MAULDIN SENIOR CENTER

Fitness & Activity Descriptions

Art Group: A creative session where members develop artistic skills and show off their talents from jewelry making, acrylics, sketching, watercolors, among other arts.

Bible Study: Join a group of likeminded people with reading, interpreting, and applying Scripture to know God, to grow spiritually, and live according to biblical principles.

Bingo: A game of chance where players match randomly drawn numbers onto a pre-printed grid on a card to complete a specific pattern and then shout "Bingo!"

Canasta: A card game resembling rummy, using 2 packs. It is usually played by 2 pairs of partners, and the aim is to collect sets.

Cardio: A low-impact, high-energy session designed to improve heart health, stamina, and joint mobility through music-driven movement. This class features safe, adaptable exercises like dancing, marching, and light step routines, often incorporating strength training for a full-body workout. This class is suitable for all fitness levels, including chair-based options for limited mobility.

Chair Yoga: A gentle, accessible form of yoga that adapts traditional poses using a chair for seated or supported standing exercises. It focuses on improving flexibility, strength, and mental clarity through mindful movement and breathing.

Cribbage: A 2-4 player card game (usually two) where the goal is to be the first to score 121 points, tracked by pegging on a wooden board. Players form combinations of cards—like 15s, pairs, and runs—during play and within their hands to gain points.

Cornhole: A game where players or teams toss fabric bean bags at a raised, angled board with a 6-inch hole, aiming for 3 points in the hole or 1 point on the board. Teams of one or two compete, usually in "cancellation" scoring, to be the first to reach 21 points.

Crochet/Knitting: Join a group of people that love to crochet and/or knit. Create some great connections, and maybe even learn something new! Crochet is a versatile needlework technique that creates fabric by interlocking loops of yarn or thread using a single, handheld hooked needle. Knitting is the craft of creating fabric by interlocking loops of yarn using two needles.

Dominoes: A classic tile-based game played with a set of 28 rectangular "bones" each divided into two ends with 0-6 pips (spots). Players aim to score points by matching identical numbers on the ends of tiles, forming chains, and emptying their hands. The first player to 150 points or to empty their hand in a round, wins.

Euchre: A fast paced, 4 player trick taking card game played in 2 teams of 2, using a 24-card deck (9s through Aces). The objective is to win at least 3 out of 5 tricks in a round to reach 10 points first.

Hand, Foot, & Elbow: A fast-paced Rummy style card game for 2-8 players, similar to Canasta. Using 5-9 decks, players aim to score points by melding sets of cards (books) from their “hand”, “foot” and “elbow”.

Jam Time: A group of people that love music and want to share that with others. Whether it’s an acoustic guitar, a cajon box drum, fiddle, or just your voice, a good time will be had by all!

Line Dancing: A choreographed, partnerless dance form where participants stand in lines or rows, all facing the same direction, executing a repeating sequence of steps in unison to music.

Mah Jongg: A 4 player, 19th century Chinese tile-based game of skill, strategy, & luck, often compared to Rummy. Players draw & discard tiles to form specific sets.

Phase 10: A rummy-type card game for 2-6 players, where the goal is to be the first to complete 10 specific, challenging sequences (phases). The game involves collecting sets (cards of the same value) or runs (cards in numerical order).

Photography Class: Award winning artist/teacher, Steve West, will teach you how to produce attention-grabbing photographs, use the rules of good composition/design, use free and/or inexpensive photo enhancement apps for both smart phones and more advanced cameras, in an environment of other photographers from all skill levels.

Pickleball: A paddle sport combining elements of tennis, badminton, and ping-pong, played on a 20'x44' court (similar to badminton) with a lowered 34-inch net. Using solid paddles and a perforated plastic ball, 2 or 4 players compete in games usually played to 11 points.

Pinochle: A 4-player, 48-card trick-taking and melding game, often played in partnerships, where teams aim to score points by forming card combinations (melds) and winning tricks.

Poker: Utilizing a 52-card deck, players aim to win chips (the "pot") by forming the strongest hand or forcing opponents to fold. Key actions include betting, calling, raising, or folding.

Rummikub: A fast-paced tile-based game for 2-4 players that combines elements of Rummy and Mahjong. Players aim to be the first to clear their rack by placing numbered tiles (in four colors) in sets of "runs" (consecutive numbers, same color) or "groups" (same number, different colors), often manipulating existing sets on the table to make new plays.

Tai Chi Chih: A mindfulness-moving meditation consisting of 19, often-repeated movements and one pose, designed to circulate, balance, and activate the body's internal energy (chi).

Yoga: An ancient, holistic practice originating in India that unites the mind, body, and spirit through physical postures (asanas), breathing techniques (pranayama), and meditation (dhyana).
