CITY COUNCIL AGENDA ITEM

MEETING DATE: October 7, 2024

AGENDA ITEM: 6a

TO: City Council
FROM: Public Works Director, Matthew Fleahman
SUBJECT: Oak Park Stormwater Project

REQUEST

Authorization is requested to approve the resolution for additional funding for the Oak Park Stormwater Project.

HISTORY/BACKGROUND

The City of Mauldin entered into the ARPA-funded Stormwater Infrastructure Program for the Oak Park Project in May 2023. As part of the grant program, the City allocated \$1,166,153.50 matching funds for the project. The Oak Park Stormwater project includes the restoration of a drainage network that travels through Springfield Park, across Oak Park, and down Elkwood. Sometime in the past, this entire stream network was filled in and had its water conveyed through two 48-inch pipes. These pipes are located on private property and have begun to fail. Large sink holes have been created in the places where the pipe joints have separated, and flooding has been an ongoing issue throughout the drainage basin.

ANALYSIS or STAFF FINDINGS

As the project has progressed, additional funding has become available for the project. In a letter dated September 16, 2024, the South Carolina Office of Resilience proposed an increase in their funding up to \$1,717,698.

FINANCIAL IMPACT

There is no additional financial impact in accepting these additional funds.

RECOMMENDATION

Public Works Department recommends that Council approve the resolution.
