Mayor and Council City of Mauldin 5 E. Butler Road Mauldin, SC 29662

Honorable Mayor and Council,

It is with great pleasure that I present to you a draft budget for Fiscal Year 2024-2025 for the City of Mauldin. This budget is the culmination of many hours of hard work by department heads, finance staff and others. We look forward to the opportunity to discuss this draft further with Council, adjust and refine where directed, and continue to serve the people of Mauldin as we step forward into the future.

To begin, it is no secret that we are growing and will continue to do so for many years. With this growth comes many exciting new realities, but also certain challenges. The budget, as drafted, is presented unbalanced because of specific, necessary investments in three critical areas: Police, Fire, and Public Works – Sanitation. These investments were included to illustrate the costs associated with taking our first step towards 2030. By 2030, based upon our current growth rate and projects approved or under development, the City will grow to serve a resident population of 35,000 people or more. With only five budget cycles between us and that reality, now is the time to evaluate options, plan strategically, and act.

#### **BUDGET GOALS**

Prior to drafting the FY2025 budget, staff worked closely with Council to establish goals for the upcoming fiscal year. These goals reflect the desires of Council to continue building a community focused on continued economic development, improving service delivery, and enhancing our community. To achieve this, eight goals were identified, along with corresponding strategies, as priorities for the next fiscal year and with a continued emphasis on achieving results. Each of these activities has been incorporated into the budget through either a direct appropriation or by staff directed action. Council Goals as established for FY2025 are as follows:

STRATEGIES
Continue and complete Streetscape Phase I
Ensure completion of Maverick Yards
Complete City Center Village Master Plan (MASC Grant)
• Submit ideas for consideration to Council for the redevelopment of the old Fire Station
Develop trail branding for Mauldin Trail Segments
• Identify and evaluate trail routes to connect CU-ICAR to City Center
Village (GPATS), create system map and future map
Support Butler Road Improvement Project
• Complete signage installation for trail segment to BridgeWay Station
• Support and enhance community events and engagement
• Evaluate the possibility of new events and partnerships to enhance community spirit; 5K

#### **BUDGET PHILOSOPHY**

The FY2025 Budget is built upon the idea of a zero-based budget. The Government Finance Officers Association (GFOA) defines a zero-based budget as a "process that asks managers to build a budget from the ground up, starting from zero." Through direct conversations with department heads, finance staff, and administration, each line item was evaluated based upon

future needs, current utilization, and past performance. The result of such action removes unnecessary excess in line items and more directly links projected expenditures with actual expenditures. Through more precise evaluation of both revenues and expenditures, the budget more accurately reflects anticipated final revenues and expenditures and deploys needed capital to Council priorities.

#### **OVERALL BUDGET HIGHLIGHTS**

The Fiscal Year 2025 Budget, as drafted, is unbalanced due to insufficient General Fund Revenue to support General Fund Expenditures. This imbalance is driven mostly by the inclusion of strategic investments in the areas of Public Safety and Sanitation and other cost increases explained below. The goal here is to better illustrate the investments needed to not just maintain current service levels, but to begin restoring service levels to standards we experienced only a few years ago. To balance the budget, it is recommended Council consider several potential options to increase revenue to meet growing needs which are explained in more detail below. A summary of all revenues and expenditures for FY2025 is found below.

	Revenues	Expenditures	Difference
General Fund	\$20,654,500	\$21,678,750	(\$1,024,250)

TOTAL	\$37,463,539	\$38,487,789	(\$1,024,250)

#### **OVERALL REVENUES**

The City continues to see strong revenue growth across several funds as the local economy remains red hot. As part of one of the fastest growing areas of the state, Mauldin is poised for continued growth over the next several years as homebuilding remains strong, business interest in our community grows, and new projects come online.

As FY2024 draws to a close, several commercial development projects are under construction or nearing completion. These include City Center Village, BridgeWay Station, and a new commercial node at Ashmore Bridge Road and Fork Shoals Road. These developments, combined with a new mixed-use development at Tanner Road and Verdin Road, will serve as catalysts for the future

growth of property taxes, business licenses, and hospitality tax revenue in FY2025 and beyond.

The City's revenues will also continue to strengthen through residential development projects in FY2025 and beyond. Area builders expect to build more than 2,100 homes in Mauldin over the next 36 months which will lead to higher revenues and stronger service demand.

It is important to understand that new development does increase future revenues, but it also provides a challenge in budget creation. New resident development, for example, provides opportunities for an increase in one-time revenue such as building permits and also a steady, reoccurring taxbase in the future through property taxes. Unfortunately, these revenues are not always collected within the same fiscal year and can lag as much as 18 months between each other. Property taxes, which support approximately 44% of General Fund Expenditures, are often collected far after municipal services have been provided to the new development because taxes are collected based upon the previous year's tax value. Therefore, a home can become occupied and begin receiving sanitation and other municipal services, but revenue to support those services is not collected by the City for up to 18 months. This often places a strain on service delivery as service demand regularly outpaces capacity and revenues.

With this strong growth, the City will continue to see a population boom. From 2020 to 2022, Mauldin's population increased by 8.9%, roughly the same growth rate experienced from 2010 to 2020. Based upon what has been built since the pandemic, projects under construction now, and planned development in the near future, Mauldin's resident population is expected to exceed 35,000 by 2030. The FY2025 budget does forecast continued revenue growth, but more will be needed to maintain service delivery standards during this growth period and beyond.

#### **OVERALL EXPENSES**

The City continues to face several challenges when it comes to planned expenditures including increase in demand for services, inflation, higher property and casualty insurance rates, pension costs, and higher utility rates. These challenges have resulted in an increase in personnel costs, operational and maintenance costs, and costs for capital acquisition. The major drivers of increased expenditures in FY2025 are due to the following:

- Increasing demands for services as the City's population and area of service grows;
- SC Municipal Insurance Risk & Financing Fund increase of 24.86% due to increased claims;
- Health insurance premiums are projected to increase 3%;
- Inflation continues to affect all sectors of the economy and is up 3.1% year over year;
- Increasing cost of capital goods, petroleum products, and services;

In addition, the FY2025 budget, as drafted, includes strategic investments in the areas of Public Safety and Sanitation to meet our growing demands. As more and more people live, work, and play in Mauldin, a greater level of demand is placed upon municipal services. Over the last few years, we have seen police and fire response times increase, call volume increase, and increases in special duty needs for various events. Neighborhoods have requested additional speed studies, greater speed enforcement activities, and more foot-patrols in new commercial districts. Resources have been stretched thin, and officers are asked to do more and more with the same personnel. By 2030, MPD will need to expand its personnel count by 12 police officers to serve a community of

#### 35,000 residents.

Similarly, sanitation service demand has increased dramatically. New neighborhoods, generally, dispose of more municipal solid waste than older neighborhoods and older neighborhoods typically use more brush and leaf services. Since the pandemic, the City has experienced a steady increase of 4% growth rate in volumes per year. Brush, limb and leaf services continue to grow as trees mature, more grass is cut, and leaves fall. Additionally, the sanitation program has experienced sharp increases in tipping fees and a significant fee difference between garbage and recycling. In just the last four years, tipping fees for garbage have nearly doubled, and recycling even more. Cost increases for recycling have pushed many area providers out of business, though Mauldin continues to offer this service weekly.

Significant effort has been made by Council and staff to begin addressing these issues. In late FY2023, Council approved a comp and class salary adjustment to increase our competitiveness in the labor market. This effort has been successful in retaining top talent and in our recruitment of new talent throughout the organization, but particularly in retaining good law enforcement officers and fire fighters. Fire and police retention is high, and vacancy rates low.

To address growing demand for sanitation services, Public Works transitioned to side-loading garbage and recycling trucks to increase efficiency, reorganized routes, and have taken other measures to address growth including reducing services (brush pick-up every four weeks vs. two). Though these efforts have been helpful, we have reached a point where technology and efficiency are not enough on their own to keep up with increasing demands. Additional investment is needed. Now is the time for more personnel to bear the responsibility of municipal service delivery.

#### **GENERAL FUND**

The purpose of this budget is to provide for the revenues and expenditures of various government services and operations pertaining to City Council, Finance, Administration, Judicial services, Police, Business & Development Services, Public Works, Parks & Recreation, Mauldin Senior Center, and Community Development.

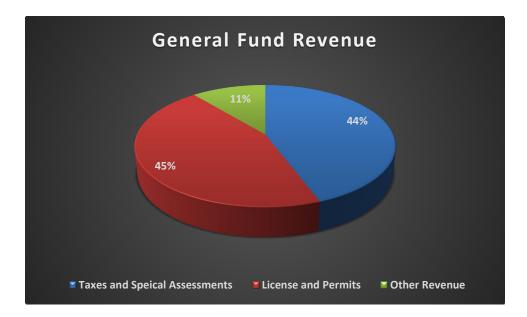

The FY2025, General Fund Budget, as presented, lists Revenues as \$20,654,500, an increase of 8.27% over the prior year, and Expenditures totaling \$21,678,750, or 13.6% over the previous fiscal year. The Expenditures do include several strategic investments to increase service capacity in three critical departments including Police, Fire and Public Works. Though the removal of these investments or substantial use of Fund Balance would balance the budget, Council is being asked to consider several revenue enhancements options to eliminate the deficit instead. These options are explained in greater detail below and are being presented after careful examination of historical trends, financial impacts, precedent, and effectiveness to address the FY2025 budget shortfall and provide reoccurring revenue support in the future.

#### **General Fund Revenues**

	FY2023	FY 2024	FY2025	%
	Actual	Budget	Proposed	Change
Taxes and Special Assessments	\$8,579,822	\$8,467,364	\$9,172,500	8.33%

A summary of General Fund Revenues is provided below.

To address the shortfall in revenue and to meet proposed expenditures, Council has a variety of tools at its disposal. The General Fund is funded through several different tax assessments, fees, service charges, and other revenues. All of these tools can be adjusted, with varying political and statutory limits, to generate revenue for municipal operations. As indicated in the chart below, nearly all of the revenue to support the General Fund is derived from Taxes and Special Assessments (44%) and License and Permits (45%). The remaining 11% comes from all other funding sources listed above.

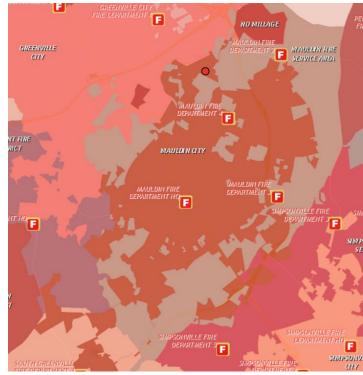

In order to generate the revenue needed to close the budget gap, Council should consider a multitooled approach. The primary tools for consideration are those that have not been utilized in a number of years, are targeted towards a specific service area, and the creation of new revenue sources utilized by other municipalities.

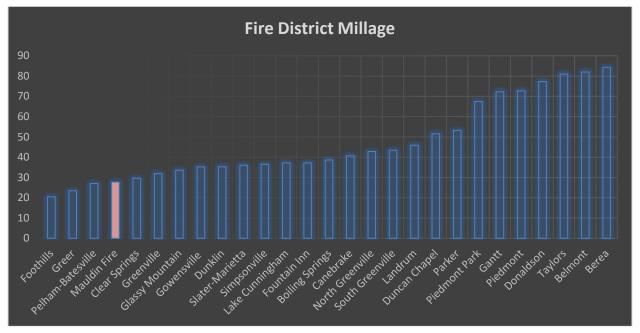

The first tool Council should consider using to address the short fall is the City's property tax millage. The City maintains a relatively low property tax millage and it is comprised of two components – operating millage and debt service millage. The City's debt service millage has remained unchanged at 4.8 mills since at least 2015, while the City's operating millage was set at 51.5 mills from 2015 until reassessment in 2022, when it dropped to 49.1 mills. Currently, the combined operating and debt service millage equates to 53.9 mills. The chart below illustrates the City's current millage compared with other municipalities throughout the County.

For the City of Mauldin, one mill is currently equivalent to approximately \$159,000 in revenue. The value of a mill will vary from jurisdiction to jurisdiction and will change from year to year. Property taxes are based upon the assessed value of a property and are applied to structures, vehicles, and other like equipment. Roughly 90% of the City's Taxes and Special Assessments revenue is generated from property taxes applied to residential and commercial properties. Owner occupied residential property is taxed as a function of 4% of assessed value multiplied by the millage, while non-owner occupied residential and commercial properties are assessed as a function of 6% of the assessed value multiplied by the millage.

Another tool Council should consider utilizing is supporting an increase to the Fire District millage. Controlled by County Council, the Fire District millage is assessed on properties outside the city limits in unincorporated areas of Greenville County. As indicated by the red/beige color on the map to the right, the Fire District stretches from GE all the way to SCTAC (Donaldson Center). Like the City, tremendous growth is occurring throughout the Fire District where we are also experiencing higher call volumes, increased response times, and greater service needs. To ensure the highest quality of services to the Fire District and to maintain the district's ISO 1 rating, more personnel are needed. As it stands, the district millage is currently set at 27.7 and is the fourth lowest in the County. Historically, the millage rate fluctuates almost yearly, but has been as high as 31.0 mills in 2020. Council should consider supporting a request to increase the Fire District millage to 30.7 (3 mill increase) in order to hire three additional fire fighters to serve the District and City. If successful, the Mauldin Fire District millage would then be the fifth lowest in the County.

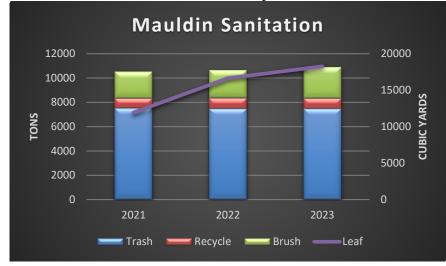

The last tool Council should consider is the creation of a new service fee for Public Works. Though tried a decade or so ago, now may be the time to revisit this fee as expenses for these services have increased significantly since then. Between FY2013 and FY2023, the City's sanitation program expenses have grown from \$1.4 million to \$1.9 million (35% increase) annually, while landfill fees have grown from \$250k annually to \$646k annually (159% increase). These expenses are projected to increase even more in FY2024 and FY2025 as service demand continues to grow and will represent a larger burden to the General Fund.

Many jurisdictions throughout the region have instituted an annual Public Works fee or monthly sanitation fee to generate revenue for program services. These fees are set up as either an enterprise fund, which is intended to be self-sufficient, or are used to offset General Fund revenues. The programs vary somewhat with regards to services offered, types of waste collected, collection schedules, and monthly/annual fees. Below is a chart outlining the general operations of each and their associated fees.

	Service Trash/Recycle	Carts Fee	Yard Waste	Bulk Pick-up	Cost
Greater Greenville	Trash	1st free and \$60 replacement	Once per month	Must be scheduled	\$210 plus a millage rate of .0149 annually
City of Greenville	Trash/Recycling	Included	On trash day	Must be scheduled	\$18 month trash (\$216)
City of Greer	Trash	\$75 trash and \$55 yard waste	On trash day	None	\$121 annually
City of Simpsonville	Trash	1st free and \$75 replacement	On trash day	Must be scheduled	\$167 PW fee
City of Fountain Inn	Trash and Recycle	\$80 Trash and \$50 Recycle	No posted schedule	Only in May - must sign up for a day	\$168 PW fee
City of Mauldin	Trash and Recycle	\$75 trash and \$50 Recycle.	Once per month	Must be scheduled	City Operating Millage

As mentioned above, the overall volume collected by Public Works continues to grow. Between 2021 and 2023, the total volume collected from Trash, Recycle and Brush collection grew nearly 4%, while Leaf collection grew by 53% during the same period. It is anticipated that as the City continues to increase the number of residential neighborhoods and as neighborhoods mature, service demand will continue to increase as well as expenses.

In considering how to use the tools above to close the budget gap, Council is asked to review three potential options. Each option will cover the investments in Police, Fire, and Public Works that have been drafted as part of the General Fund expenditures. The revenue generated will also support the debt service payment for the capital lease purchase that is planned and explained below. Lastly, listed with each option is the annual impact to owner-occupied residents in the city and the Fire District.

#### **OPTION A**

The first option would be to consider an increase to the City's operating millage, a Fire District millage increase and the creation of a Public Works fee.

<b>REVENUE INCREASES</b>	EXPECTED REVENUE
4 mill increase to City Operating Millage	\$600,000
3 mill increase to Fire District Millage	\$320,000
\$25/yr Public Works Fees	<u>\$212,500</u>
	\$1,132,500

Assessed Value	4% Rate	Current Millage 53.9	Proposed Millage 57.9	Difference	Sanitation Fee	Total Yr Increase	Monthly Increase
\$220,600*	8,824	\$475.61	\$510.91	\$35.30	\$25	\$60.30	\$5.02
\$311,696**	12,467.84	\$672.02	\$721.89	\$49.87	\$25	\$74.87	\$6.24

\*Median home value via Census \*\*Average home sale of 10 recently sold homes

**Option A**, if selected, would generate approximately \$1,135,500 in revenue which would satisfy the budget shortfall of \$1,024,250 and leave a balance of \$108,250 to invest in City operations. This option would see the creation of a \$25 dollar per year Public Works fee and would generate approximately \$212,500 annually in new revenue to offset the Sanitation budget. This fee would offset the Sanitation budget by 9.1%.

#### **OPTION B**

The next option is similar to the first but would increase the Public Works fee from \$25 to \$40.

REVENUE INCREASES	EXPECTED REVENUE
4 mill increase to City Operating Millage	\$600,000
3 mill increase to Fire District Millage	\$320,000
\$40/yr Public Works Fees	<u>\$340,000</u>
	\$1,260,500

Assessed Value	4% Rate	Current Millage 53.9	Proposed Millage 57.9	Difference	Sanitation Fee	Total Yr Increase	Monthly Increase
\$220,600*	8,824	\$475.61	\$510.91	\$35.30	\$40	\$75.30	\$6.27
\$311,696**	12,467.84	\$672.02	\$721.89	\$49.87	\$40	\$89.87	\$7.49

\*Median home value via Census \*\*Average home sale of 10 recently sold homes

**Option B**, if selected, would generate approximately \$1,260,500 in revenue which would satisfy the budget shortfall of \$1,024,250 and leave a balance of \$235,750 to invest in City operations. This option would see the creation of a \$40 dollar per year Public Works fee and would generate approximately \$340,000 annually in new revenue to offset the Sanitation budget. This fee would offset the Sanitation budget by 14.6%. It is also recommended to utilize the remaining surplus to eliminate the individual purchase of trash/recycling bins and offer those to the public as a feature of the program.

#### **OPTION C**

The last option is more of a traditional route with a simple operating millage increase and Fire District millage increase.

<b>REVENUE INCREASES</b>	EXPECTED REVENUE
6 mill increase to City Operating Millage	\$900,000
3 mill increase to Fire District Millage	<u>\$320,000</u>
	\$1,220,000

Assessed Value	4% Rate	Current Millage 53.9	Proposed Millage 59.9	Difference	Total Yr Increase	Monthly Increase
\$220,600*	8,824	\$475.61	\$528.56	\$52.94	\$52.94	\$4.41
\$311,696**	12,467.84	\$672.02	\$746.82	\$74.81	\$74.81	\$6.23

**Option B**, if selected, would generate approximately \$1,220,000 in revenue which would satisfy the budget shortfall of \$1,024,250 and leave a balance of \$195,750 to invest in City operations.

#### FIRE DISTRICT

Assessed		Current Millage	Proposed Millage		Total Yr	Monthly
Value	4% Rate	27.7	30.7	Difference	Increase	Increase
\$220,600*	8,824	\$244.42	\$270.90	\$26.47	\$26.47	\$2.21
\$311,696**	12,467.84	\$345.36	\$382.76	\$37.40	\$37.40	\$3.12

A 3 mill increase is proposed for the Mauldin Fire District. The impact on property owners will be the same for all three options above. City Council's support for the millage increase will be helpful when seeking approval from County Council. If County Council denies or reduces the request, an adjustment to the personnel increase will be adjusted and reflected in the budget.

Council is asked to review and consider the above drafted options to close the budget gap created by the inclusion of personnel investments to meet our growing service needs in Public Safety and Public Works.

#### **General Fund Expenditures**

General Fund expenditures, as proposed, total \$21,678,750, or an increase of 13.6% year over year. These increases are primarily driven by salary increases from the prior year, higher inflation costs, increased utility rates, and increases in service contracts. Funding has also been allocated to

initiatives approved by Council in FY2024 including the Axon taser and body camera program and for the continuation of Greenlink 601 Route.

In addition, the FY2025 budget includes the following additional positions to increase service delivery:

- 4 uniformed patrol officers to constitute a traffic team to focus on accident response, traffic enforcement, parking enforcement, and more.
- 3 firefighters to operate the City's new quick response vehicles which will provide rapid medical response capabilities without the use of larger, more expensive vehicles.
- 2 sanitation drivers to operate vehicles within the fleet to provide trash & recycling collection services, brush pick-up and limb & leaf collection. The addition of these personnel will allow the department to resume bi-weekly brush pick-up which is currently on a four-week rotation.
- 1 Park Management employee to enhance the capabilities of our team to care for our wonderful parks and recreation areas, city entrance signs, and other beautification projects.

The budget also includes a COLA of 2% and a merit pool of 2% of each department's projected salary expenses. The City conducts an organization-wide annual review in October of each year, where every employee is evaluated by their supervisor. A merit pool has been established that allows supervisors to award an average of 2% merit increase by each department.

A summary of General Fund Expenditures by department or function is provided below.

Below are the notable expenses by each department or function within the General Fund budget. The budget does not anticipate any major programmatic or operational changes in FY2024.

#### **Transfers** Out

The General Fund supports numerous other funds, services and programs on an annual basis. In FY2025, transfers out of the General Fund total \$4,448,750 and is 19.0% higher than the current fiscal year. The increase is mostly attributable to increased transfers to the Fire Service Fund for operational support and Debt Service Fund for capital acquisition. Below illustrates the distribution of transfers out of the General Fund to other funds.

	FY2022	FY2023	FY2024	%
	Actual	Budget	Budget	Change
Mauldin Public Facilities		\$429,900	429,400	-0.1%

#### **ENTERPRISE FUNDS**

The Enterprise Fund consists of two separate funds including the Sewer Fund and the Property Management Fund. The purpose of an enterprise fund is to operate certain City programs or services in a business-like manner and assess either a user fee or charge for service. To this end, both funds should prioritize self-sufficiency and annually aim to have revenues exceed expenses.

In the FY2025 Budget, the Enterprise Fund is balanced at \$1,726,500. However, the City did receive notice that Greenville Water will be increasing their fee per utility bill printed from \$1.17 to \$1.31 effective July 1, 2024. This increase will only impact the Sewer Fund and will decrease Sewer Maintenance Fee revenue by approximately \$15,000. Greenville Water's billing charges are projected to total approximately \$137,000 in FY2025. These charges, as well as credit card processing fees, refunds, and returns are all assessed prior to revenue disbursement to the City. Though the City charges \$11.50 per month for residential sewer services, the City will collect from Greenville water no more than \$10.19 per month per customer (or less if payment is made by credit card). Staff is not proposing a sewer maintenance fee increase in FY2025, however, strong consideration should be made in FY2026 to recoup this loss in revenue.

The revenues and expenditures of each of the two funds are explained below.

#### **SEWER FUND**

The City operates a vast collection of sewer lines and pump stations throughout the community and assesses a monthly fee for access to the sewer system to all users, and an annual pump station fee to specific users. In FY2025, Sewer Fund revenues are projected to be \$1,714,500, and consists of \$1,250,000 in Sewer Maintenance Fees, \$42,000 in Sewer Pump Station Fees, \$400,000 in Capital Lease Proceeds, and the balance in interest income.

Sewer Fund expenditures equal revenue and include the purchase of a sewer line camera van system (\$310,000) and mini excavator (\$90,000). Funding has also been allocated to sewer repair and rehabilitation in the amount of \$255,500. The Department will continue all other operations as current with no anticipated programmatic changes in FY2025.

One change to the Sewer Fund for FY2025 is the inclusion of a franchise payment to the General Fund of 5% of sewer fee revenues. Franchise fees are payable to a municipality for the privilege of occupying and using public property or rights of ways within the municipality. All utility providers including gas, sewer, electricity, cable, and telecommunications should pay a franchise fee to the City and have a valid, active franchise agreement in place. The sewer fund should begin

to make an annual franchise payment to the General Fund to cover indirect costs associated with the administration of the Enterprise Fund. Indirect costs are those such as executive administration, accounting and payroll administration, and other costs related to general expenses related to operating the fund.

#### PROPERTY MANAGEMENT FUND

The Property Management Fund was established to account for rental income from City owned property. The FY2025 budget reflects a revenue of \$12,000 for the log cabin rental on the Cultural Center grounds and equal expenses contributed to fund balance.

#### **CAPITAL PROJECTS FUND**

The Capital Projects Fund totals \$1,360,400, representing a decrease of 68.8% from the prior fiscal year. Leading the decline is the absence of \$2.3 million in revenue from ARPA and \$1.4 million less in Fund Balance utilization. Staff is proposing to use a 5-year capital lease purchase in the amount of \$1.014 million for the acquisition of various vehicles and equipment, as well as a planned use of Fund Balance in the amount of \$314,400.

Included in this year's capital purchase are vehicles and equipment needed to meet our growing community's needs and to increase service levels. Planned capital expenditures includes \$339,000 for six Police Patrol vehicles, \$225,000 for a Public Works grapple truck, \$325,000 side-loader garbage truck, \$80,000 for a heavy-duty work truck for the Street Department, \$45,000 for a new truck for BDS, and other capital items.

#### **CAPITAL PROJECTS FUND - TRANSPORTATION**

The FY2025 Capital Projects Fund – Transportation totals \$467,000, which is an increase of nearly 12% over the previous year. Funding comes from a number of sources including Paving Revenue from Greenville County (\$110k), dedicated millage from the General Fund (\$307,000) and Hospitality & Accommodations Tax (\$50k). These funds will provide for resurfacing of city-owned roads throughout the community and continue adding to the Bridge Maintenance Fund Balance (\$50k).

#### FIRE SERVICE FUND

The Fire Service Fund budget totals \$5,598,400 which is an increase of 12.4% over FY2024. Funding is provided via property taxes from covered portions of Greenville County in the amount of \$2,500,000, which is 5.13% more than the prior year, and a General Fund Transfer of \$2,680,350, which is 20.5% more than the year before.

Staff, if endorsed by City Council, will be seeking a 3 mill increase from Greenville County Council to the Mauldin Fire District Millage, which is currently 27.7. The Mauldin Fire District has seen an explosion of growth over the last few years that will continue unabated. In order to provide services to an ever-growing populace and maintain our ISO 1 rating, the Department needs additional personnel.

The budget as proposed, includes the hiring of three additional fire fighters. These additional fire fighters will allow the City to deploy our quick response vehicles for medical calls, saving unnecessary wear and tear on larger more expensive equipment. Further, the Department

recognizes that by 2030, nine additional personnel will be needed to serve the City and Fire District, and nine more once Station 5 is built. Without a steady increase in personnel, the City and Fire District may experience a decline in the ISO rating which will increase home insurance premiums.

The Department does not have any planned large capital acquisitions for FY2025 but is experiencing price increases across nearly all expense categories.

#### **HOSPITALITY & ACCOMMODATIONS TAX FUND**

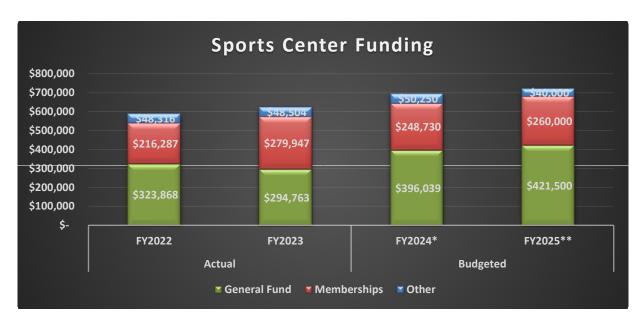

The Hospitality & Accommodations Tax Fund, or H&A Fund, totals \$2,384,000 for FY2025. Revenue is projected to be higher over the current year mostly due to strong hospitality tax receipts and an increase in programmatic revenue from successful events and more eating establishments opening in the city. The H&A fund will continue many of the activities and programs as experienced in previous years and add new tourism and cultural opportunities as well.

In FY2025, the H&A Fund will support five theatre shows, a summer music series, two festivals (Sooie BBQ and Blues & Jazz), a Christmas event, fall movie series, Mauldin City Singers, new addition to the public art trail, and much more. Also included in this year's budget are funds for several capital improvements including trails, Mauldin Cultural Center amenities/outdoor furniture, and repairing an uneven floor in the auditorium. Funding was also included for the purchase of Christmas decorations for City Center Drive and major roadways, and to conduct a Parks Master Plan. The FY2025 budget also provides for a \$566,311 contribution to H&A Fund Balance.

Lastly in FY2025, funding has been allocated for an additional Full-Time Employee to oversee the H&A Fund. Responsibilities will include receiving funds monthly, conducting random H&A tax audits (both field and desktop), provide staff support to the A-Tax Board, administer A-Tax grants, and more. As a municipality that continues to receive more than \$50,000 in annual state accommodations taxes, we are required to set up an A-Tax Advisory Board and make annual grant awards to eligible entities. This position will be housed in the Business & Development Services Department.

#### SPORTS CENTER FUND

The FY2025 budget for the Sports Center Fund totals \$721,500, or a 3.8% increase over the prior year. Revenue for the fund continues to rely on an annual General Fund transfer (\$421,500) but is seeing a notable rise in paid membership fees. Membership fees are projected to total \$260,000 in FY2025, which is up from \$248,730 budgeted in FY2024.

Expenditures for FY2025 are mostly in line with those from the current year, with an exception for the start of a multi-year non-capital equipment replacement project to upgrade basketball goals from a manual-adjustment system to a motorized system. Staff intend to replace two goals this year for \$10,000 and two additional goals next year for about the same amount.

#### **EMPLOYEE HEALTH FUND**

The Employee Health Fund was created to maintain dedicated funding to the City's health insurance expenditures. In FY2025, the budget totals \$1,890,000 which is 3.37% higher than the previous fiscal year. The increase is mostly due to greater utilization of services resulting in higher claims. Revenue to support this fund comes from employee and employer premiums, and prescription rebates. There are no planned changes to coverage levels or out-of-pocket expenses expected in FY2025.

#### **DEBT SERVICE FUND**

The Debt Service Fund totals \$1,139,900 for FY2025 which is an increase of 10.8% over the prior year. The fund consists of numerous capital leases, General Obligation bonds (GO bonds), H&A Revenue bonds and interest. Revenue for principal and interest payments come from the General Fund (\$610,500), Capital Fund (\$238,400), Sewer Fund (\$100,000), and the H&A Fund (\$191,000). The FY2025 budget does include a new lease purchase for the following equipment and vehicles:

Equipment/Vehicle	Department	Budget
Patrol Vehicles (6)	Police	\$339,000
Grapple Truck	Public Works – Sanitation	\$225,000
Side-Loader Trash Truck	Public Works – Sanitation	\$325,000
HVY Duty Truck	Public Works – Streets	\$80,000
Pick-up Truck	BDS	\$45,000
Sewer Camera Mobile System	Sewer	\$400,000
		\$1,414,000.00

#### **Multi-County Industrial Park Fund**

The Multi-County Industrial Park Fund, or MCIP Fund, collects revenues and expenditures for the two MCIP districts in the City – Downtown (City Center Village) and BridgeWay Station. As currently budgeted, the fund totals \$130,000 for FY2025, with all proceeds going to the MCIP Fund Balance.

However, now that BridgeWay Station Phase I is nearing completion, we do anticipate drawdowns to begin. Staff has met with representatives from Hughes Investments to establish a reimbursement process and to review reimbursable expenditures. Since the post-development tax valuation is unknown, FY2025 figures have been carried over from FY2024. During the FY2025 annual budget amendment, staff will update these figures to reflect actual revenue and expenditures. Proceeds received will annually be used to reimburse agreed upon public improvements over the life of the MCIP (expiration December 31, 2045).

MCIP proceeds from City Center Village have been allocated to the MCIP Fund Balance and will

eventually be utilized to reimburse the Capital Projects Fund. The City's City Center Village development agreement stipulated real-time reimbursement to the developer with the City recouping its outlay over the life of the MCIP (expiration December 31, 2035)

#### **Mauldin Public Facilities Fund**

The Mauldin Public Facilities Fund totals \$592,889 for FY2025 and includes payments to two Installment Purchase Revenue Bonds (IPRB) issued in 2020 and 2021. The 2020 IPRB was used to construct the Mauldin Gateway Bridge, while the 2021 IPRB funded the new fire station headquarters. Revenue for these principal and interest payments is provided via transfers from the General Fund and Hospitality & Accommodations Fund.

#### **Grants Fund**

In FY2025, the Grant Fund totals \$543,450 and is comprised of revenue and expenditures for the state School Resource Officer (SRO) grants. The City received a grant in FY2023 and FY2024 to increase School Resource Officers in area schools and is expected to receive these funds in the next fiscal year and beyond. Grant proceeds will cover SROs salary and benefits and the purchase of equipment.

#### Victim Advocate Fund

The FY2024 budget for Victim Advocate is expected to total \$15,000. Program revenues will be used for the City's Victim Advocate Program.

#### Fire 1% Money

The Fire 1% Money is expected to total \$230,000 in FY2025. This fund is derived from fire insurance premiums that is divided among qualifying member fire departments to be used for the betterment and maintenance of skillful and efficient fire departments within the state. Funding is directed by a majority vote of the members of the department and must never be comingled with other sources of funds. Expenditures must fall within specific guidelines for the program and are typically directed towards the three eligible categories – Retirement and Insurance, Training and Education, and Recruitment and Retention.

#### **Mauldin Foundation**

The Mauldin Foundation is expected to receive and expense \$10,000 in FY2025. Funding is provide by Greenville County Redevelopment Authority and will be used to address needs within the City's Senior Programs.

#### **ARPA FUND**

The City received more than \$12 million in American Rescue Plan Act (ARPA) funding during the Federal response to Covid-19. These funds have since been allocated for various projects and capital acquisition and have been mostly spent. Staff will continue to wind down and closeout ARPA expenditures in FY2025, but do not have any planned expenditures for FY2025 budget. We do anticipate bringing to Council a final expenditure plan for any remaining funds in late FY2025 or as part of the budget process in FY2026. This will ensure all ARPA funds are spent prior to the December 31, 2026 deadline.

In closing, I want to thank staff for all their hard work, dedication, and commitment to the City of Mauldin and to the preparation of this budget. In the weeks ahead, we look forward to meeting with Council during budget workshops to craft the final FY2025 budget that fulfills your vision of

this great community for FY2025 and beyond.

Sincerely,

Seth Duncan City Administrator 0
