   Mr. Dyrhaug reported after RFPs were submitted and scored, Benchmark would be working on the City’s comprehensive plan. Staff also talked to them about working on our strategic plan due to the overlap between the comprehensive and strategic plans. Benchmark will be doing our strategic plan as well. Using the same company for both documents has resulted in significant cost savings to the City.

   Staff have drafted a new food truck ordinance. The planning commission will review the document this month.

   The Zoning Board of Appeals will meet next Monday, January 8th to hear a proposal for a special exception to allow the location of a charter school in Brookfield.

5. **Unfinished Business**- None

6. **New Business**
a. Drive-thru standards in the Central Business District

On December 19, 2022, the Mauldin City Council adopted standards to amend the City’s zoning ordinance to prohibit the establishment of new drive-thru facilities in the Central Redevelopment District, commonly referred to as City Center. Pintail Properties has recently approached City staff inquiring about an amendment to the City’s zoning ordinance to provide some allowance for new drive-thru facilities in the Central Redevelopment District. They have a potential coffee shop client, Summer Moon, interested in moving into the vacant suite at 110 N. Main Street. Summer Moon has indicated that drive-thru operations are vital to the success of their business. 110 N. Main Street is the former BB&T building that has recently been renovated and is now partly occupied by the Mauldin Station Vet Clinic.

Presently, the City of Mauldin prohibits new drive-thru facilities in the Central Redevelopment District. Existing drive-thru facilities in this district may remain but cannot be expanded or enlarged. Additionally, existing drive-thru facilities are not allowed to create vehicular access to new streets constructed in the Central Redevelopment District provided that the facility is still accessible via existing streets. These restrictions were adopted primarily to support the pedestrian focus of the Central Redevelopment District and to minimize motorist-pedestrian conflicts.

Pintail Properties is requesting that the prohibition of drive-thru facilities in the Central Redevelopment District be amended in a manner that would permit a new drive-thru facility at 110 N. Main Street.

Stuart Wyeth from Pintail was available. He said Summer Moon would be a great tenant and needs a drive-through to do well. The drive through would not interfere with pedestrian traffic at City Center, as it would be separate. The drive through queue would be able to hold 15-20 cars. Summer Moon would have a patio which would encourage pedestrian activity.

Councilman Matney said a similar business was slated to go there before the drive-thru amendment was voted on. The way the business is situated, the pedestrian walkability would not be hindered.

Councilman Allgood said there are still opportunities for drive-throughs on the other side of the street. He is concerned about allowing all types of drive-throughs in the CRD in the future. He would like drive-throughs limited to specifically North Main Street and not Butler.

Mr. Duncan said staff could work on bringing some language to committee to allow taking advantage of the opportunity before us and prevent the altering of the City Center vision.
No action was needed by committee. Staff will bring information to committee next month.

7. **Public Comment**

    Jason Kraeling of 234 Devon Drive said there was a coffee shop that was discussed for this location before the drive through standards were passed. He said he would be open to discussing this possibility since it was a consideration before.

8. **Committee Concerns** - None

9. **Adjourn** - Chairman Steenback adjourned the meeting at 6:35 p.m.

BUILDING CODES COMMITTEE
AGENDA ITEM

MEETING DATE: February 5, 2024

AGENDA ITEM: 5a

TO: Building Codes Committee

SUBJECT: Drive-thru Standards in the Central Redevelopment District

BACKGROUND

On December 19, 2022, the Mauldin City Council adopted standards to amend the City’s zoning ordinance to prohibit the establishment of new drive-thru facilities in the Central Redevelopment District, commonly referred to as City Center. On January 2, 2024, Pintail Properties requested that the Building Codes Standing Committee consider an amendment to this ordinance that would provide some allowance for new drive-thru facilities in the Central Redevelopment District. Pintail Properties has a potential coffee shop client, Summer Moon, interested in moving into the vacant suite at 110 N. Main Street. Summer Moon has indicated that drive-thru operations are vital to the success of their business. 110 N. Main Street is the former BB&T building that has recently been renovated and is now partly occupied by the Mauldin Station Vet Clinic.

CURRENT MAULDIN STANDARDS

Presently, the City of Mauldin prohibits new drive-thru facilities in the Central Redevelopment District. Existing drive-thru facilities in this district may remain but cannot be expanded or enlarged. Additionally, existing drive-thru facilities are not allowed to create vehicular access to new streets constructed in the Central Redevelopment District provided that the facility is still accessible via existing streets. These restrictions were adopted primarily to support the pedestrian focus of the Central Redevelopment District and to minimize motorist-pedestrian conflicts.

PROSPECTIVE MODIFIED STANDARDS

At the direction of the Building Codes Standing Committee, staff has drafted a modified version of these standards that would allow drive-thru facilities in the CRD at properties that operated a drive-thru at any point in time between January 1, 2022, and December 31, 2023. This essentially would allow for drive-thru operations to continue or be established at Sully’s Steamers, Tropical Grille, the former BB&T building, and Dairy Queen. While these draft modified standards would allow for a drive-thru facility at these properties, the queuing lanes for these drive-thru facilities would not be allowed to be directly accessed by any new streets in the Central Redevelopment District, including the Jenkins Court extension.
REQUEST

Staff is seeking input from the Committee on these draft modified standards. Additionally, staff is seeking direction from the Committee as to whether it would like to forward this matter to the Planning Commission for public hearing and review.

AGENDA ITEM

SUBJECT: Temporary Use Regulations

BACKGROUND

In recent months and years, City leaders and staff have received comments about the challenges associated with holding events at businesses and operating food trucks. Staff has been asked to review and consider updates to the City’s food truck and temporary use regulations provided in the Mauldin Zoning Ordinance. At its meeting on November 6, 2023, the Building Codes Standing Committee of City Council discussed this issue and provided input on the City’s food truck and temporary use regulations. Based on this input, City staff drafted an ordinance amending the City’s temporary use regulations. This ordinance was reviewed by the Planning Commission at its meeting on January 23, 2024.

CURRENT MAULDIN STANDARDS

Presently, the City of Mauldin regulates temporary events and food trucks in accordance with Article 9 of the Zoning Ordinance. This Article is titled “Temporary Uses and Structures” and was adopted in 2014 and amended in 2017.

Temporary Events

The City’s ordinance categorizes events into the following different categories:

</tbody>
</table>
Food Trucks

Food trucks are generally only allowed to operate at permitted events. There are two exceptions to this: (1) food trucks at construction sites, and (2) ice cream trucks or similar food trucks that do not stop anywhere for more than 15 minutes. The general requirements for food trucks include:

- Maintain a DHEC-approved commissary
- Pass a fire inspection with the Mauldin Fire Department
- Obtain a Mauldin business license
- Remit hospitality taxes

In the application for a Mauldin business license, the applicant must provide the following:

- Name and address of the commissary
- A color photograph of the applicant
- A ten-year background check
- A ten-year driving record
- A copy of the vehicle’s registration and insurance
- Color photographs of the inside and outside of the vehicle

Food trucks are subject to the following restrictions:

- Food trucks are strictly prohibited from selling beverages that contain alcohol.
- Food trucks are not allowed to set up within 250 feet of a restaurant without that restaurant’s permission.
- Access to restrooms must be provided within 300 feet of the food truck.
- Food trucks are not allowed to set up within 200 feet of a residence unless part of a neighborhood event.
- Food trucks are not allowed to operate more than 90 days in a year.
- Food trucks cannot operate before 7:00 a.m. or after 10:00 p.m.
- Food trucks must be set back at least 15 feet from the public right-of-way.

DRAFT ORDINANCE

Based on the input received at the November 6, 2023, Standing Committee meeting, as well as input received from businesses and mobile food vendors in recent months and years, staff has drafted a new ordinance for temporary uses that is much easier to administer and follow. The simplified approach of this draft ordinance is to: (1) Provide general standards that apply to all temporary uses and structures; (2) Identify temporary uses and structures that are allowed and exempt from permit requirements; (3) Identify temporary uses and structure that are allowed by permit; and (4) Specify a brief set of standards for mobile food sales. In addition, the draft ordinance outlines the purpose and intent of these regulations, establishes the authority to administer these regulations, and cleans up the definitions pertaining to temporary uses and structures.

For the full text of the draft ordinance, please see the attachment.
Temporary Events

One of the more significant changes in the draft ordinance is how it approaches temporary events. The City’s current standards require a permit for nearly every event. This has been a source of frustration for businesses in the community that put on occasional events such as grand openings, special promotional events, community events, and so forth. Some businesses, especially for one-day events, usually skip the permit process and hold their event any way. If the staff finds out about an unpermitted event, it is generally after the event has concluded and there is little recourse to be had at that point.

This draft ordinance treats temporary events in a new way by listing the types of events that are most common and exempting these events from a permit. The events in the draft ordinance that are exempt from a permit include:

- Outdoor promotional events for less than 200 attendees and no more than two consecutive days
- Private events, such as weddings, funerals, and private parties, not open to the general public
- Events sponsored or hosted by the City of Mauldin
- Events at churches, sports facilities, schools, auditoriums, and similar places of assembly
- Events at common areas in residential neighborhoods
- Events at BridgeWay Station
- Garage sales and yard sales at residences

Mobile food sales

The City’s current standards only allow mobile food sales, including food trucks, to operate at permitted events. In addition, there are several application steps a food truck must follow and there is a long list of standards the food truck must follow. The draft ordinance adapts this approach by allowing mobile food sales at any of the allowable events whether permitted or exempted from a permit. Food trucks still will need to be inspected and obtain a business license as before, but the requirements for obtaining a business license have been made easier in terms of the documentation required.

The draft ordinance also adapts the current prohibition of the sale of alcoholic beverages at food trucks by allowing the sale of alcoholic beverages where such has been approved by the South Carolina Department of Revenue Alcohol Beverage Licensing regulations and complies with the conditions of such approval. Additionally, the issuance of a license by the South Carolina Department of Revenue is subject to a review by the Mauldin Police Chief so that he can determine whether the health, safety, and general welfare of the community is protected.

Additionally, mobile food sales shall placed such that they do not impair the visibility of any motorist, cyclist, or pedestrian.

2. **Mauldin business license.** A valid annual City of Mauldin business license is required prior to setting up or operating a mobile food unit within the city limits of Mauldin. Valid licenses shall be displayed in a visible location at the mobile food unit. At the time of application for a business license for a mobile food vehicle, the applicant shall provide a copy of valid driver’s license, vehicle registration, and proof of general liability insurance for operation of the vehicle as a motor vehicle.

3. **Inspection.** Prior to the issuance of a City of Mauldin business license, any vehicle, truck, trailer, cart, or other movable structure or device used in the sale of food and beverages must be inspected by the Fire Department for compliance with the City’s Fire Code.

4. **DHEC compliance.** Mobile food sales vendors shall meet all applicable DHEC regulations for mobile food units and possess a valid DHEC permit where applicable. Any mobile food vendor or vending unit that has been issued a notice of health violation by any department of the State of South Carolina, which remains uncorrected upon a subsequent inspection, shall not be allowed to operate within the city limits of Mauldin.

5. **Discharge of substances.** Fat, oil, grease, or waste water is not allowed to be discharged into the sanitary sewer system or stormwater collection system. All waste shall be properly stored and disposed of at a properly designated and authorized disposal location.

6. **Sale of alcoholic beverages.** The sale of alcohol beverages is prohibited unless the proposed location of the sale of alcoholic beverages has been approved by the South Carolina Department of Revenue Alcohol Beverage Licensing and the sale of alcoholic beverages complies with the conditions of such approval. The issuance of a license by the South Carolina Department of Revenue is subject to a review by the Mauldin Police Chief who will review the location, set-up, and operations of the proposed sale of alcoholic beverages. If he determines that the proposed activity does not protect the health, safety, or general welfare of the community, he may deny the sale of alcoholic beverages.
