs that promote total wellness, unique fitness, and quality relationships.

Goals and Objectives

- Improve the marketability of the City's Sports Center to attract a diverse membership pool
- Develop and implement mechanisms to continuously improve the City's recreational programming guest experiences at recreational facilities
- Assist in the development of cost estimates for facility and fitness related capital improvement projects

Budget Highlight

The Sports Center is funded through the City-wide General Fund. The expenditures are detailed by sub-categories in the table below:

Sports Center Fiscal Plan 2023

Ray Hopkins Senior Center

Mission Statement

The mission of the Ray B. Hopkins Senior Center is to involve and inform active Senior Citizens (55 & up) by providing quality programs, services and activities. We strive to contribute to each person's mental, physical and social well-being by reinforcing the belief that age has no boundaries and that each person has a vital role in the community.

Goals and Objectives

- Provide safe and quality programs for senior citizens
- Empower senior citizens to stay active and healthy
- Provide opportunities for community involvement and networking

Budget Highlight

The Senior Center is funded through the City-wide General Fund. The expenditures are detailed by sub-categories in the table below:

Senior Center Fiscal Plan 2023

Community Development

Mission Statement

The mission of the Community Development Department is to market, develop and enhance business opportunity and citizen life in Mauldin. The department facilitates community development through cultural arts and long-term help create synergy and engagement, giving citizens and businesses a sense of place.

Mauldin has a rich heritage that begins with its citizens. Our community is a place where integrity, resourcefulness, and faith are the bedrock principles upon which we thrive. Quality of life in our community is assured through wholesome recreation, cultural enrichment, and community engagement. Housing opportunities, business enterprises, and employment opportunities make Mauldin the heartbeat of the Upstate.

Goals and Objectives

- Provide oversight of the department's programmatic operations and department-wide fiscal management, including the Cultural Center
- Develop programing to create synergy and citizen engagement Citywide
- Identify and leverage unused city resources currently available to promote community development
- Raise awareness of and recruit partnership opportunities for programming of cultural arts and facilitating City infrastructure improvement
- Development working relationships with local businesses, non-profit organization and faith-based entities.
- Utilize programming to engage and recruit business opportunities for the City

Budget Highlight

The Community Development Department is funded through the City-wide General Fund and the Special Revenue Fund via the Hospitality and Accommodations Tax Fund. A new marketing and events coordinator position was added to this Department to improve the marketing efforts of the Cultural Center and support the City Council and Department specific goals for this component of the City's service portfolio. The expenditures are detailed by sub-categories in the table below:

Community Development Fiscal Plan 2023

Capital Improvement Program

Capital Improvement Program Overview

The City of Mauldin's FY2023 – FY2032 Capital Improvement Program is a comprehensive 10-year Capital Improvement Plan (CIP) which identifies current and future fiscal requirements and is the basis for determining annual capital budget expenditures. The primary sources of funding for the CIP are sewer fee revenues, hospitality and accommodations tax revenues, general fund revenues and capital project fund revenues.

Capital improvements are major projects or programs undertaken by the City for the procurement, construction, or installation of facilities or major assets, equipment and vehicles necessary to meet regulatory requirements and/or improve, preserve, maintain or enhance the City's delivery of quality services to the City's residents. A capital project has a useful life of at least five (5) years and a total cost of at least $5,000.

As it relates to the operating CIP budget, the CIP are only those projects that are requesting new budget approval in the upcoming budget year, FY2022-2023. The operating CIP budget for FY2022-2023; heretofore known as the FY2023 Capital Budget, is approved by Council on a total project basis; however, City Council approval may be required for the actual implementation of the projects. Although no City Council approval is required for the purchase of budgeted items up to or less than the budgeted amount, contracts related to these projects are presented to and approved by City Council. After the end of each fiscal year, an analysis is prepared by the Finance Department that compares each approved CIP budget to what was spent during the prior fiscal year. Any remaining budgeted unspent funds can be carried forward to the current year's budget via a budget amendment.

The FY2023 Capital Budget totals $8,295,068 and utilizes a combination of financing through a combination of pay-as-you-go (PAYGO) ($1,365,622), PAYGO Hospitality and Accommodations ($325,000) prior year debt service proceeds ($4,455,000), and ARPA funds ($4,940,735).

Through the allocation of these resources, the City will be able to continue to address vehicle and equipment needs in the Public Works, Fire and Police Departments; continue enhancements of the City's parks and recreational facilities; and continue addressing the City's infrastructure needs.

FY2023 Capital Budget Highlights

Given the aforementioned information, you may wish to note the following points regarding the CIP:

Repaving of City-owned Roads: The CIP provides funding to repaving the City worst rated roads through the established Transportation Fund. The Fund has been charged with $300,000 to continue road improvements. The City will leverage these funds to take advantage of the C-Funds 1:1 matching program to increase the available funding for the road paving projects.

Investment in Existing Facilities and Parks: As proposed, the FY2023 Budget prompts the resurfacing basketball courts at City Park ($10,000) and Sunset Park ($10,000); replacement of HVAC systems at City facilities ($165,000); replacing the roof of the Sports Center ($150,000), resurfacing the Public Works Facility parking lot ($250,000); adding cameras to the City's parks ($30,000); replacing fencing at Sunset Park ($25,000); and, lighting upgrades to the Cultural Center ($75,000).

Continued Transition to Automated Trash Service: The FY2023 Capital Budget includes funding for the purchase of two new automated side loading trash trucks, increasing the City's total fleet of side loading trash trucks to five. With this investment, the City will be able to transition all of its public trash service operations to automation. Historically, the City has relied on inmates from the SC Department of Corrections to ride on the back of the trash and recycling trucks. This was exacerbated during the onset of the coronavirus pandemic in the Fall of 2020 as the SC Department of Corrections no longer provided inmates. Thus, the City utilized temporary employees. Ultimately, this investment will eliminate the need for City workers to ride on the back of Public Works trucks to complete the City's trash and recycling services, thereby increasing the efficiency of the trash collection operations and reducing the staffing requirements without compromising the current level of service.

Continuation of the Three-Year City Police Patrol Fleet Replacement Program: In an effort to improve the City's existing fleet of police patrol vehicles, the 10-year capital improvement plan includes a three-year police patrol vehicle replacement plan. The first year of the program commenced in FY2022. The City's maintenance and repair costs for these vehicles have been increasing, annually, due to an aging fleet. This investment will allow for long-term cost savings, realized annually through the reduction in maintenance and repairs costs for the City's police patrol vehicles and ensure the Police Department has access to adequate patrol vehicles to provide quality public safety services.

Investment in Critical Infrastructure: The FY2023 Capital Budget, as proposed, provides funding for continued investments in the City's transportation and utility infrastructure, including the maintenance and repaving of City's owned roads, maintenance of the City's sewer infrastructure, and maintenance of the City's stormwater infrastructure.

Table 9 below provides an overview of the CIP by category:

Category	FY2023	FY2024	FY2025	FY2026	FY2027	FY2028	FY2029	FY2030	FY2031	FY2032
Buildings & Improvements	$ 4,575,736									
Other	$ 1,559,683	$ 120,000				$ 32,000				
Parks & Recreation	$ 370,000	$ 5,019,500	$2,955,500	$236,000	$ 233,000	$ 15,000	$ 30,000	$ 60,000		
Public Safety	$ 3,466,052	$ 4,678,242	$ 804,900	$106,500	$ 852,000	$ 919,300	$ 491,800	$ 587,300	$ 335,200	$173,000
Public Works	$ 1,788,000	$ 787,000	$ 719,000	$313,000	$ 484,000	$ 491,000	$ 928,000	$ 592,000	$ 900,000	$175,000
Road Infrastructure	$ 372,622	$ 300,000	$ 300,000	$300,000	$ 300,000	$ 300,000	$ 300,000	$ 300,000	$ 300,000	
Grand Total	**$12,132,093**	**$10,904,742**	**$4,779,400**	**$955,500**	**$1,869,000**	**$1,757,300**	**$1,749,800**	**$1,539,300**	**$1,535,200**	**$348,000**

Figure 21 provides the percentage of the FY2023 capital budget by category. 73% of the FY2023 capital budget is appropriated for public safety related improvements. 12% of the FY2023 capital budget funds is alloted to purchasing new Sanitation trucks for City services.

Figure 19 provides a summary of the 10-year CIP by source category. This illustrates the funding amount by category for the FY2023 – FY2032.
During its annual budgeting process, Council may amend the 10-year CIP based on its priorities.

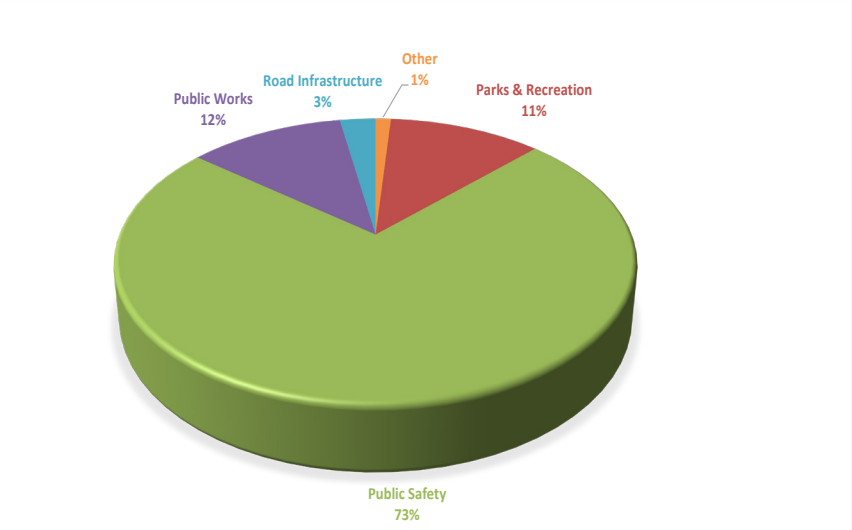

Figure 21. Percentage of FY2023 Capital Budget by Source Category

Review of Figure 22 reveals an immediate increase in funding for Parks/Recreation, Public Safety and roads over the next two fiscal years. Details regarding these investments are provided in the subsequent pages of this section of the document.

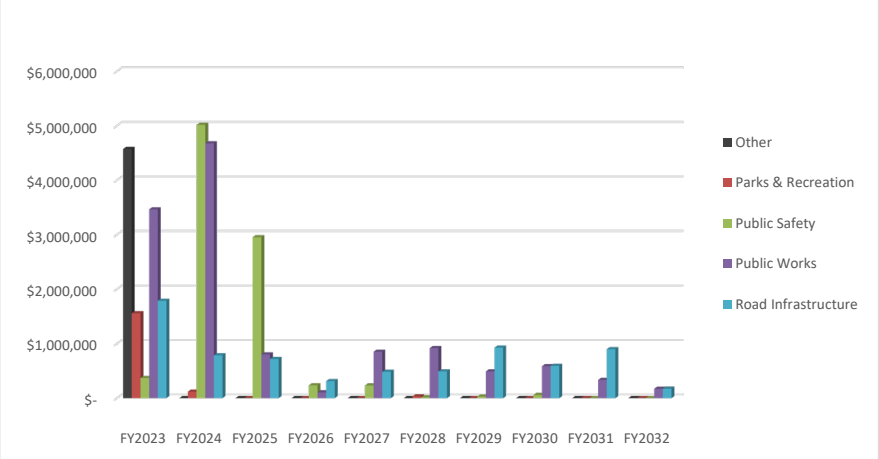

Figure 22. 10-Year CIP by Category

FY2023 Funding Narrative by Funding Source The 10-year CIP is a program that matches the City's major capital needs with the financial ability to meet those needs. As a plan, it is subject to change. However, reviewing the plan along with the funding source for each project is critical to maintaining the financial health of the City while making strategic capital investments.

The narratives below detail the manner which each funding source supports the FY2023 Capital Budget. It is worth noting that the FY2023 Capital Budget does not rely on the General Fund balance (assigned or unassigned) and will not require a millage or tax increase.

Table 10 below provides an overview of the CIP by funding source:

Funding Source	FY2023	FY2024	FY2025	FY2026	FY2027	FY2028	FY2029	FY2030	FY2031	FY2032
ARPA	$ 6,190,735	$ 452,742	$ 230,000	$ 21,000	$ 798,000	$ 950,500	$ 864,200	$ 509,300	$ 910,200	$ 335,000
Capital Project Fund	$ 348,000	$ 5,326,000	$ 2,699,400	$ 134,500	$ 146,000	$ 206,800	$ 220,600	$ 390,000	$ 25,000	$ 13,000
Hospitality & Accommodati	$ 345,000	$ 4,316,000	$ 1,050,000	$ 200,000	$ 200,000					
Bond Proceeds	$ 4,575,736									
Enterprise Fund	$ 300,000	$ 510,000	$ 500,000	$ 300,000	$ 425,000	$ 300,000	$ 365,000	$ 340,000	$ 300,000	
Transportation Fund	$ 372,622	$ 300,000	$ 300,000	$ 300,000	$ 300,000	$ 300,000	$ 300,000	$ 300,000	$ 300,000	
Grand Total	**$ 12,132,093**	**$ 10,904,742**	**$ 4,779,400**	**$ 955,500**	**$ 1,869,000**	**$ 1,757,300**	**$ 1,749,800**	**$ 1,539,300**	**$ 1,535,200**	**$ 348,000**

Figure 23 provides the percentage of the FY2023 Capital Budget by funding source. 63% of the FY2022 Capital Budget is pay as you go coverage with ARPA funds being used to fund major City initiatives with Sewer ans Stormwater. Figure 2 provides a summary of the 10-year CIP by source category. This illustrates the funding amount by category for FY2023 – FY2032.

Review of Figure 23 reveals that the primary funding source for the FY2023 Capital Budget is pay as you go from the Capital Projects fund.

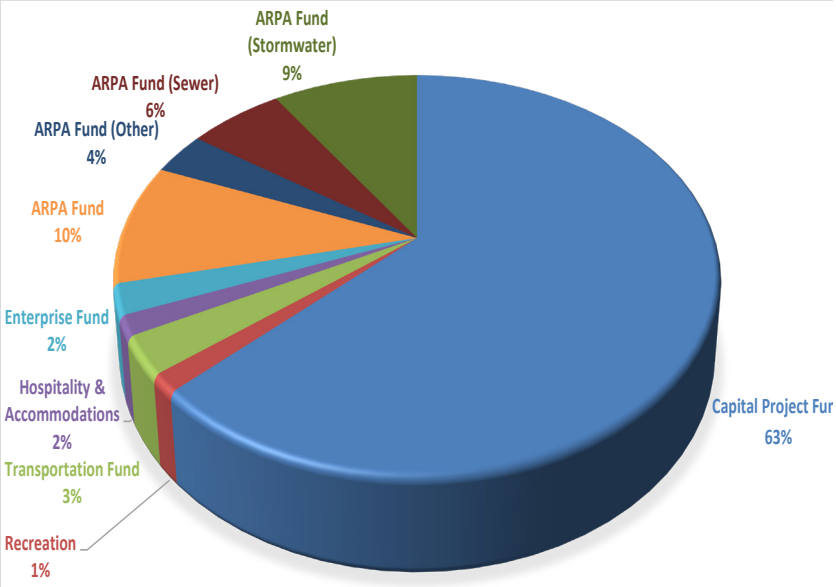

Figure 23. Percentage of FY2022 Capital Budget by Funding Source

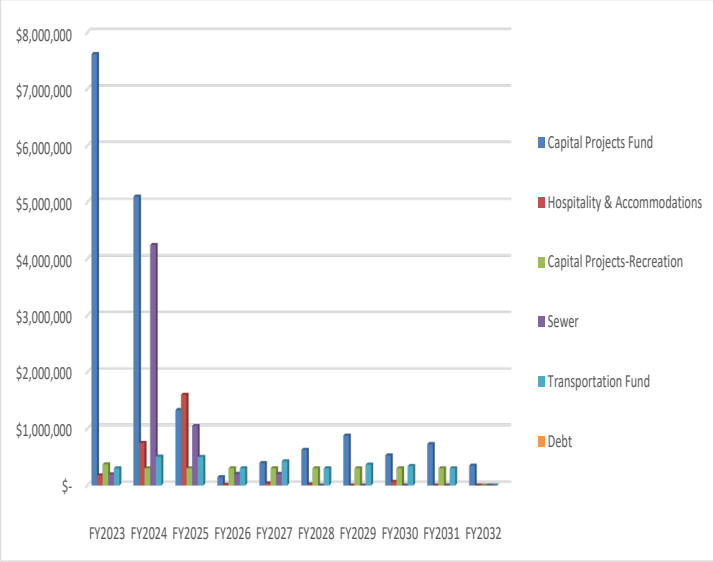

Figure 24. 10-Year CIP by Funding Source

Capital Project Fund

The items funded out of the Capital Fund balance will be paid for using the City's cash reserves in the Fund. You may wish to note that in Fall 2021, the Council added approximately $1.8M to the Capital Fund Balance of surplus revenues from the budget closeout of FY2021. Staff recommends that Council continues to add 50% of surplus revenues, if available, to the Capital Fund Balance, annually. The City's capital fund balance to date is $2,981,904. Figure 24 illustrates the Capital Improvement Plan by Funding Source.

Transportation Fund

The Transportation Fund was created and charged with sufficient revenues to establish a sustainable process for repaving the City worst rated roads, exploring, improving and constructing sidewalks, trails, and multi-use paths along City owned streets. Annually, a minimum of 2 mills are placed in the Transportation Fund to continue road improvements. The City will leverage these funds to take advantage of the C-Funds 1:1 matching program to increase the available funding for the road paving projects.

Hospitality and Accommodations Tax Fund

The hospitality and accommodation tax (H&A) fund is used to account for and report the financial resources received and disbursed related to the City's 2% fee imposed on prepared food and beverage sales (hospitality tax) and the rental of accommodations (accommodation tax) within the City limits. These funds are restricted and thus can only be spent for tourism related expenditures. The H&A Fund Balance to date is $1.792,895. Over the past three fiscal years, the City has received an estimated $1M in H&A funding.

Sewer Fund

The Sewer Fund is used to account for all activities of the City's sewer operations. The revenues of this Fund are generated through a sewer maintenance fee charged to customers. These funds are restricted for the payment of sewer expenses.

ARPA Fund

As proposed, the FY2023 Capital Budget appropriates $4,940,735 Federal funding provided to the City through the Coronavirus Local Fiscal Recovery Fund. This Fund was established under H.R. 1319, better known as the American Rescue Plan Act of 2021 (ARPA). Through ARPA, the City is slated to receive a total of $12,649,717 in Federal funds. The City received the first tranche or $6,324,859 of these funds in October 2021. The second tranche or $6,324,859 is expected to be provided to the City in October 2022.

The ARPA funding is appropriated to cover qualified ARPA expenditures pursuant to the U.S. Treasury Final Rule via the Capital Projects Fund to: 1) address the reduction in revenue experienced by the City due to the COVID-19 public health emergency for the provision of government services; and, 2) fund necessary improvements to the City's infrastructure (i.e., stormwater and sewer) and capital improvements to enhance the City's response to the COVID-19 public health emergency.

Debt

The City's Debt Service Fund covers the payment of principal and interest attributable to the City's Obligation Bonds. As proposed, no debt will be issued for the FY2023 Budget. However, debt service proceeds totaling $4,455,000 from the City's issuance of General Obligation Bonds and Installment Purchase Revenue Bonds in prior fiscal years will fund ongoing capital project initiatives.

Capital Project Fund

The items funded out of the Capital Fund balance will be paid for using the City's cash reserves in the Fund. At a minimum, any surplus revenues from the budget closeout at the end of the fiscal year, if available, are added to the Capital Fund Balance. Items funded with this revenue source are done so as PAYGO. The City's capital fund balance to date is $2,981,904.

CIP Detail Budget Summary (Appendix A)

The CIP Budget Summary details the City's capital outlay for the next 10 fiscal years and including the attendant budgetary information (cost estimates, description and funding source).

FY2023 Capital Project Budget Sheets (Appendix B)

The Capital Project budget sheets detail the following for FY2023 capital projects:

- Cost estimates for the City's FY2023 capital projects
- Descriptions of each project
- Costs and funding source of each project

CIP Detail Budget Summary

Overview of FY2023 Capital Improvement Items

Dept Name	Item	Fund	Funding Source	Description & Justification	FY2023
Fire	Firefighter Gear Replacement	ARPA Fund	ARPA	Reserve amount to purchase - NFPA mandates gear replacement at 10 year interval.	$ 200,000.00
Fire	HVAC at the new Fire Station	ARPA Fund	ARPA Other		$ 421,500.00
Fire	Stormwater at the new Fire Station	ARPA Fund	ARPA Stormwater		$ 331,668.00
Police	Police Marked Patrol Units (Sedans/SUV)	ARPA Fund	ARPA	Reserve amount for next year's 18 Patrol Units	$ 990,000.00
	Complete Sewer work/equipment in Prority Areas	ARPA Fund	ARPA Sewer		$ 734,925.37
	Stormwater Improvements	ARPA Fund	ARPA Stormwater	Stormwater Improvements	$ 734,757.37
BDS	Building and Development Services Upfit	Capital Project Fund	ARPA		$ 30,000.00
Capital	Bridgeway Pedestrian Bridge	Capital Project Fund	Bond Proceeds	Continuation of the spending down bond proceeds for the bridge	$ 4,455,000.00
Fire	Fire Department Pickup Trucks	Capital Project Fund	ARPA		$ 50,000.00
Fire	Extrication Equipment	Capital Project Fund	ARPA	Replaces extrication equipment from late 1970's that is more reliable and has updated battery technology.	$ 140,752.00
Fire	Turn out gear Washer/ Extractor	Capital Project Fund	Capital Project Fund	This purchase is a replacement washer/ extractor for firefighting tirnout gear to remove cancer causing contaminants	$ 15,000.00
Fire	Fire Station 47 (Station Generator)	Capital Project Fund	Capital Project Fund		$ 20,000.00
Fire	Updates to façade and interior of Station	Capital Project Fund	Capital Project Fund		$ 25,000.00
Police	Turn-Key ready Police Units (SUV)	Capital Project Fund	ARPA	To replace K9 vehicles vehicles within the patrol fleet (44,000)	$ 44,000.00
Police	800Mhz Motorola APX Handheld Radio	Capital Project Fund	ARPA	To replace all radios which have an end of life on January 1 2025	$ 114,148.32
Police	800Mhz Motorola APX In-Car Radio	Capital Project Fund	ARPA	To replace all radios which have an end of life on January 1 2025	$ 123,984.00
Police	Police Marked Patrol Units (Sedans/SUV)	Capital Project Fund	ARPA	To replace marked vehicles vehicles within the patrol fleet ($51,700	$ 990,000.00
PW	Public Works Leaf Truck - Sanitation	Capital Project Fund	ARPA		$ 350,000.00
PW	Public Works Grapple Truck - Sanitation	Capital Project Fund	ARPA		$ 325,000.00
PW	PW Side-Loader Trash Truck - Sanitation	Capital Project Fund	ARPA		$ 550,000.00
PW	Bagging riding mower	Capital Project Fund	Capital Project Fund		$ 13,000.00
PW	Pave PW Parking Lot	Capital Project Fund	Capital Project Fund		$ 250,000.00
Sewer	Complete Sewer work in Prority Areas	Enterprise Fund	PayGO Sewer		$ 300,000.00
CC	Amphitheater lighting/sound	Hospitality & Accommoda	Hospitality & Accommodations	add lighting and sound to outdoor amphitheater	$ 75,000.00
Rec	Cameras at City, Pineforest, Springfield, Sunset Park, and Sports Center	Hospitality & Accommoda	Hospitality & Accommodations	Cameras at City parks	$ 30,000.00
Rec	Fencing at Sunset Park Lower Playground, Baseball, Miracle League, and Soccer Fields	Hospitality & Accommoda	Hospitality & Accommodations	A portion of fencing at Sunset Park	$ 50,000.00
Rec	Basketball court at City Park	Hospitality & Accommoda	Hospitality & Accommodations	Basketball court at City Park	$ 10,000.00
Rec	Basketball court at Sunset	Hospitality & Accommoda	Hospitality & Accommodations	Basketball court at Sunset	$ 10,000.00
PW	Sports Center Roof Replacement	Recreation	Hospitality & Accommodations	Replace the roof on the Sports Center	$ 150,000.00
Rec	New Vehicles	Recreation	PayGO	Vehicles (2)	$ 45,000.00
Capital	Road Paving	Transportation Fund	PayGO Trans	Resurfacing the City's roads per list	$ 372,622.00
	TOTAL				$ 11,951,357.06

Rec	Pickleball at Sunset Park and City Park	Capital Project Fund	Addition of pickleball Court to Sunset and City Park		$ 6,000.00								
Rec	Fencing at Pineforest Park	Capital Project Fund	Fencing at Pineforest Park		$ 9,500.00								
Rec		Capital Project Fund	Rubber Flooring from free weights area to universal machine		$ 15,000.00								
Rec	Scoreboards at Sunset Park	Hospitality & Accommodations	Replacing the scoreboards at Sunset Park		$ 15,000.00								
Rec	New scoreboards at Springfield Park	Hospitality & Accommodations	Replacing scoreboards at Springfield Park		$ 15,000.00								
CC	Cultural Center HVAC Replace	Capital Project Fund			$ 18,000.00					$ 8,000.00			
Police	Polaris Pro XD 4000G AWD	Capital Project Fund	To better provide support on the trails, Bridgeway project and Downtown project		$ 23,500.00								
Rec	Sports Center Carpet Replacement	Hospitality & Accommodations	Replace the old carpet in the Sports Center		$ 40,000.00								
Rec	Sen Center Replace HVAC systems	Capital Project Fund					$ 20,000.00			$ 22,000.00			
Rec	Turf at Pineforest Park	Capital Project Fund	Turf at Pineforest Park		$ 45,000.00								
Rec	Sports Center HVAC Replace/repair	Capital Project Fund				$ 300,000.00							
Sewer	Mini Excavator	Enterprise Fund						$ 125,000.00					
Rec	Shade Structure at Springfield Park	Hospitality & Accommodations	Shade Structure at Springfield Park		$ 171,000.00								
Rec	Developing land next to Sunset Park	Hospitality & Accommodations	Developing land next to Sunset Park		$ 200,000.00	$ 200,000.00	$ 200,000.00	$ 200,000.00					
Rec	New Universal equipment on fitness floor	Capital Project Fund	New Universal equipment on fitness floor		$ 200,000.00								
Rec	New Restroom/Concessions at Springfield Park	Hospitality & Accommodations	New Restroom/Concessions at Springfield Park		$ 250,000.00								
Rec	Shelter at Pineforest Park	Capital Project Fund	Shelter at Pineforest Park		$ 300,000.00								
Fire	Fire Apparatus: Rescue truck	Capital Project Fund	Replaces 2004 unit. Currently has approximately 67,000 actual miles. When adjusted for engine hours, the unit has over 210,000 miles.		$ 700,000.00								
Rec	New Basketball Court Expansion	Hospitality & Accommodations	New Basketball Court Expansion		$ 2,600,000.00								
BDS	Replace 2019 Dodge Ram Truck	Capital Project Fund	Need to replace approx. every 10 years						$ 32,000.00				
CC	Basement	Hospitality & Accommodations	Renovate the basement boiler room by finishing them out		$ 400,000.00								
CC	Offices at Cultural Center	Hospitality & Accommodations	Expand offices designating add conference room		$ 150,000.00								
CC	Cultural Center Gallery	Hospitality & Accommodations	Build new are gallery			$ 500,000.00							
CC	Water feature Gallery	Hospitality & Accommodations	Add water feature to gallery hill expansion			$ 350,000.00							
Finance	New Financial Software	Capital Project Fund			$ 120,000.00								
Fire	Fire MDT Computers	Capital Project Fund					$ 9,000.00	$ 10,000.00	$ 12,000.00			$ 10,000.00	$ 13,000.00
Fire	Fire Station #2 HVAC system	Capital Project Fund			$ 7,000.00								
Fire	Fire Apparatus: Pumper	Capital Project Fund	This will be an additional engine added to the fleet in anticipation of continued annexation and growth.			$ 670,000.00							
Fire	Add 5th fire station	Capital Project Fund	With continued annexation and growth to the southwest of the City, a new fire station will be needed to keep up with growth. Does not include property.		$ 3,500,000.00								
Fire	Replace roof - Miller Rd	Capital Project Fund	Replace roof - Miller Rd Fire Station		$ 24,000.00								
Fire	Repairs to façade and interior Station 47	Capital Project Fund	Update the façade and interior for Station 47		$ 25,000.00								
Fire	Inflatable Fire Safety House	Capital Project Fund	This unit replaces existing fire safety house. The new unit will have more flexibility where we can utilize for Community Risk Reduction Activities.			$ 9,500.00							
Fire	Firefighter Gear Replacement	Capital Project Fund	NFPA mandates gear replacement at 10 year interval. * ARPA		$ 64,000.00	$ 65,900.00	$ 68,000.00						
Fire	Replace Heart Monitor	Capital Project Fund	Replace Lifepak 15 Heart Monitor					$ 44,000.00	$ 45,300.00	$ 46,600.00	$ 48,000.00		
Fire	Station Cascade System	Capital Project Fund	Replace stationary cascade system - 30 years old.							$ 14,000.00	$ 16,000.00		
Fire	Replace HVAC system Fire St I	Capital Project Fund			$ 10,000.00							$ 15,000.00	
Fire	HVAC System Fire Station HQ	Capital Project Fund							$ 16,000.00	$ 16,000.00			
Fire	HVAC System Fire Station 3	Capital Project Fund							$ 14,000.00	$ 14,000.00	$ 14,000.00		
Parks	Concess. HVAC systems (3 Parks)	Capital Project Fund			$ 5,000.00	$ 5,000.00	$ 6,000.00						
Police	Police Administrative Unit (Sedan)	Capital Project Fund	To replace unmarked vehicles within the fleet ($38,500)		$ 38,500.00				$ 38,500.00	$ 38,500.00			
Police	K-9 Purchase	Capital Project Fund	This line will be needed in 2024/2026 to replace K-9's who will be at the point of medically retiring due to age.		$ 8,500.00		$ 8,500.00			$ 8,500.00			
Police	LiveScan	Capital Project Fund	Digital Scanning system for suspect/offender fingerprints directly to FBI			$ 39,500.00							
PW	PW HVAC System Replace/Repair	Capital Project Fund						$ 7,000.00	$ 7,000.00				
PW	Zero Turn Mower	Capital Project Fund			$ 12,000.00			$ 12,000.00			$ 12,000.00		
PW	Field Rake John Deere	Capital Project Fund				$ 9,000.00			$ 9,000.00				

PW	Vibratory Roller Attachment Skid Steer	Capital Project Fund			$ 20,000.00								
PW	Asphalt Milling Skid Steer	Capital Project Fund			$ 30,000.00								
PW	Public Works Truck - Parks	Capital Project Fund						$ 40,000.00					
PW	Public Works Rear Loader - Sanitation	Capital Project Fund									$ 200,000.00		
PW	Public Works Truck - Sanitation	Capital Project Fund								$ 40,000.00			
PW	Public Works Truck - Streets	Capital Project Fund			$ 40,000.00						$ 40,000.00		
Rec	New Childcare and Fitness Room Expansion	Capital Project Fund	New Childcare and Fitness Room Expansion			$ 1,600,500.00							
Rec	Renovations to lighting at Sunset Park	Capital Project Fund	Renovations to lighting at Sunset Park		$ 25,000.00								
Rec	Sound system on fitness floor-including Muzak	Capital Project Fund	Sound system on fitness floor-including Muzak		$ 10,000.00								
Rec	Replace sound sytem in group fitness room	Capital Project Fund	Replace sound sytem in group fitness room				$ 10,000.00						
Rec	New complete set of dumbbells on fitness	Capital Project Fund	New complete set of dumbbells on fitness floor					$ 8,000.00					
Rec	New tiling for for sports center upper, lower	Capital Project Fund	New tiling for for sports center upper, lower bathrooms and kitchen		$ 20,000.00								
Rec	New flooring for group fitness room	Capital Project Fund	New flooring for group fitness room					$ 25,000.00					
Rec	Replace walking track at sports center	Capital Project Fund	Replace walking track at sports center								$ 60,000.00		
Rec	Switching Equipment	Capital Project Fund	Switching Equipment						$ 15,000.00				
Rec	New Restrooms at City Park	Hospitality & Accommodations	New Restrooms, Concession and Press box at City Park		$ 275,000.00								
Sewer	Pick up Truck (Dually)	Enterprise Fund								$ 65,000.00			
Sewer	Pick up Truck	Enterprise Fund			$ 40,000.00						$ 40,000.00		
Sewer	Dump Truck	Enterprise Fund				$ 200,000.00							
Sewer	Easement Machine	Enterprise Fund			$ 70,000.00								
Sewer	Backhoe Excavator	Enterprise Fund			$ 100,000.00								
	TOTAL			$ 11,951,357.06	$ 10,879,742.00	$ 4,779,400.00	$ 955,500.00	$ 1,869,000.00	$ 1,757,300.00	$ 1,749,800.00	$ 1,539,300.00	$ 1,535,200.00	$ 348,000.00

FY2021 Capital Project Budget Sheets

FY2023 Capital Project Budget Sheet

Item:

Amphitheater Lighting and Sound

Fund:

Hospitality & Accommodations

Department:

Community Development

Name of Project:

Capital Outlay

Description of Project:

Add lighting and sound equipment to the amphitheater stage.

Project justification:

Original plans for the amphitheater included expanding sound and light capabilities. This equipment will increase productivity of performance events, add quality production value and help reduce long term costs.

Estimated Cost:

$ 75,000

CIP 5 Year Expenditure Schedule

Fiscal Year	Expenditure Amount
2023	$ 75,000
2024	
2025	
2026	
2027	

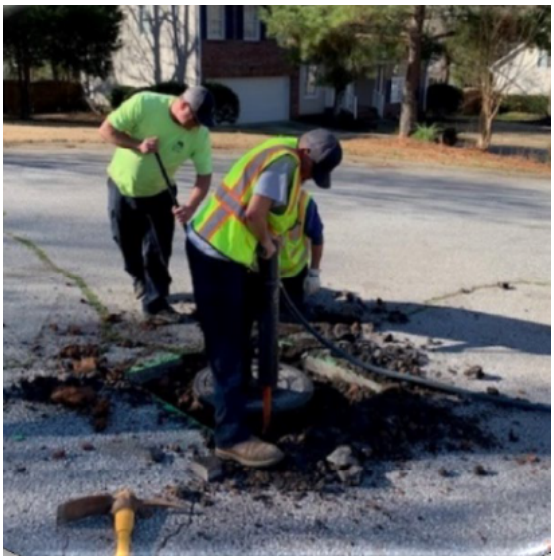

Impact on Future Budgets:

Will reduce the need to rent equipment, when needed.

FY2023 Capital Project Budget Sheet

Item:

Complete Sewer work in priority areas

Fund:

ARPA Fund

Department:

Public Works

Name of Project:

Capital Outlay

Description of Project:

Performing the needed repairs/work on the Sewer system within the City.

Project justification:

To fund necessary improvements to the City's sewer infrastructure needs by completing sewer rehabilitation and enhancement work in the City's priority areas. The sewer improvement projects will meet the guidelines of existing U.S. Environmental Protection Agency (the "EPA") Clean Water/Drinking Water Revolving Loan Fund programs.

Estimated Cost:

$ 734,925

CIP 5 Year Expenditure Schedule

Fiscal Year	Expenditure Amount
2023	$ 734,925
2024	
2025	
2026	
2027	

Impact on Future Budgets:

No impact is foreseen.

FY2023 Capital Project Budget Sheet

Item:

Stormwater work within the City

Fund:

ARPA Fund

Department:

Public Works

Name of Project:

Capital Outlay

Description of Project:

Performing the needed stormwater work within the City.

Project justification:

To fund necessary stormwater management projects that improve the City's stormwater infrastructure systems. The stormwater management projects will meet the guidelines of existing EPA Clean Water/Drinking Water Revolving Loan Fund programs.

Estimated Cost:

$ 734,757

CIP 5 Year Expenditure Schedule

Fiscal Year	Expenditure Amount
2023	$ 734,757
2024	
2025	
2026	
2027	

Impact on Future Budgets:

No impact is foreseen.

FY2023 Capital Project Budget Sheet

Item:

Bagging Riding Mower

Fund:

Capital Projects

Department:

Public Works

Name of Project:

Capital Outlay

Description of Project:

Public Works is recommending the purchase of a new bagging riding mower for the Parks Department.

Project justification:

The Parks Department mows all the City's Parks, Right-of-Ways, and some SCDOT Right-of-Ways. Staff work diligently to make repairs and keep mowers operational; however, over time mowers need replacement. A new zero turn bagging mower is recommended to keep the fleet at full service.

Estimated Cost:

$ 13,000

CIP 5 Year Expenditure Schedule

Fiscal Year	Expenditure Amount
2023	$ 13,000
2024	
2025	
2026	$ 13,000
2027	

Impact on Future Budgets:

Replacing one of the existing bagging mowers with a new unit will drive down the repair costs on future budgets. The unit to be replaced has had repair costs exceed 1,000 dollars in the last year.

FY2023 Capital Project Budget Sheet

Item:

Basketball court at City Park

Fund:

Hospitality & Accommodations

Department:

Recreation

Name of Project:

Capital Outlay

Description of Project:

Resurfacing, relining, and installing new goals at the basketball court at City Park.

Project justification:

The current basketball court has cracks and resurfacing it, would provide a safer playing surface for the community. Also, by relining and adding new goals, the City can provide a more fun playing experience for the citizens of Mauldin.

Estimated Cost:

$ 10,000

CIP 5 Year Expenditure Schedule

Fiscal Year	Expenditure Amount
2023	$ 10,000
2024	
2025	
2026	
2027	

Impact on Future Budgets:

Currently, the only foreseen expense would be the wear and tear of the lining over time and any damage that could be done to the goals from being outside.

FY2023 Capital Project Budget Sheet

Item:

Basketball court at Sunset Park

Fund:

Hospitality & Accommodations

Department:

Recreation

Name of Project:

Capital Outlay

Description of Project:

Resurfacing, relining, and installing new goals at the basketball court at Sunset Park.

Project justification:

The current court and goals need upgrades. The lining on the court is hard to see and makes it hard to play on the court. Upgrading these issues would allow for a much better playing experience for the community.

Estimated Cost:

$ 10,000

CIP 5 Year Expenditure Schedule

Fiscal Year	Expenditure Amount
2023	$ 10,000
2024	
2025	
2026	
2027	

Impact on Future Budgets:

Currently, the only foreseen expense would be the wear and tear of the lining over time and any damage that could be done to the goals from being outside.

FY2023 Capital Project Budget Sheet

Item:

Office Renovations

Fund:

Capital Projects Fund

Department:

Business & Development Services

Name of Project:

Capital Outlay

Description of Project:

This project would consist of redesigning the front counter area and installing a more functional front counter that would double as the desk area for the employees that work at the front counter. The intent would be to expand the front counter so that customers being helped at the front counter would not feel like they are standing on top of each other. This project would also consist of redesigning and moving around some of the other offices in the Business & Development Services Department to accommodate the larger front counter space.

Project justification:

The office environment in the Business & Development Services Department feels cluttered and crowded. The mixed of mismatched desks and mismatched filing cabinets all next to a standing counter do not reflect a professional organization that is striving to provide a great customer experience.

Estimated Cost:

$ 30,000

CIP 5 Year Expenditure Schedule

Fiscal Year	Expenditure Amount
2023	$ 30,000
2024	
2025	
2026	
2027	

Impact on Future Budgets:

N/A

FY2023 Capital Project Budget Sheet

Item:

Cameras in Parks and Sports Center

Fund:

Hospitality & Accommodations

Department:

Recreation

Name of Project:

Capital Outlay

Description of Project:

The addition of cameras to City parks.

Project justification:

The addition of cameras to the parks will help with any vandalism that may occur. As well as if any situation arises in the park it will be on camera and add an extra measure of safety. It the recommendation that they are also installed inside and outside of the Sports Center as safety measures for late night closings and after basketball games.

Estimated Cost:

$ 30,000

CIP 5 Year Expenditure Schedule

Fiscal Year	Expenditure Amount
2023	$ 30,000
2024	$ 30,000
2025	
2026	
2027	

Impact on Future Budgets:

Since this is electrical equipment, power to run the cameras and any maintenance needing to be done if issues arise.

FY2023 Capital Project Budget Sheet

Item:

Grapple Truck

Fund:

Capital Projects Fund

Department:

Public Works

Name of Project:

Capital Outlay

Description of Project:

Public Works is recommending the purchase of two new Grapple trucks.

Project justification:

The sanitation fleet has four grapple trucks; however, two of the units are of an older design. One of the older trucks continues to break down with expensive repair costs. Public Works uses the trucks daily throughout the year to pick up yard debris, Christmas trees, and in assistance of the Park Department when trimming vegetation around the City. During the spring and early summer, the fleet struggles to maintain a four week pick up cycle due to the amount of brush placed roadsi

Estimated Cost:

$ 325,000

CIP 5 Year Expenditure Schedule

Fiscal Year	Expenditure Amount
2023	$ 325,000
2024	
2025	
2026	
2027	

Impact on Future Budgets:

Replacing the oldest unit with a new one will save the City maintenance costs every year. Adding a fifth truck to assist with pick up would aid the department in moving for a reduced pick-up schedule.

FY2023 Capital Project Budget Sheet

Item:

Leaf Vac Truck

Fund:

Capital Projects Fund

Department:

Public Works

Name of Project:

Capital Outlay

Description of Project:

Public Works is recommending the purchase of two new Leaf trucks.

Project justification:

Leaf pick up is a service that the Public Works Department performs for the residents in the City of Mauldin. Public Works has four functioning units; however, one unit is older and has been out of service for most of the past leaf season. The oldest unit has already had the storage container replaced on the back of the unit due to rusting. The second oldest unit continued issues with the electronic controls and the hydraulic system. Down time and maintenance costs have necessitated the proposal for new units.

Estimated Cost:

$ 350,000

CIP 5 Year Expenditure Schedule

Fiscal Year	Expenditure Amount
2023	$ 350,000
2024	
2025	
2026	
2027	

Impact on Future Budgets:

Replacing the oldest unit with a new one will save the City maintenance costs every year. Adding a fifth truck to assist with pick up would aid the department in moving for a reduced pick-up schedule.

FY2023 Capital Project Budget Sheet

Item:

Side-Loading Trash Truck

Fund:

Capital Projects Fund

Department:

Public Works

Name of Project:

Capital Outlay

Description of Project:

Public Works is recommending the purchase of two new side-loading trash trucks to automate recycling pick-up.

Project justification:

The Sanitation fleet has been working to replace the current fleet of rear loading trucks with automated side-arm trucks to eliminate the need of staff to ride the back of trucks. This reduction of labor saves the City money and eliminates the risk posed to employees riding on the trucks. Recent purchases have replaced trash trucks; however, the two recycling trucks also need to be replaced.

Estimated Cost:

$ 550,000

CIP 5 Year Expenditure Schedule

Fiscal Year	Expenditure Amount
2023	$ 550,000
2024	
2025	
2026	
2027	

Impact on Future Budgets:

Fully automating the sanitation fleet will remove the need of temporary employees to ride trucks and reduce the annual operating cost by approximately $315,000 dollars.

FY2023 Capital Project Budget Sheet

Item:

Pickup Truck/SUV

Fund:

Capital Projects Fund

Department:

Fire

Name of Project:

Capital Outlay

Description of Project:

Replace a current truck that is 23 years old with approximately 90,000 miles.

Project justification:

The utility trucks within the fire department are aging and should be replaced to reduce ongoing maintenance for the vehicles in the Fire Department's inventory.

Estimated Cost:

$ 50,000

CIP 5 Year Expenditure Schedule

Repairs and maintenance costs will be reduced slightly.

FY2023 Capital Project Budget Sheet

Item:

Marked Police vehicle for patrol (18)

Fund:

Capital Projects Fund

Department:

Police

Name of Project:

Capital Outlay

Description of Project:

The Police department is recommending the purchase of new patrol vehicles to continue in the effort to replace the complete police fleet.

Project justification:

The police fleet still remains older and several units have over 100,000 miles. There is a portion of the fleet that is over 10 years old.

Estimated Cost:

$ 990,000

CIP 5 Year Expenditure Schedule

Fiscal Year	Expenditure Amount
2023	$ 990,000
2024	$ 990,000
2025	
2026	
2027	

Impact on Future Budgets:

This will help reduce the repairs and maintenance line item. The older cars are always needing repairs.

FY2023 Capital Project Budget Sheet

Item:

2 Recreation Vehicles

Fund:

Capital Projects Fund

Department:

Recreation

Name of Project:

Capital Outlay

Description of Project:

Looking to add 2 new vehicles to Recreation fleet.

Project justification:

The Recreation department are down to 2 vehicles. One of those vehicles was a seized car given by the Police Department and the other is an older Ford Taurus.

Estimated Cost:

$ 45,000

CIP 5 Year Expenditure Schedule

Fiscal Year	Expenditure Amount
2023	$ 45,000
2024	$ 25,000
2025	
2026	
2027	

Impact on Future Budgets:

This will help reduce the repairs and maintenance line item. The older cars are always needing repairs.

FY2023 Capital Project Budget Sheet

Item:

Street Maintenance Program

Fund:

Capital Projects - Transportation

Department:

Public Works

Name of Project:

Capital Outlay

Description of Project:

The street management program focuses on the resurfacing, rehabilitation and maintenance of city-owned roads. The program is funded through the City's Capital Improvement Program and the Greenville Legislative Delegation Transportation Committee's (GLDTC) Municipal Match Resurfacing Program (MMRP). Streets funded through the MMRP are managed by the GLDTC's program manager, CoTransCo. Streets that are not funded through this program are managed by City Public Works staff.

Project justification:

There are a number of City roads that need to be resurfaced and repaved. This project allows for the improvement of roads that have deteriorated beyond the point of maintenance and repair. Roads improved through this program usually include a combination of full depth patching, milling and asphalt overlays.

Estimated Cost:

$ 372,622

CIP 5 Year Expenditure Schedule

Fiscal Year	Expenditure Amount
2023	$ 372,622
2024	$ 300,000
2025	$ 300,000
2026	$ 300,000
2027	$ 300,000

Impact on Future Budgets:

Annual costs for City-wide resurfacing will not have an impact on future budgets other than reducing the costs associated with pothole repairs.

FY2023 Capital Project Budget Sheet

Item:

New Roof at Sports Center

Fund:

Hospitality & Accommodations

2023	$ 25,000
2024	
2025	
2026	
2027	

Impact on Future Budgets:

No real budget impact will be seen.

Long-Range Financial Planning

10-Year Financial Projections and Forecasting Page 180

Long-Term Financial Planning

Financial planning is an ongoing process involving City Council and City management. Annually, the City prepares a 10-year financial projection for each fund, forecasting the estimated future values of revenues and expenditures. The projections are based on, inter alia, city, state and national socio-economic trends, historical comparisons of budgeted vs. actual revenues and expenditures and the overall needs of the organization. This planning tool allows the analysis of future tax revenues, bonding needs and the City's service portfolio. Additionally, during the budget process a formal assessment is conducted including a 10-Year Capital Improvement Plan designed to meet the capital needs of the City over that period. The 10-year plan is used as a tool to identify capital purchases and projects needed, this helps City Council prioritize funding during the budget process.

10-Year Financial Projections

Using a historical based budgeted model, the projections begins with prior year revenues and expenditures, which are adjusted based on multiple assumptions to account for inflation, future capital projects and the priorities of City Council. These assumptions should be considered when reviewing the projections. It is worth noting any projected deficits will be mitigated during the annual budget development process through budget adjustments approved by City Council.

The following pages depict a trend analysis of the historical and projected revenue and expenditures for the various funds of the City. These projections include assumptions used to develop the 10-year forecast for each fund.

General Fund

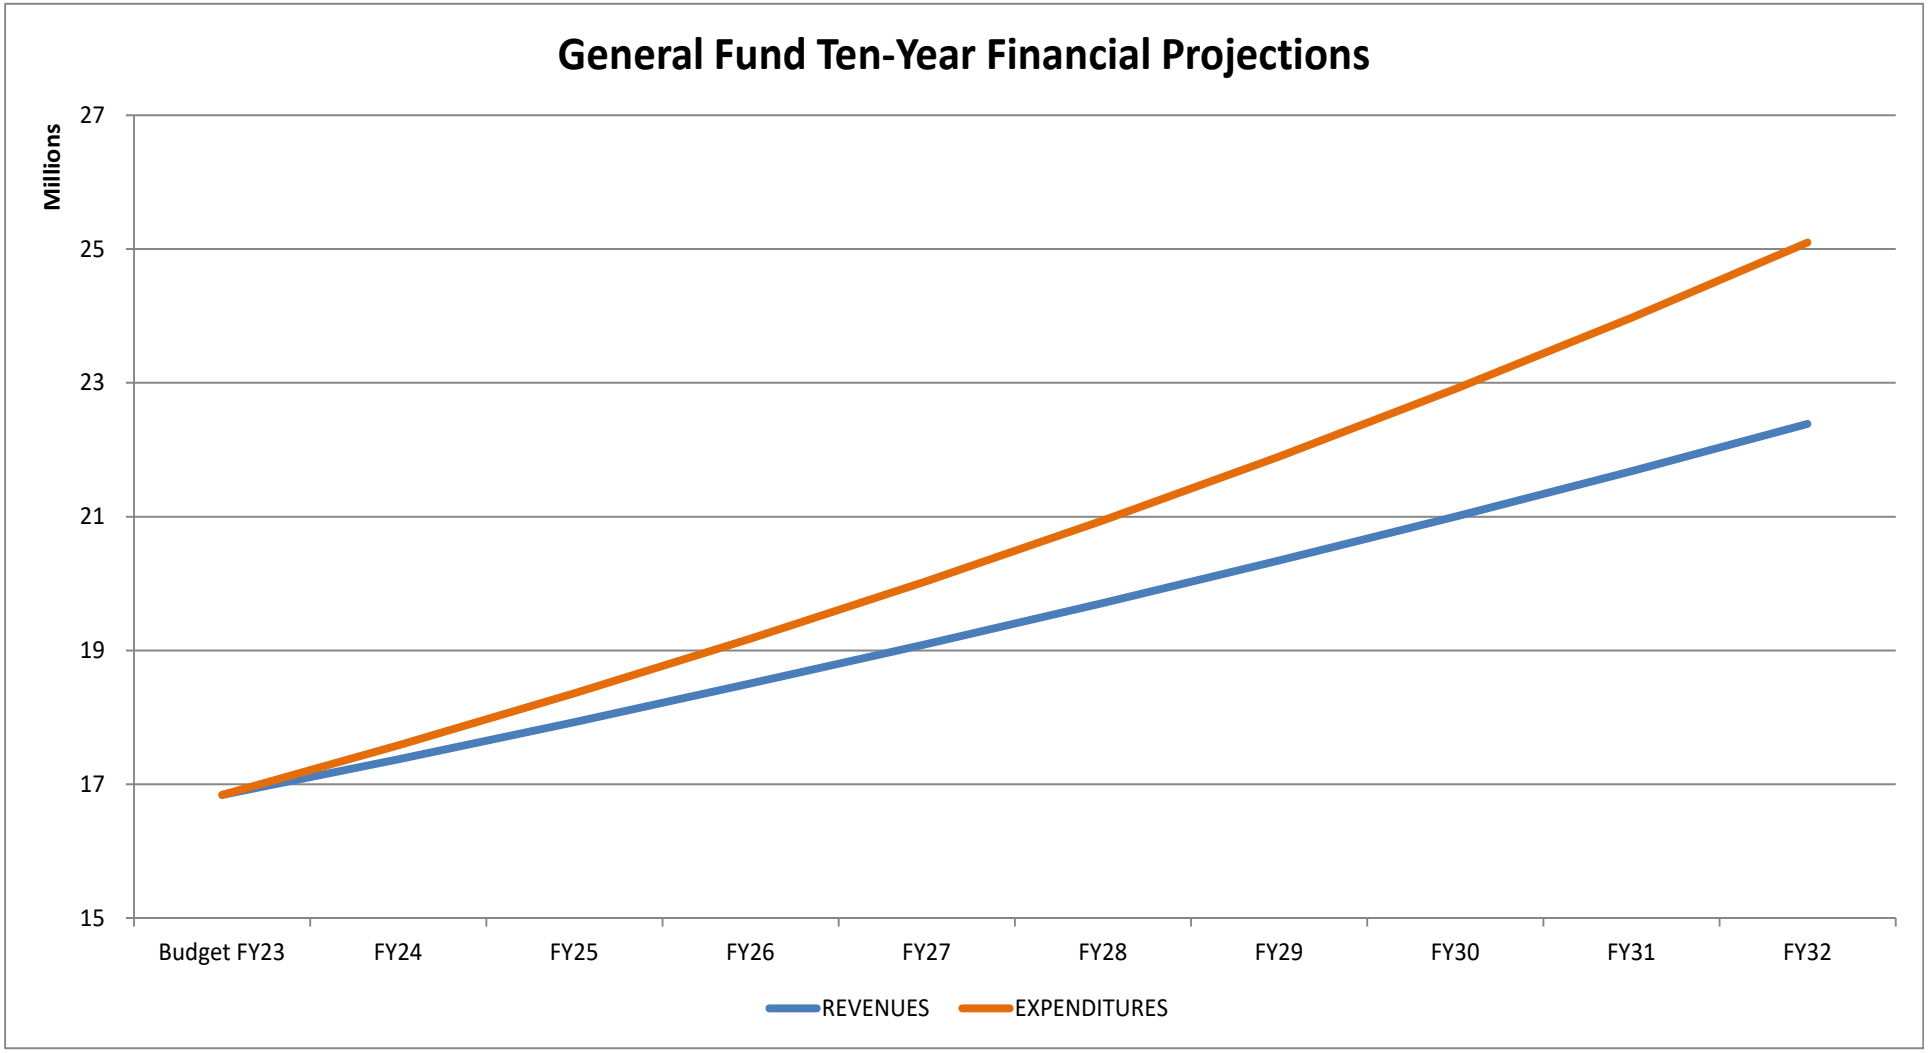

The General Fund accounts for the revenues and expenditures used for the general operation of the City, accounting for all financial resources except those required to be accounted for in other funds. Revenues are primarily derived from general property taxes, licenses and permits, intergovernmental revenue, charges for services, fines and forfeits and miscellaneous revenue. Operational expenditures include, but are not limited to, general government, police, fire, public works and utilities.

General Fund Assumptions

For the General Fund, the revenue assumptions include: 3% increase in taxes and special assessments; 4% increase in licenses and permits; .5% increase in penalties and fines; 1% increase charges for services and fees; 2% increase in miscellaneous revenue; and 1% increase in other financing uses. The expenditure (uses) assumptions include: 3% increase in salaries, including FICA and merit increases; 1.5% increase in workers compensation; 3.5% increase in retirement; 7% increase in insurance; and a 5% increase in operating and other financing uses.

	10-Year Financial Projections of General Fund Revenues, Expenditures and Deficit/Surplus									
REVENUES	Proposed FY2023	FY2024	FY2025	FY2026	FY2027	FY2028	FY2029	FY2030	FY2031	FY2032

Figure 24 shows the City's General Fund in terms of the projected funds revenues and expenditure from the year 2023 to 2032.

The general fund budget has grown every year of the examined period and there is no reason to believe this trend will change in the future. However, General fund expenditures are also projected to continue increasing annually. Although, Council has a degree of control over general fund revenues through tax rates and fees that can be applied, these projections assist Council in making future decisions that may cause revenues to differ drastically from
projected values.

Special Revenue Funds

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources (that are expected to continue to comprise a substantial portion of the inflows of the fund) that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The City has the following special revenue funds:

- The Hospitality and Accommodations Tax Fund which are restricted and thus can only be spent for tourism related expenditures.
- The Fire Service Fund which are restricted for the payment of fire department expenditures.
- Non-major special revenue funds consist of the following: Alcohol Enforcement Police Forfeitures and Seizures; Sports Center; Miscellaneous Grants; Victims' Assistance Multi-County Parks; and Police Community

Special Revenue Fund Assumptions

For the Special Revenue Fund, the revenue assumptions include: 3% increase in taxes and special assessments; .5% increase in penalties and fines; 1% increase charges for services and fees; 2% increase in miscellaneous revenue; 1% increase in other financing uses; and a 2% increase in miscellaneous revenue. The expenditure (uses) assumptions include: 3% increase in salaries, including FICA; 1.5% increase in workers compensation; 3.5% increase in retirement; 7% increase in insurance; and a 5% increase in operating and other financing uses.

Figure 25 shows the City's Special Revenue Fund in terms of the projected funds revenues and expenditure from the year 2023 to 2032.

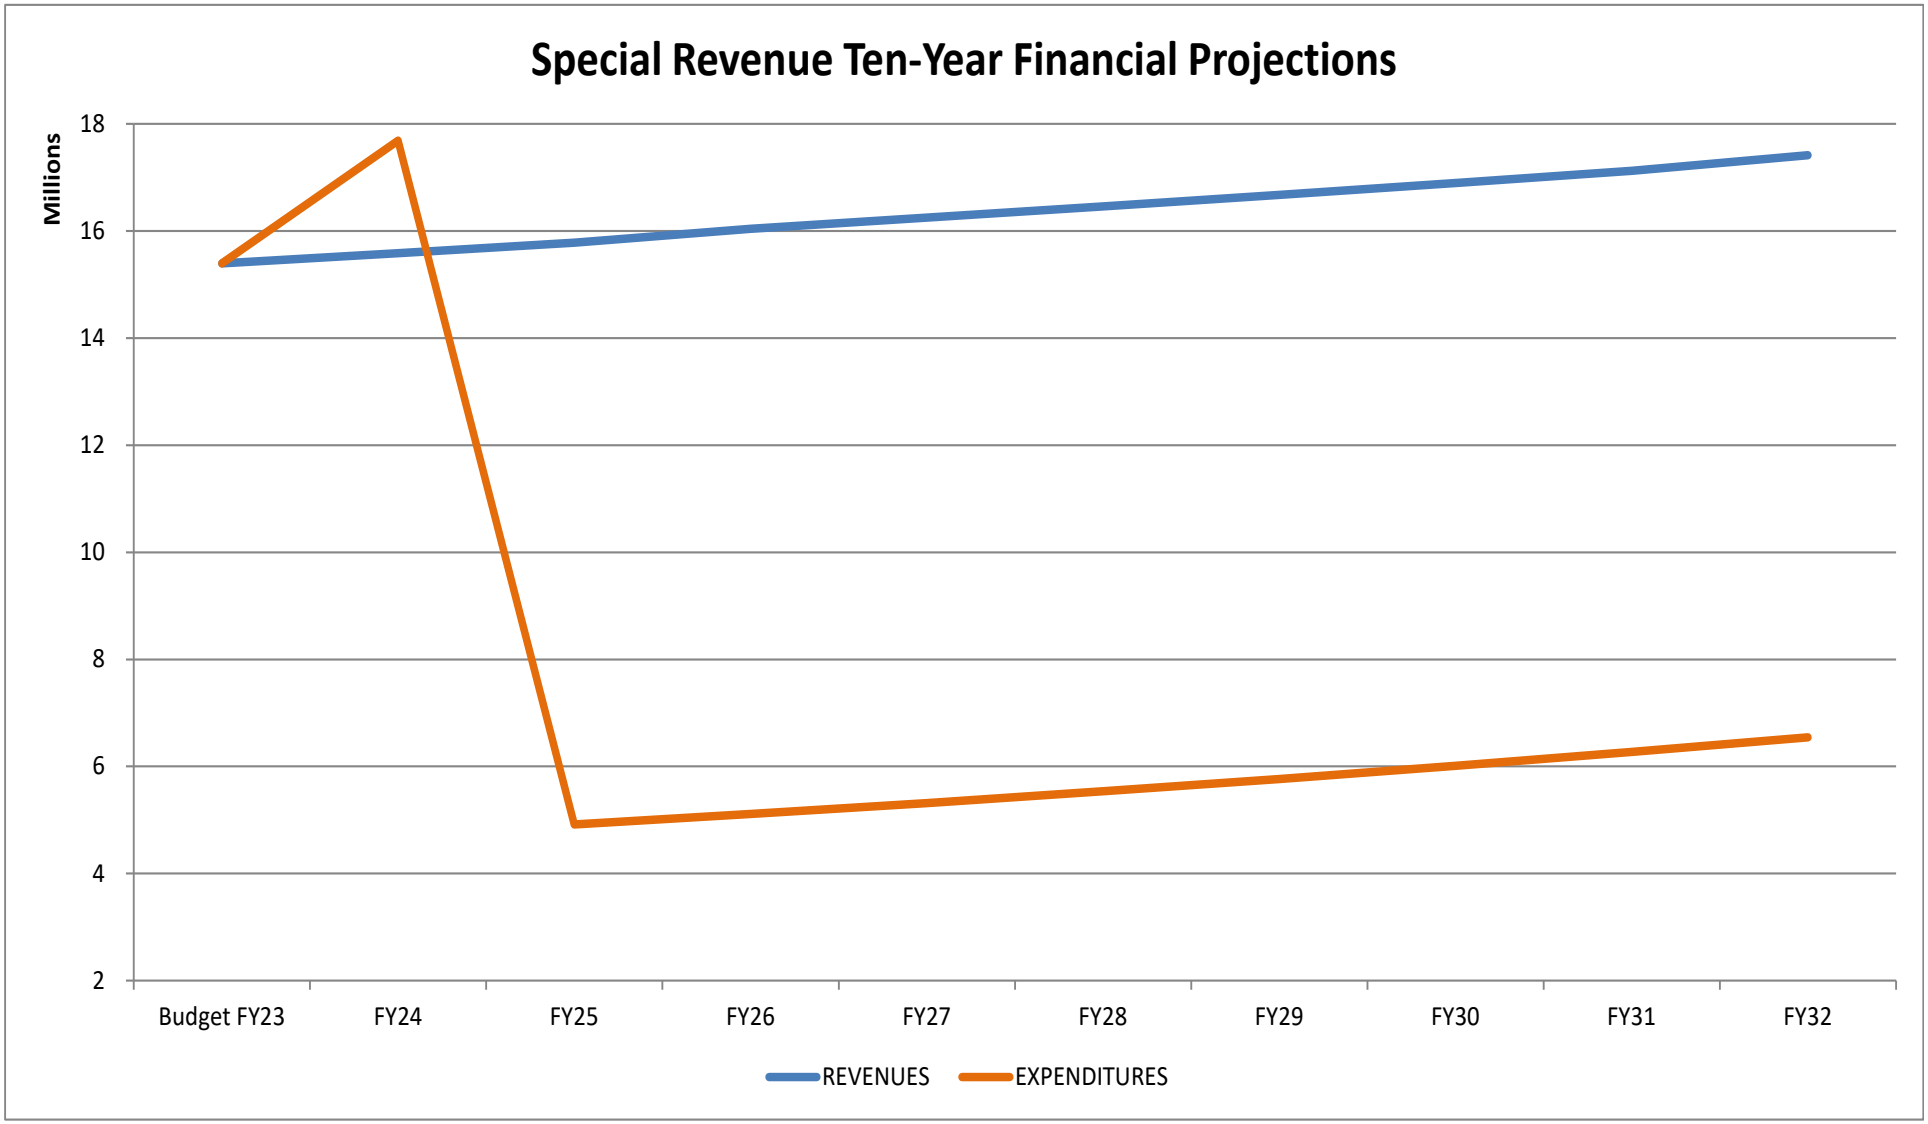

Figure 25 shows the City's Special Revenue Fund revenues and expenditures from the year 2022 to 2031. Revenues and expenses have both seen noticeable growth over the period. Revenues are expected to exceed expenditures through 2031.

Capital Projects Fund

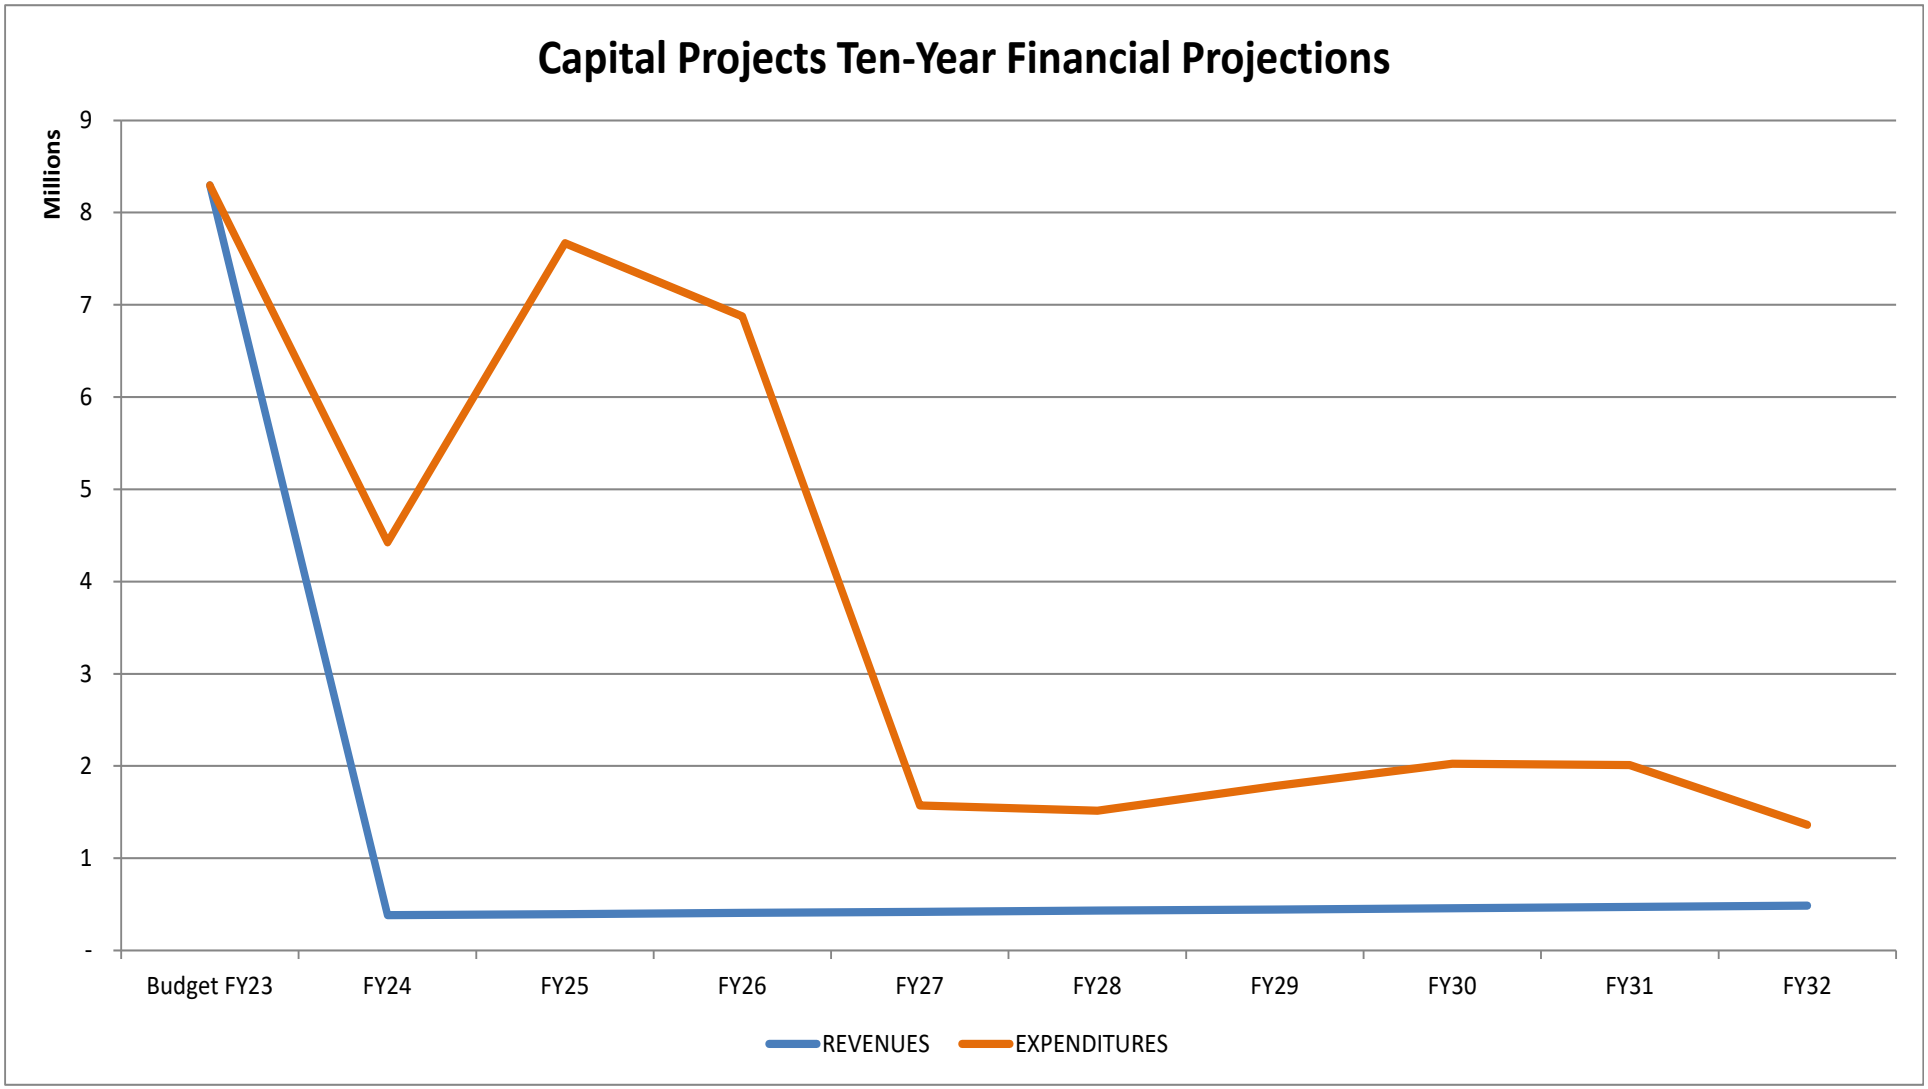

The Capital Projects Fund accounts for (a) the acquisition, construction, or renovation of major capital facilities, (b) ongoing major improvement projects which usually span more than one year, and (c) major equipment or other capital asset acquisitions which are not financed by another fund.

Capital Projects Fund Assumptions

For the Capital Projects Fund, the revenue assumptions include: 5% increase in intergovernmental revenues and 2% increase in miscellaneous revenue. The expenditure (uses) assumptions include a 1% increase in operating expenditures.

Debt Service Fund

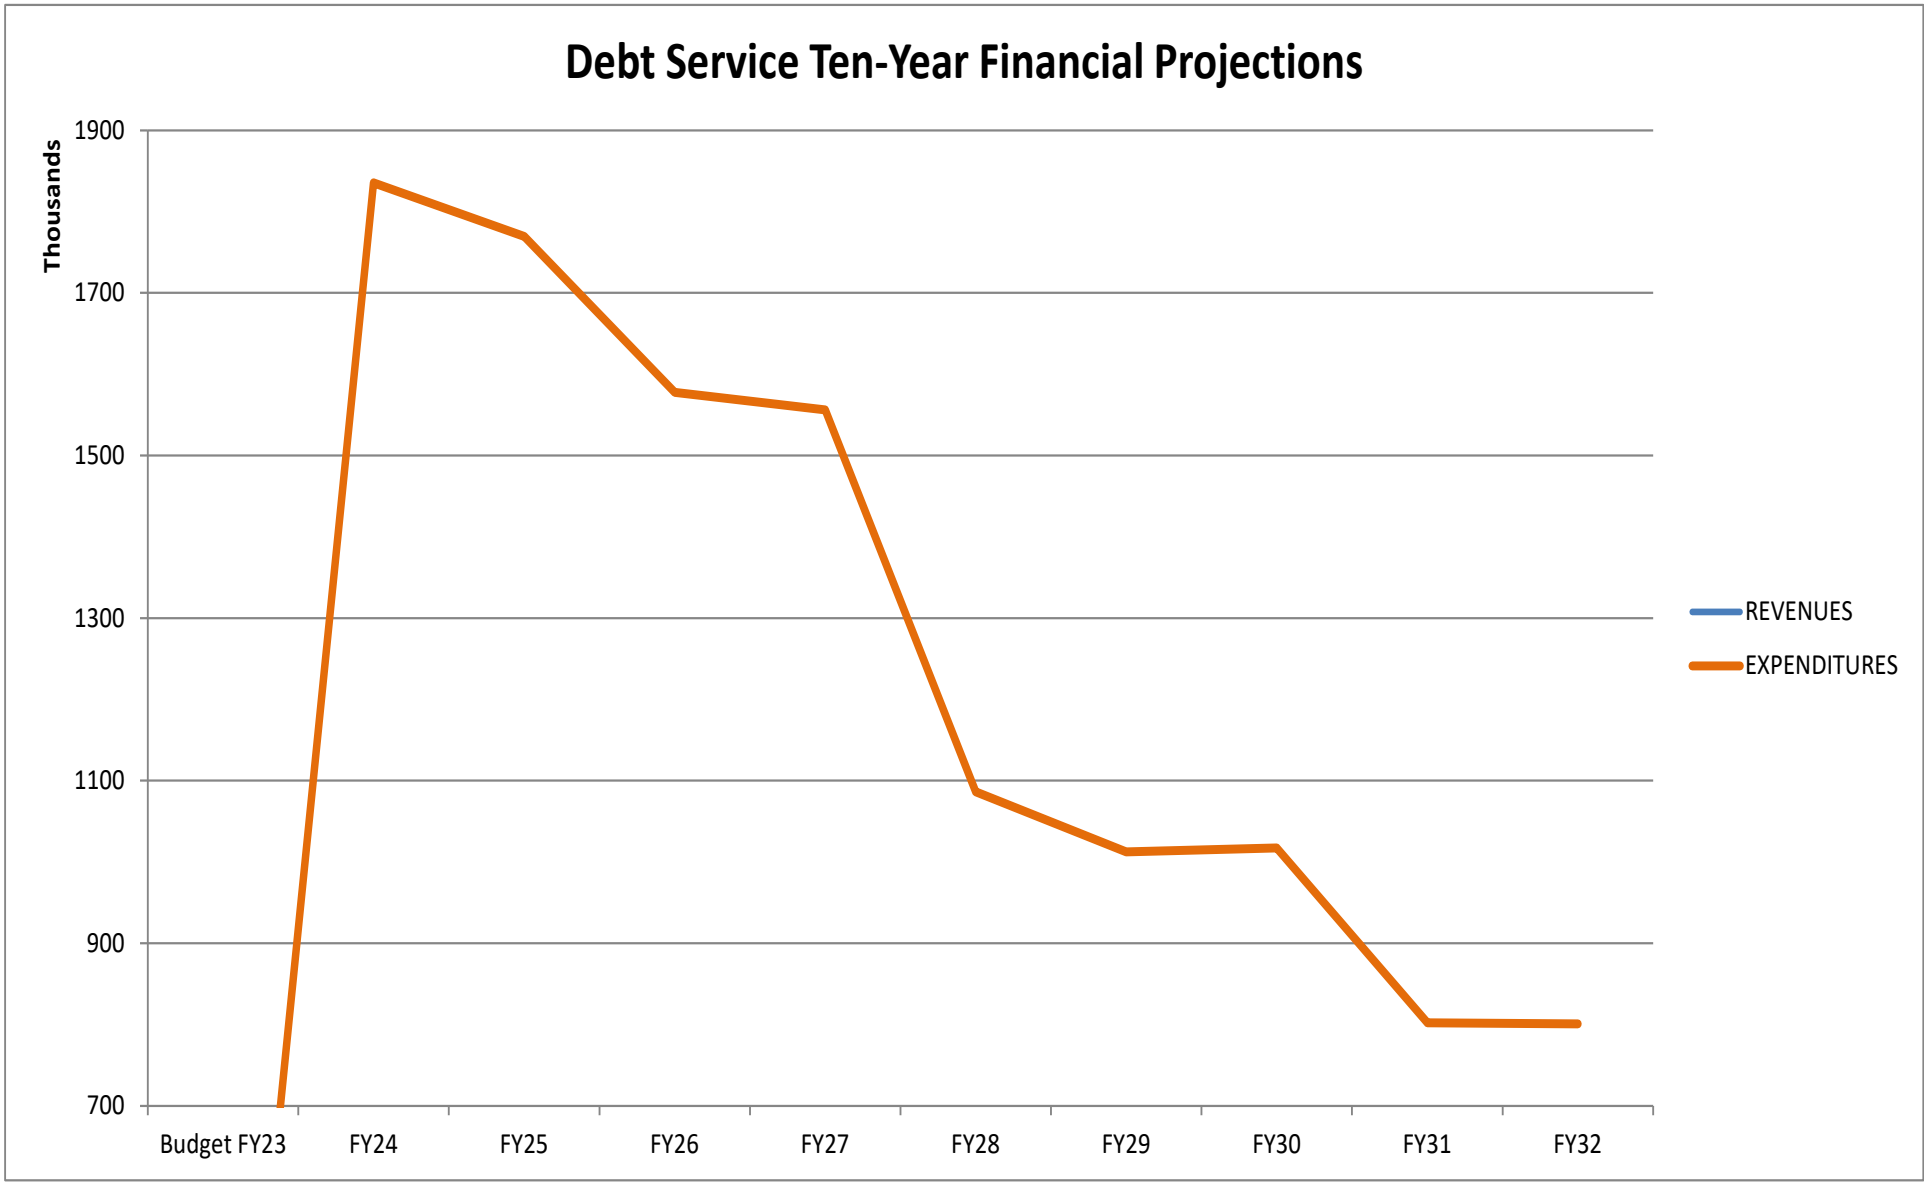

The Debt Service fund is a non-major, budgeted, fund used to account for and report financial resources that are restricted, committed, or assigned for expenditures of principal and interest. This means that this fund accounts for debt service payments from revenues coming from several operating funds.

Debt Service Fund Assumptions

For the Debt Service Fund, the revenue assumptions include a 1% increase in other financing uses. The expenditure (uses) assumptions include a 5% increase in perating and other financing uses.

Figure 27 shows the City's Debt Service Fund revenues and expenditures from the year 2023 to 2032. Revenues and expenses have both seen noticeable growth over the period. Revenues are expected to exceed expenditures through 2032.

Enterprise Fund

The enterprise funds are used to account for operations that (a) are financed and operated in a manner similar to private business enterprises — where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The City has two nterprises:

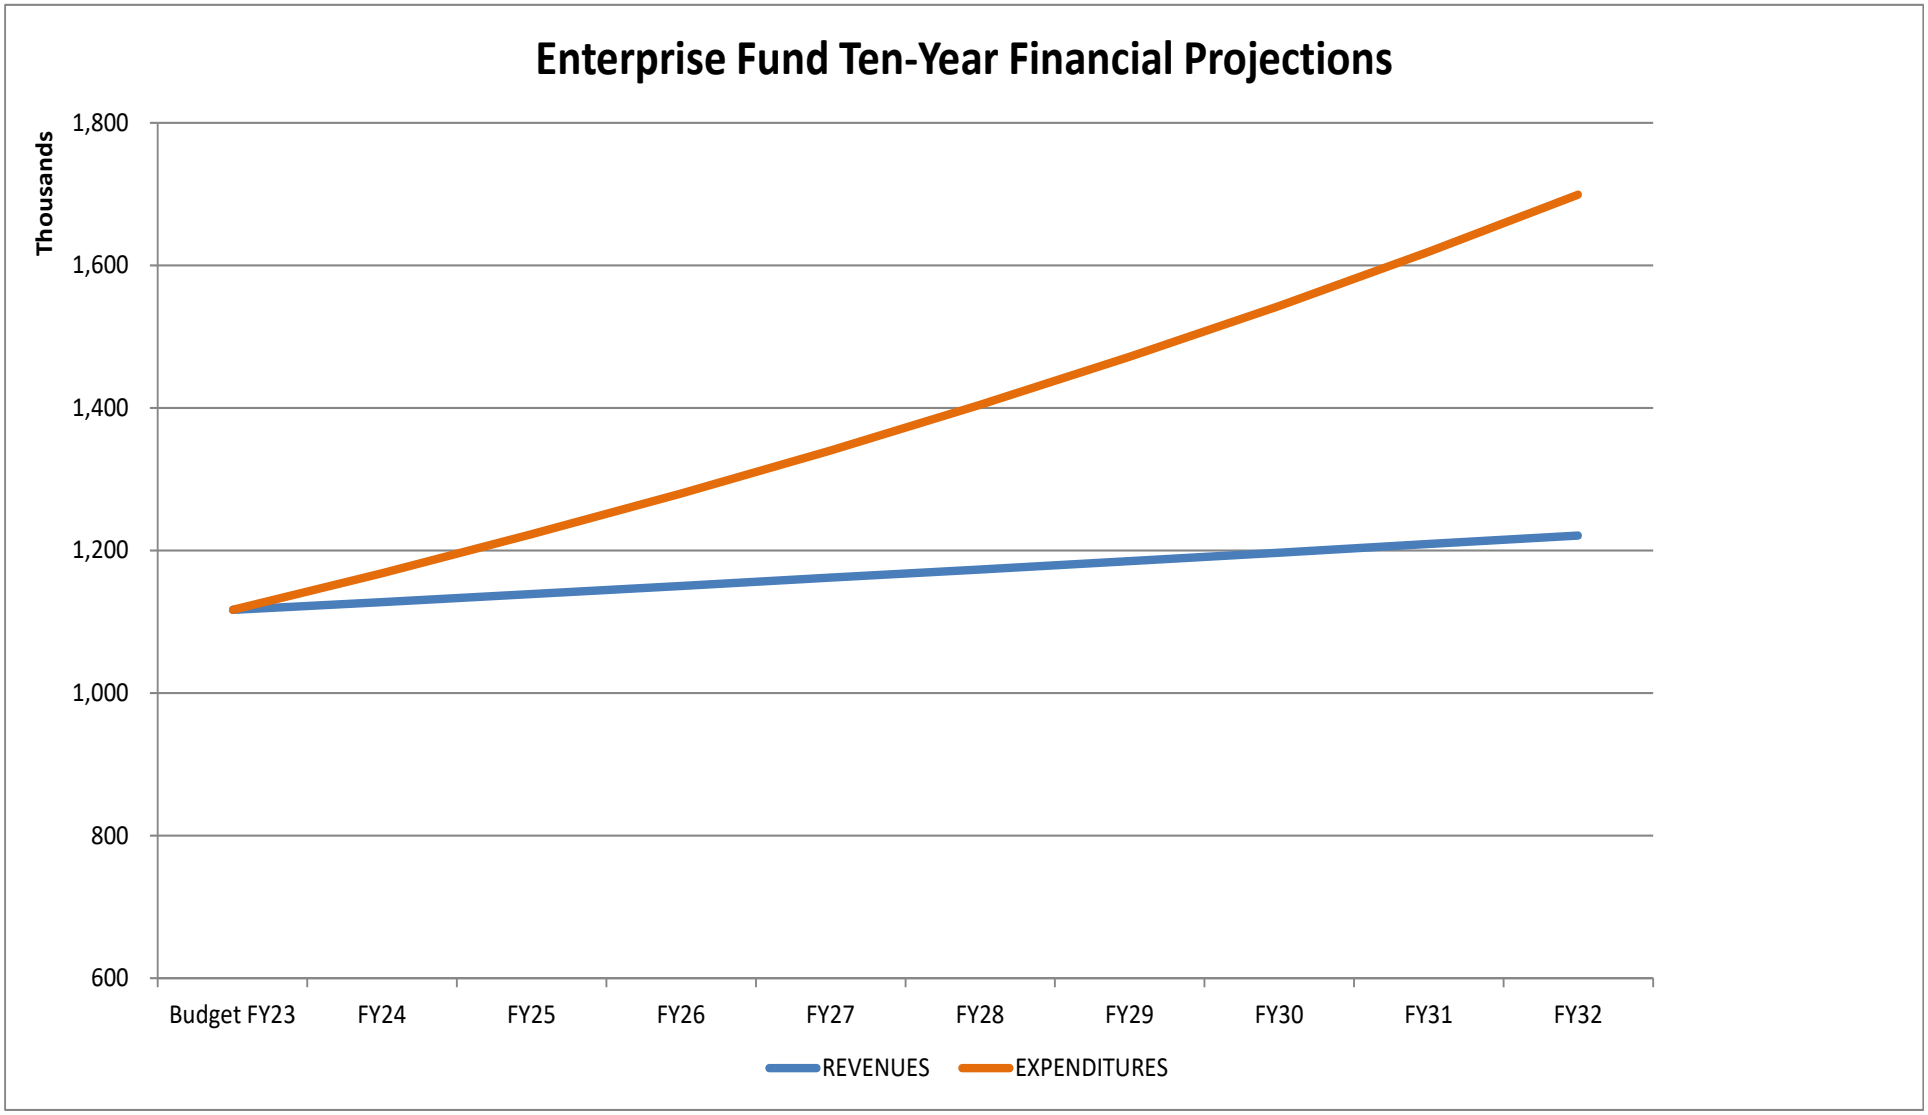

- The Property Management Fund accounts for the operations of rental warehouses and commercial property that are leased to the private sector.
- The Sewer Fund accounts for the sewer operations of the City.

Enterprise Fund Assumptions

For the Enterprise Fund, the revenue assumptions include: 1% increase charges for services and fees; 2% increase in miscellaneous revenue; and a 1% increase in other financing uses. The expenditure (uses) assumptions include: 3% increase in salaries, including FICA; 1.5% increase in workers compensation; 3.5% increase in retirement; 7% increase in insurance; and a 5% increase in operating and other financing uses.

Figure 29 provides an illustration of the FY2023 Debt Service Fund budget by percentage of the funding source. For FY2023, Tourism Revenue Bonds account for more than 50% of the Debt Service fund, with 23% being accounted for through G.O. Bonds.

(Figure 29) FY2023 Debt Service by Percentage of Funding Source

Debt Administration

As of June 30, 2021, the City had total outstanding debt, lease purchase, and capital lease obligations of approximately $6,297,000. Of this total, $4,095,000 was general obligation debt backed by the full faith and credit of the City. The City's total debt, lease purchase, and capital lease obligations as of June 30, 2021 and 2020 were as follows:

Table 14. Total Debt, Lease Purchase, and Capital Lease Obligations

	Governmental Activities		Business-Type Activities		Total	
	2021	2020	2021	2020	2021	2020
General Obligation Bonds	$4,095,000	1,830,000			4,095,000	1,830,000
Tourism Revenue Bonds	3,116,189	507,302			3,116,189	507,302
Revenue Bonds	2,377,000	-	2,619,000	2,763,000	4,996,000	2,763,000
Lease Purchase	1,217,209	829,649			1,217,209	829,649
Capital Leases			324,219	367,814	324,219	367,814
Total	$10,805,398	3,166,951	2,943,219	3,130,814	13,748,617	6,297,765

The City's governmental activities debt increased approximately $7,638,447 (241%) during FY2021 due to the issuance a new General Obligation bond to address street infrastructure, and two revenue bonds being issued totaling $5,000,000 for the construction of a new pedestrian bridge over I-385 (one was a Hospitality and Accommodations Revenue Bond and the other was a Installment Purchase Revenue bond), partially offset by regularly scheduled principal payments. The City's business-type activities debt decreased approximately $188,000 (6%) during the current fiscal year primarily due to regularly scheduled principal payments.

The City's General Obligation bonds (Series 2009 and 2010) have an AA rating from Standard & Poor's and an A1 rating from Moody's. For the City's General Obligation Refunding bonds (Series 2016), the bonds have an AA- rating from Standard & Poor's and an Aa2 rating from Moody's.

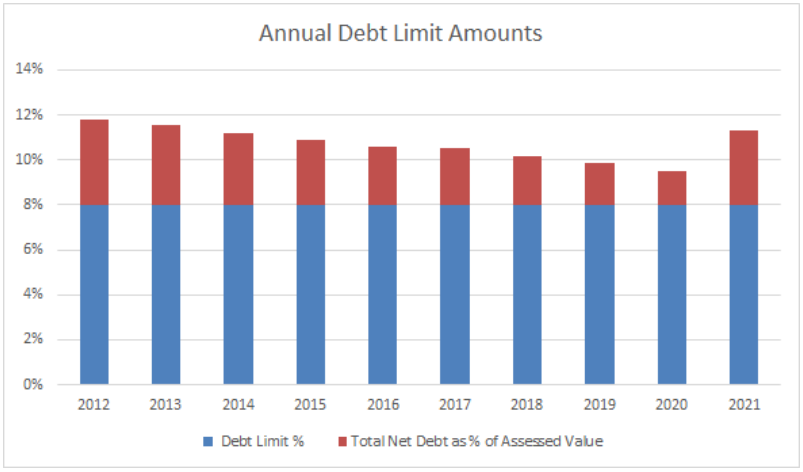

The State limits the amount of general obligation debt that cities can issue to 8% of the assessed value of

As detailed in Table 15, as of June 30, 2021, the City had $4,095,000 of outstanding general obligations bonds subject to the 8% limit of approximately $10,304,943 resulting in an unused legal debt margin of approximately $6,209,943.

The Figure below illustrates Annual Debt Service payment requirements, by debt type, for the life of the debt service agreements.

Outstanding Bond Debt Summary Long-Term

The City issues bonds to provide funds for the acquisition and construction of major capital facilities. General Obligation Bonds ("GOB") and General Obligation Refunding Bonds ("GORB") are direct obligations and pledge the full faith and credit of the City. Revenue Bonds ("RB") are obligations of the City that are secured by revenue from a specific source. Capital Lease ("CL") and Loan obligations are special obligations of the City payable from the general revenues of the City. The full faith, credit, and taxing powers of the City are not pledged for the payment of RB, CL, or Loan obligations nor the interest thereon.

The City's outstanding debt, lease purchase, and capital lease obligations are either publicly traded or have been issued/obtained through direct borrowings or direct placements. Obligations through direct borrowings or direct placements are generally secured/collateralized by the underlying capital assets and are subject to acceleration clauses in case of an event of default (i.e. nonpayment, etc.). Details on the City's outstanding debt and lease purchase/capital lease obligations as of June 30, 2021 are as follows:

General Obligation Bonds

$1,910,000 general obligation refunding bond (publicly traded debt) issued in 2016 ("GORB –Series 2016"), due in annual installments of $20,000 to $205,000 beginning April 2017 through March 2029, plus interest at 2.00% due semi-annually. The proceeds from this issue were primarily used to refund the General Obligation Refunding Bond – Series 2009.

$2,800,000 general obligation refunding bond (publicly traded debt) issued in July 2020 ("GOB –Series 2020"), due in annual installments of $120,000 to $200,000 beginning April 2021 through April 2038, plus interest at 2.00% to 3% due semi-annually. The proceeds from this issue are primarily for various transportation projects.

Revenue Bonds

$875,000 tourism facilities revenue bond issued in 2014 ("TFRB – Series 2014B"), due in annual installments of $45,000 to $132,000 beginning April 2015 through April 2024, plus interest at 2.53% due semi-annually. The proceeds from this issue were primarily used to upgrade lighting at the City's parks.

$3,413,000 sewer revenue bond issued in 2014 ("RB Series 2014), due in annual installments of $121,000 to $231,000 beginning October 2015 through October 2034, plus interest at 3.38% due semi-annually. The proceeds from this issue will be used to upgrade the City's sewer infrastructure.

$2,489,000 installment purchase revenue bonds issued by the MPFC (blended component unit) in July 2020 ('IPRB - Series 2020"), due in annual installments of $96,000 to $159,000 beginning April 2021 through April 2040, plus interest at 2.86% due semi-annually. The proceeds from this issue are for renovations to project facilities and eligible costs related to the pedestrian bridge.

$2,841,000 accommodation tax and hospitality tax revenue bond issued in July 2020 ("AHTRB - Series 2020), due in annual installments of $110,000 to $177,000 beginning April 2021 through April 2040, plus interest at 2.86% due semi-annually. The proceeds from this issue are for eligible costs related to the pedestrian bridge.

Lease Purchase

$383,000 lease purchase entered into in July 2018 (“LP – 2018”), due in annual installments of approximately $19,000 to $83,000 beginning in June 2019 through July 2023, plus interest at 3.14%e due annually. The loan proceeds are being used for four police vehicles, a boom truck for public works, pickup truck, and other small equipment.

$600,240 lease purchase entered into in July 2019 (“LP - 2019”), due in annual installments of approximately $36,000 to $130,000 beginning in April 2020 through July 2025, plus interest at 2.66% due annually. The loan proceeds were primarily used for two police vehicles and heart monitors, a side loader for sanitation, and three vehicles and equipment for public works.

$707,000 lease purchase entered into in September 2020 (“LP - 2020”), due in annual installments of approximately $137,000 to $146,000 beginning in September 2021 through September 2025, plus interest at 1.48% due annually. The loan proceeds were primarily used for trailers, police radio equipment, public works and fire department trucks, police vehicles, and other equipment.

Capital Lease

$750,000 capital lease entered into in June 2007 (“CL – 2007”) for the purchase of property and warehouse. The capital lease is due in monthly installments of $5,373, which includes interest at 6.00%, in full all of the then outstanding balance of the purchase price plus additional costs as defined by the lease agreement. The City may exercise an option to pay the balance of the purchase price in full beginning July 1, 2017 for the outstanding balance of the purchase price at the time of exercising the option, plus additional costs required under the terms of the agreement.

APPENDIX A - FY2023
BUDGET ORDINANCE

Ordinance # 999

An Ordinance To Provide Appropriations For The Fiscal Year Beginning July 1, 2022 And Ending June 30, 2023 For Ordinary And Other City Purposes; To Provide For A Levy Of Taxes On All Taxable Property In The City Of Mauldin For All City Purposes, Including Sufficient Tax For Any Principal And Interest On Outstanding Indebtedness Maturing In The Fiscal Year; To Provide For The Expenditure Of Said Taxes And Other Revenues Coming To The City During The Fiscal Year.

WHEREAS, the South Carolina Code of Laws requires that a municipal council shall act by ordinance to adopt a budget and levy taxes pursuant to public notice;

NOW THEREFORE BE IT ORDAINED by the Mayor and City Council of the City of Mauldin, South Carolina, in council assembled and by the authority thereof:

Section 1: That the prepared budget, the estimated revenues for payment, and the attached disbursement schedules attached hereto, the terms of which are hereby incorporated herein as if set forth fully, are hereby adopted in the following amounts:

	Revenues	Expenditures
General Fund	16,840,033	16,840,033
MCIP Fund	130,000	130,000
Mauldin Public Facilities Fund	592,137	592,137
Capital Projects Fund	7,902,446	7,902,446
Capital Projects Transportation Fund	392,622	392,622
Sewer Fund	1,042,899	1,042,899
Hospitality & Accommodations Fund	1,487,481	1,487,481
ARPA Fund	6,324,859	6,324,859
Victim Advocate Fund	20,000	20,000
Grants Fund	-	-
Health Fund	1,620,172	1,620,172
Fire Fund	4,565,720	4,565,720
Sports Center Fund	642,191	642,191
Debt Service Fund	1,071,178	1,071,178
Property Management Fund	73,654	73,654
Mauldin Foundation	10,000	10,000
TOTAL	**42,715,392**	**42,715,392**

Section 2: That for the purpose of defraying all expenses, including the payment of debt service from July 1, 2022 through June 30, 2023, and for other corporate purposes, a tax of sufficient millage to pay for the appropriations, after crediting against said appropriations other revenues anticipated to accrue to the City during the fiscal period not earmarked for specific purposes, are hereby levied and the same shall hereafter be collected as follows:

For each one hundred dollars ($100.00) of assessed value of all real estate and personal property on which this municipal corporation is authorized and empowered by law to impose a tax in the City of Mauldin, and in proportion of all real estate and personal property of less than one hundred dollars in value, the total millage on each One dollar ($1.00) shall not exceed 0.0563 or $5.63 on each $100.00 assessed value for General Fund and debt service requirements.

Should the amount levied exceed the amount required for General Fund and debt service requirements, such excess shall remain in the General Fund to be used as City Council may direct.

Section 3: That the FY 2023 budget includes $1,071,178 in debt service for the purpose of bond retirement and lease purchases and other long term obligations, as well as debt service in the amount of $234,883 for retirement of the revenue bond in the Sewer Fund.

Section 4: That for the purpose of defraying all expenses including the payment of debt service from July 1, 2022 through June 30, 2023 and for other corporate purposes, franchise fees for Duke Power, Laurens Electric Cooperative, and Piedmont Natural Gas will be set at a rate of 5%.

Section 5: That the sewer pump station fee previously established for FY 2017-2018 in the amount of $410 per affected parcel is hereby readopted and approved.

Section 6: That City taxes are collected by Greenville County in a Cooperative Consolidation Joint collection Agreement dated May 1, 1990, and shall be due and payable between October 1, 2022 and January 15, 2023. After January 15th 3% shall be added to the base tax amount. After February 1st,10% shall be added to the base tax amount. After March 16th, 15% shall be added to the base tax amount.

Section 7: That funds sufficient to cover all fiscal year 2021-2022 budget items encumbered but unpaid at the close of the fiscal year shall be carried forward from the fiscal year 2021-2022 budget to the succeeding 2022-2023 budget to meet such lawful obligations of the City of Mauldin.

Section 8: That this budget may be amended by ordinance of the City Council as may be required from time to time.

Section 9: That it is the intention of the City Council that the sections, subsections, paragraphs, sentences, clauses, and phrases of this ordinance are severable. If any phrase, clause, sentence, paragraph, subsection, or section of this ordinance be declared invalid or unconstitutional by the valid judgment or decree of any court of competent jurisdiction, such invalidity or unconstitutionality shall not affect the remaining portions of this ordinance.

Section 10: That this ordinance supersedes all previous or inconsistent legislation. All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

Section 11: That this ordinance shall take effect immediately upon its passage.

APPENDIX B - GLOSSARY

Glossary of Budget Related Terms

Accounting System
The total set of records and procedures which are used to record, classify, and report information on the financial status and separations of an entity.

Accrual Basis of Accounting
The method of Accounting under which revenues are recorded when they are earned (whether or not cash is received at that time) and expenditures are recorded when goods and services are received (whether cash disbursements are made at that time or not).

Adopted Budget
The financial plan of revenues and expenditures for a fiscal year as approved by the City Council.

Appropriation
An authorization made by the legislative body of a government which permits officials to incur obligations against and to make expenditures of governmental resources. Appropriations are usually made for fixed amounts and are typically granted for a one year period.

Ad Valorem Tax
A tax levied on all real and certain personal property, tangible and intangible, according to the property's assessed valuation.

Amendment
A change to an adopted budget that has been approved by the City Council which may increase or decrease a fund total.

Assessed Valuation
The estimated value placed on real and personal property by the chief appraiser of the appraisal district as the basis for levying property taxes.

Assets
Property owned by a government which has monetary value.

Audit
A systematic examination of resource utilization concluding in a written report. It is a test of management's internal accounting controls and is intended to:

- Ascertain whether financial statements fairly present financial position and results of operations;
- Test whether transactions have been legally performed;
- Identify areas for possible improvements in accounting practices and procedures;
- Ascertain whether transactions have been recorded accurately and consistently;
- Ascertain the stewardship of officials responsible for governmental resources.

Adopted Budget
Refers to the budget amounts as originally approved by the City Council.

Basis of Budgeting
Refers to the conventions for recognition of costs and revenues in budget development and in establishing and reporting appropriations, which are the legal authority to spend or to collect revenues.

Bond
A written promise to pay (debt) a specified sum of money (called principal of face value) at a specified future date (called maturity date) along with periodic interest paid at a specified percentage of the principal (interest rate). Bonds are typically used for long-term debt.

Budget
A plan of financial operation embodying an estimate of proposed expenditures for a given period of time and the proposed means of financing them

Budget Authority
Authority provided by law to enter into obligations that will result in immediate of future outlay of government funds. The basic forms of budget authority are appropriations, borrowing authority and contract authority.

Budget Calendar
The schedule of key dates or milestones which the city departments follow in the preparation, adoption, and administration of the budget.

Budget Document
The official enactment by the legislative body establishing the legal authority for officials to obligate and expend resources.

Budget Message
The opening section of the budget which provides the City council and the public with a general summary of the most important aspects of the budget, changes from the current and previous fiscal years, and the views and recommendations of the City Administrator.

Budgetary Legal Level of Control:
During the year, accountability for the budget for each department is primarily the responsibility of the department head. The City Administrator has the authority to transfer funds within departments, but funds can only be transferred between departments by approval of the City Council. The legal level of budgetary control is at the department level. At the year-end, unencumbered balances of appropriations lapse into the unappropriated fund balance of the General Fund.

Budget Year
The fiscal year for which the budget is being considered: the fiscal year or years following the current year.

Bond
A written promise to pay a sum of money on a specific date at a specific interest rate. The interest payments and the repayment of the principal are detailed in a bond ordinance. The most common type of bonds are the general obligation and revenue bonds. These are most frequently used for construction of large capital projects.

Capital
Capital can refer to physical such as plant property or equipment or to financial resources required to acquire physical resources.

Capital Asset
An asset item with a value of $5,000 or greater

Capital Budget
That part of the Capital Improvement plan involving capital expenditures or borrowing for the period covered by the operating budget.

Capital Improvements
Expenditures which result in the acquisition of a capital asset

Capital Improvements Program
A long range plan for providing the capital outlays necessary to ensure that adequate services are provided the residents of the City of Mauldin

Capital Leases
Leases for assets which the government is buying or is leasing for all of their useful lives.

Cash Management
The management of cash necessary to pay for government services while investing temporary cash excesses in order to earn interest revenue. Cash management refers to the activity of forecasting the inflows and outflows of cash mobilizing cash to improve its availability for investment, establishing and maintaining banking relationships and investing funds in order to achieve the highest interest and return available for cash balances.

Capital Outlay
Expenditures for equipment, vehicles or machinery that results in the acquisition or addition to fixed assets.

Compensated Absences
Annual leave vested with employees up to the maximum allowed is treated as expenditure in the period earned rather than in the period the benefit is paid.

Contingency Funds
Monies set aside, consistent with financial policies, which subsequently can be appropriated to meet unexpected needs.

Current Taxes
Taxes levied and due within one year.

Debt
An obligation resulting from borrowed money or from the purchase of goods and services. Debts of governments issued in bonds and notes.

Debt Limit
The maximum amount of general obligation debt which is legally permitted. The State of South Carolina forbids cities from incurring debt in excess of 8% of the total assessed valuation of taxable property within the City.

Debt Service
Payment of interest and principal on an obligation resulting for the issuance of bonds.

Debt Service Funds
Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

Deficit
The excess of expenditures over revenues.

Delinquent Taxes
Taxes that remain unpaid on and after the date they are due, and which include a penalty for nonpayment.

Department
A major administrative division of the city which manages an operation or group of related operations.

Depreciation
The decrease in value of physical assets due to the use and passage of time.

Effectiveness
Results (including quality) of the program

Efficiency
Cost (whether in dollars or employee hours) per unit of output.

Employee Benefits
These include social security, retirement, group health insurance, dental and life insurance, workers compensation and disability insurance.

Encumbrance
A financial commitment related to an underperformed contract for goods or services.

Enterprise Funds
To account for operations that are financial and operated in a manner similar to business enterprises, and for which preparation of an income statement is desirable.

Estimated Revenues
Projections of funds to be received during the fiscal year and legally budgeted for a given fund for a given budget period.

Expenditure
A payment for goods or services

Fees
A charge by government associated with providing a service, permitting an activity, or imposing a fine or penalty.

Financial Policies
The City government's policies with respect to taxes, spending and debt management as these relate to government services, programs, and capital investment.

Fiscal year
The period used for the accounting year. The City of Mauldin has a July 1 to June 30 fiscal year.

Fixed Asset
Assets of long-term character which are intended to continue to be held or used, such as land, buildings, machinery, furniture and other equipment.

Franchise Fees
Fees levied on a business corporation in return for granting a privilege sanctioning a monopoly, or permitting the use of public property, usually subject to regulation.

Function
Another term for department.

Fund
The accounts of the government are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. There are a minimum number of funds maintained to keep the accounts consistent with legal and managerial requirements. The following major funds and fund types are used by the City.

Governmental Fund Types are those through which all governmental functions of the City are financed. The City's expendable financial resources and related assets and liabilities are accounted for through governmental funds. The following are the City's major and non-major governmental fund types:

The ***General Fund*** *is* the general operating fund of the City and accounts for all revenues and expenditures of the City except those required to be accounted for in another fund. All general tax revenues and other receipts that are not allocated by law or contractual agreement to other funds are accounted for in the General Fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund.

The ***Sewer Fund*** is the Special Revenue Fund used to account for the City's sewer department revenues and expenditures. This is a budgeted fund and any fund balance is considered a resource available for use in sewer operations.

The ***Hospitality and Accommodations Fund*** is the Special Revenue Fund used to account for proceeds from the City's Hospitality and Accommodations Tax. Allowable expenditures are made from the tax proceeds. This is a budgeted fund and any fund balance is considered a resource available only for the specified uses.

The ***Debt Service Fund***, accounts for the repayment of bond interest and principal.

Fund Equity-
Governmental accounting terms for equity:

Fund Balance-at the Fund Level
Unreserved fund balance indicates that portion of fund equity, which is available for appropriation in future periods. Designations of fund equity represent tentative management plans that are subject to change

Net Assets- Government wide
Net assets represent the difference between assets and liabilities. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

GAAP
(Generally Accepted Accounting Principles) Accounting rules and procedures established by authoritative bodies or conventions that have evolved through custom and common usage.

General Obligation Bonds
When a governmental pledges its full faith and credit to the repayment of the bonds it issues, then those bonds are general obligations (GO) bonds. Sometimes the term is also used to refer to bonds which are to be repaid from taxes and other general revenues.

GASB
(Governmental Accounting Standards Board) The highest source of accounting and financial reporting guidance for state and local governments.

GFOA
(Government Finance Officer's Association) The professional association of state and local finance officers in the United States who are dedicated to the sound management of government financial resources.

Goal
The long-term financial and programmatic public policy outcomes or results that the City expects from the efforts of departments.

Grants
The City participates in a number of federally assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives.

Infrastructure
Long-lived assets that normally are stationary in nature and can be preserved for a significantly greater number of years than most capital assets. Examples include road, bridges, tunnels, and drainage systems.

Interest Income
The return on the City's investment. The amount of earnings is dependent upon prevailing market rates, the City's cash reserves, the timely receipt of taxes and effective cash management practices.

Interfund Transfers
Amounts transferred from one fund to another.

Intergovernmental Revenues
Revenues from other governments, such as Federal, State or County governments.

IT
Information Technology

Levy
To impose taxes, special assessments, or service charges for the support of city activities.

Licenses and Permits
The City levies licenses and permits for a variety of functions, such as business license and building permits.

Long-Term Debt
Debt with a maturity of more than one year after the date of issuance.

Mauldin Fire Service Area
The Mauldin Fire Service Area is a taxing district established in 1984 by the County to provide fire protection in certain unincorporated areas of Greenville County near the City of Mauldin. The County levies tax mileage for the Fire Service Area and remits the tax collected to the City.

Mauldin Foundation
The Mauldin Foundation, Inc., is a nonprofit organization whose purpose is to serve low to moderate-income families and the elderly. The City has financial accountability and oversight responsibility for Mauldin Foundation, Inc.

Mill
A unit of value calculated at one dollar per one thousand dollars of assessed value.

Millage
A tern used to describe the rate of taxes levied

Mission
A broad statement of purpose that is derived from organizational and/or community values and goals.

Modified Accrual Accounting
A basis of accounting for governmental funds in which revenues are recognized when they become measurable and available as net current assets, and expenditures are recognized when the related fund liability is incurred.

Net Assets
Investment in capital assets, net of related debt. All assets and all liabilities are included. Considered a measure of expendable available financial resources.

Non-Operating Expenditures
Expenditures of a type that do not represent direct operating costs to the fund; includes transfers out and reserves for contingency.

Objective
Specific, measurable statements that support a particular goal, reflecting the amount of change expected as a result of the key action steps and other program strategies.

Operating
Category of costs for the day-to-day functions of a department or unit of organization.

Operating Budget
A comprehensive plan, expressed in financial terms, by which an operating program is funded for a single fiscal year.

Operating Transfers
Legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended.

Other Revenue
Includes revenue not specified to a particular type of revenue.

Penalties and Fines
Consist of fines imposed and collected by the Municipal court for misdemeanor crimes, moving traffic violations, parking violations and court costs.

Prior Year
The year immediately proceeding the current year.

Proposed budget
The recommended City budget submitted by the City Administrator to the City Council.

Proprietary Funds
Proprietary funds are used to account for activities that are similar to those often found in the private sector. The measurement focus is upon determination of net income.

Property Taxes
Real and personal property taxes are the City's largest single source of revenue. Greenville County is responsible for levying and collecting sufficient property taxes to meet funding obligations for the City. Property taxes are levied and billed by the County on real and personal properties on October 1 based on the assessed value at the rate of 58.5 mills for the City and at the rate of 20.2 mills for the surrounding Fire District. These taxes are due without penalty through January 15. Current year real and personal property taxes become delinquent on March 16.

Real Property
Land and buildings and/or other structures attached to it that are taxable under state law.

Reserve
An account used to indicate that a portion of a fund's balance is legally restricted for a specific purpose and is, therefore, not available for general appropriation.

Revenue
The yield of receipts of receivables that a governmental unit receives into the treasury for public use.

Revenue Bond
When a government issues bonds which do not pledge the full faith and credit of the jurisdiction, it issues limited liability revenue bonds. Typically, pledges are made to dedicate one specific revenue source to repay these bonds. Revenue bonds are not included in the 8% general obligation debt limit set by the State.

Revenue Forecasting
The utilization of various approaches used by governments to determine the levels of revenue available for use in future years.

Salaries
Gross earnings of all authorized positions.

Sale of Assets
The sale of municipal owned property to outside parties and the sale of surplus items which are no longer of use to the City.

Source of Revenue
Revenues are classified according to their source or point of origin.

Special Revenue Funds
To account for resources which are legally restricted for specific purposes.

Tax Anticipation Notes
Notes issued in anticipation of taxes which are retired usually from taxes collected.

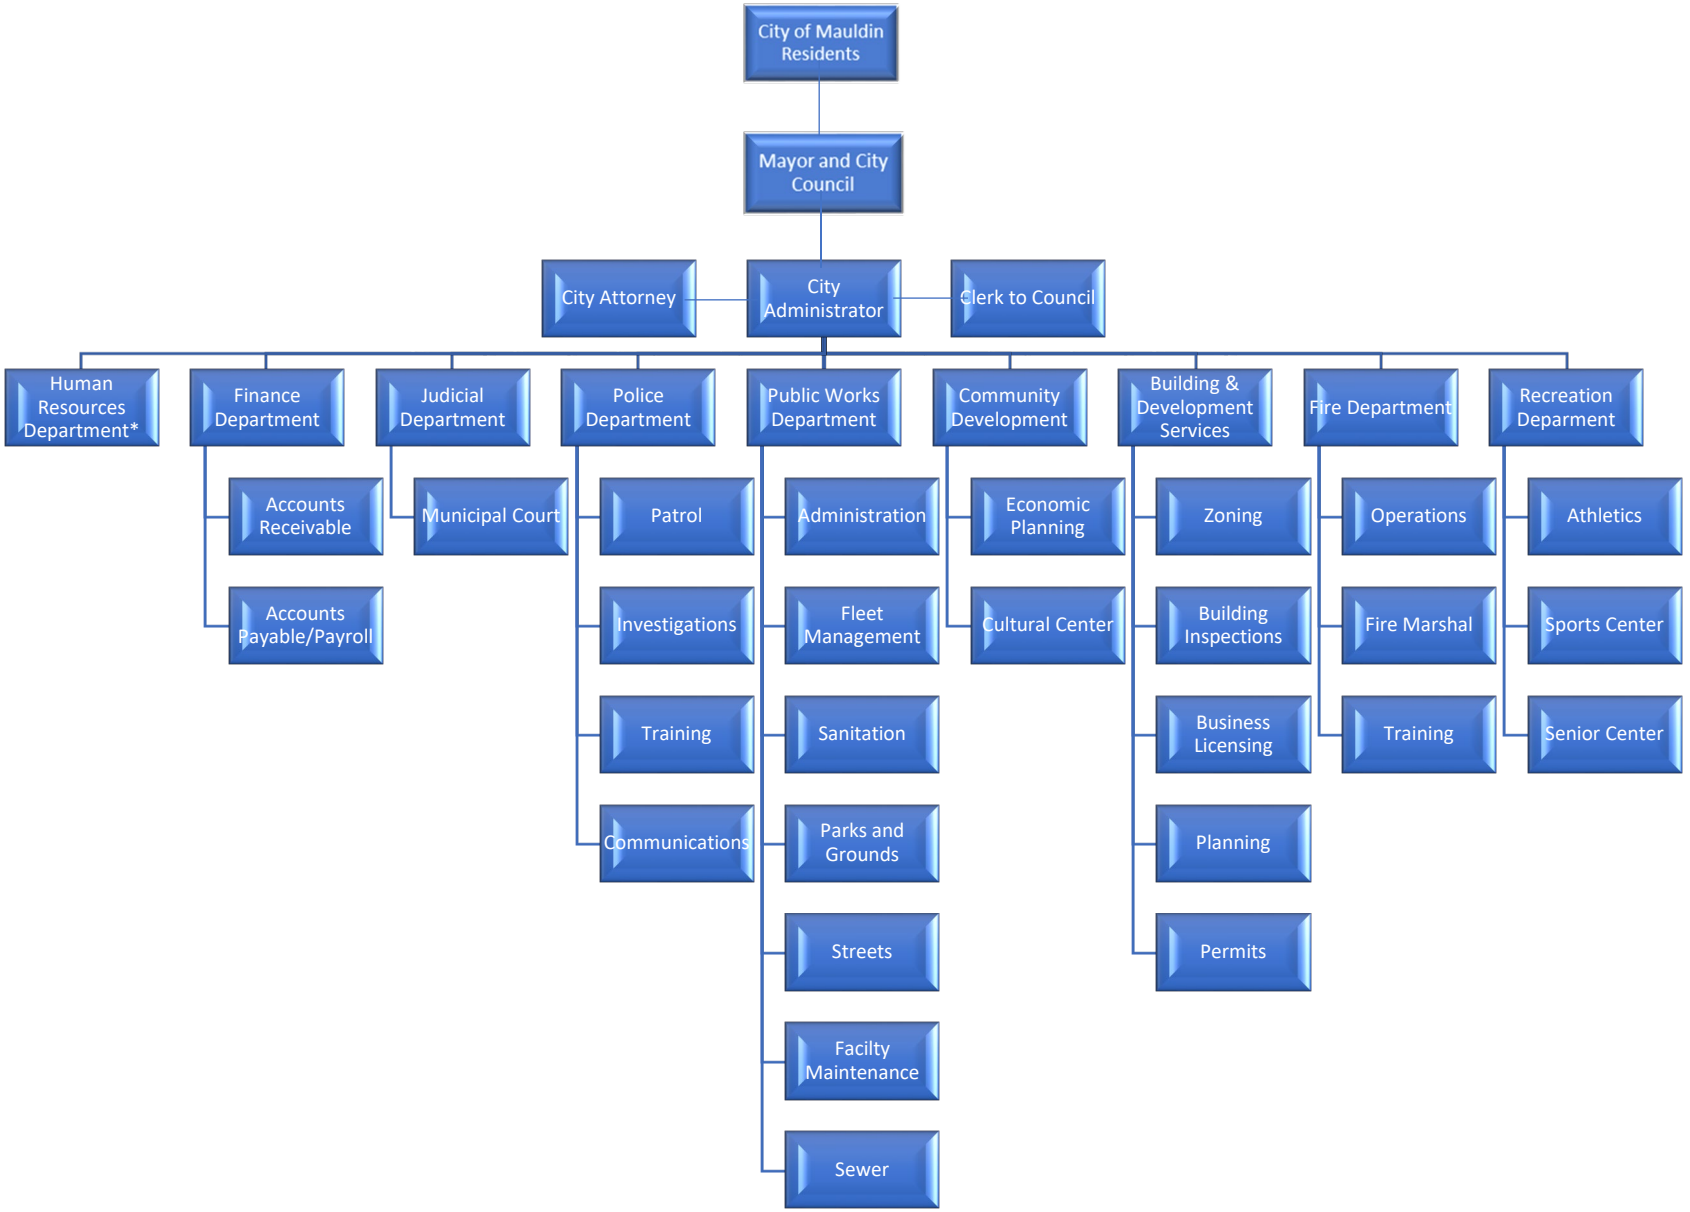

Tax Year
The calendar year in which ad valorem property taxes are levied to finance the ensuing fiscal year budget.

Transmittal Letter
A general discussion of the proposed budget presented in writing as a part of our supplement of the budget document. The transmittal letter explains principal budget issues against the background of financial experience in recent years and presents recommendations made by the chief executive and budget officer.

Unencumbered Balance
The amount of an appropriation that is neither expended nor encumbered.
